AT GALVESTON.

By Telegraph to the Morning Star. AUSTIN, TEXAS, September 12 .-Governor Sayers to day made the following statement to the Associated

Press on the flood situation: "Conditions at Galveston are fully as bad as reported. Communication, however, has been re-established between the island and the mainland and hereafter transportation of sapplies will be less difficult.

"The work of clearing the city is progressing fairly well and Adjutant General Scurry, under direction of the mayor, is patrolling the city for the purpose of preventing depredations. The most conservative estimate as to the number of deaths places them at

"Contributions from citizens of this State and also from other States are coming in rapidly and liberally and it is confidently expected that within the next ten days the work of restoration by the people of Galveston will have began in good earnest and with energy and success. Of course the destruction of property has been very great-not less than ten millions of dollars - but it is hoped and believed that even this great loss will be overcome through the energies and selfreliance of the people."

Large Contributions.

During the day the contributions have fairly deluged the Governor, up wards of \$100,000 having been recoved. Among the large contributors are to be noted the Standard Oil Company with \$10,000; St. Louis Commercial Club for a like amount, and the Huntington interests for \$5,000.

At Other Places.

Governor Sayers to-day began receiving reports from various points along the Gulf coast which would indicate that there has been great property damage done for several hundred miles and that the list of Galvestoo fatalities and suffering will be largely augmented.

Down the coast from Galveston the town of Dickinson was laid waste and five people killed. The towns of Alvin, Alta, Loma, Texas City and Brookshire are wrecked and hundreds are destitute.

Richmond is so tadly demolished that it will require weeks to clear the town. Missouri City and Stafford, just opposite, were entirely demolished, and the few remaining people at the e places have no homes to cover their heads. Bay City is reported wrecked with much loss of life, though no official report has been made to

Patton, Rollover, Bolivar Point, Quintana, Sugarland, Belleville, Fairtantia, Arcola and El Campo, are all reported heavy sufferers both in point of property destroyed and lives lost.

Pive Hundred Dead.

Owing to the fact that the telegraph service is still badly crippled, Governor Sayers cannot ascertain the exact number of dead at the points named but it is approximately five

Reports reaching the Governor show that the railroads, telegraph and tele pone companies have suffered an immense loss. The Governor was informed to day that quite a number of tugs from New Orleans and other available points had either arrived or were en route to Galveston and that by Saturday the transportation problem would be solved so far as getting people from the island to the mainland was concerned.

Hundreds applied again to-day to Governor Sayers for permits to go to Galveston, but he refused all, saying that there were already too many people there and in cases of emergency the local managers of the relief corps were better able to act on their discretion than be dictated to by him.

700 Bodies Sunk in the Sea.

The citizens of Galveston are straining every nerve to clear the ground and secure from beneath the debris the bodies of human beings and animals and to get rid of them. It is a task of great magnitude, and it is attended with untold difficulties. There is a shortage of horses to haul the dead and there is a shortage of willing hands to perform the gruesome work. Yesterday morning it became apparent that it would be impossible to bury the dead even in trenches, and arrangements were made to take them to sea. Barges and tugs were quickly made ready for the purpose, but it was difficult to get men to do the work. The city's firemen worked hard in bringing bodies to the wharf, but outside of them there were few who helped. Soldiers and policemen were accord ingly sent out and every able-bodied man they found was marched to the wharf front. The men were worked in relays and were supplied with stimulants to nerve them for their task. At nightfall three barge loads containing about 700 human bodies had been sent to sea, where they were sunk with weights. Darkness compelled suspension of the work until morning. Toward night great difficulty was experienced in handling the bodies of negroes which are badly decomposed. No effort was made after 9 o'clock yesterday morning to place the bodies in morgues for identification, for it was imperative that the dead should be gotten to sea as soon as

Many of the bodies taken out are unidentified. They are placed on the barges as quickly as possible and lists e while the barges are being towed to sea. A large number of dead animals were hauled to the bay and dumped in

to be carried to sea by the tides. One hundred and twenty five men worked all day yesterday and last night endeavoring to uncover the machinery of the water works from the debris. It is hoped that it will be possible to turn on the water for a while to day and it is planned to set fire to the debris and cremate the bodies

buried under it. Mayor Jones has given very full scope to Chief of Police Ketchum and J. H. Hawley, chairman of the Com-mittee on Public Safety, to swear in citizens as officers. Picket lines bave been established around the large stores and guards placed on duty. The soldiers are instructed to shoot any one caught looting or attempting to

Horrible Vandalism.

Question Now Before President McKinley and Speedy Decision is Required.

OFFICIALS IN PEKIN DIFFIR.

Strong Opposition to Withdrawal i Advance of Procurement of Sufficient Guarantees for Protection of American Interests.

WASHINGTON, September/12.-The

question of withdrawing the American troops at once from Pekin is now before the President and a seedy decis-ion is expected and requeed. There are differences among officials in

Pekin on this subject and the issue is for the President to dedle. General Chaffee was some time go directed to hold himself in readings to withdraw his troops. Undoubtedy he has conferred with the other commanders as to the time and mann of withdrawal. according to the term of the note. The sending of furth supplies to him has been stopped an he now awaits but the signal from Washington to begin his movemet. It is for the President to give that signal.

The consideratios now before him in favor of immedite withdrawal are, first, that he is alredy committed in a measure to such purse by the above quoted language reply to the Russian note. Secon, it is represented that Pekin is onne verge of a terrible famine, and the tention of the troops in Pekin, preveting as they do the return of the Chiese government and the supply of provisions to the capi tal, places the sponsibility for what threatens to be frightful calamity upon the power who sanctioned the occupation.

On the othe hand strong representations hav been made to the President improsition to withdrawal in advance the procurement absolutely of sufficient guarantees for the protection of Aperican interests in China. and for safty of the native Christians This last cedition is one most difficult to get but is being given most careful cosideration.

In antipation of some such state of

affairs, ti effort has been made to hasten thdispatch of preliminaries to negotiaths. It is highly desirable that son responsible representative of the Chese government be recognized in rder that we may secure a sufficies guarantee upon which to base th withdrawal of our troops. Li the on lights in the East so far as our gornment can see, and it is possible at the present problem may be solvedy a decision to deal with them immeately and to accept their pledge as sufficient for our purposes. Therefore te decision announced to-day to facilitée Li Hung Chang's passage from hanghai to Pekin may be regarded as significant. Later it was announced that Consul General Goodnow ad reported that Li would leave Shanhai next Friday for Tien Tsin. His means of transportation are not known but he may have a United Stars vessel if such a thing is abso lutly necessary to his reaching Tien

t is not known that any of the pow ers is prepared to object to Li Hung Chang's vist.

Meanwaile the State Department is doing its best to force the Chinese government, through Li Hung Chang, to restore peace in the provinces and which have en continued up to the

present day. Japanese Hold Prince Ching.

PEKIN, August 26, via Shanghaie, Spt. 11.—The Japanese found Prince Cling, the leader of the conservative pr foreign party in the western hills, twenty miles distant, and are holding hin there with the view of a conferene and in hope that he may establish communication with the Dowager

Pipers have been found in the Empror's room at the palace containing lsts of the foreigners killed and the fereigners' property destroyed. The search upon the part of the allies for Chinese troops has been

suspended. Powers Reply to Russia.

LONDON, September 13.-Statements were curent in the European capitals last evening that all the powers have replied to the Russian proposition; that Great Briain and Germany had declined to wacute Pekin. that Austria and Italy and decided to be guided by Germany's decision, and that no other powers had agreed to a more or less modified withdrawal. The Paris correspondent of the Morning Post claims to know that the allies will only withdraw outside the walls of the capital where they will continue to dominate

Pekin in a military sense. BERLIN, Sept. 12.—The German Foreign Office confirms the reports that all the powers have answered the Russian proposal. It considers that if Russia should actually withdraw her troops from Pekin, of which there are permitted, and any violations of this no present indications, the United rule are prosecuted to the fullest ex-States and France would certainly

NEWYORK DEMOCRACY. TO FIGHT CHINESE BOXERS. A Body of Four Thousand Allied Troops Marching to Attack Chinese Cities. Imperial Troops Defeated

By Cable to the Morning Star. TIEN TSIN, September 8, via Shanghai, September 11 .- A body of 4,000 allied troops, including 2,100 men of

the Fifteenth infantry under command of Major Robertson, manhed to-day against the cities of Sheng han Sien and Tillis, where the presence of beers threatened the Tsin region.

The advance was made in two clumns for the purpose of flanking the towns. General Dorward personally commanded the expedition. The Japanese seige gurs were taken with the expedition, which included a large force of cavalry.

One regiment of German cavalry and one British battery have arrived. Imperial Troops Defeated.

BIRLIN, Sept. 12.—A dispatch to the Frankfurt Zeitung from Shanghai, dated Tuesday, September 11th, says the Boxers, united with the society of the Big Knife, from Northern Shan Tung, are reported to have defeated the Imperial Chinese troops north of the province of Kiang Su, which is south of Shan Tung.

McGrath, manager of the Dallas Elec tric Company, reached here to day direct from Galveston last night. He "Vandalism at Galveston has been horrible. The most rigid enforcement of martial law has not been able to suppress it entirely. Adjutant General Scurry's men have arrested a hundred or more negroes, forty-three of whom were found with effects taken from dead bodies. These were ordered tried by court martial. They

were convicted and ordered shot. One negro had twenty-three fingers with rings on them in his pockets." HOUSTON, TEX., Sept. 12.—It is true that negroes were shot by order of a court martial. Their pockets were found to be full of human fingers and jewelry of which the dead were

The Situation Yesterday. GALVESTON, TEXAS, September 12, 2 P. M.—At a meeting of the relief committee, held this morning, reports were received from the various wards. The chairman called for armed men to assist in getting labor to bury the dead and clear the wreckage, and arrange—
base thwithdrawal of our troops. Li
ments were made to supply this de—
Hung hang and Prince Ching are The situation in the city to-day is that there are plenty of volunteers for this service, but an insufficiency of arms. There have been two or three riots but the officers have managed to

quell them. The committee rejected the proposal of trying to pay for work, letting the laborers secure their own rations. It was decided to go ahead mpressing men into service, if neces sary, issuing orders for rations only to those who worked or were unable to work. All of the ward chairmen reported the imperative need of disinfectants. A committee was appointed to sequester all the disinfectants in the city, including the lime which escap-

ed wetting, and to obtain more.

Policing the City. All saloons were closes by the chief of police on Sunday. At a meeting of the general comm tee with the city officials to-day the policing of the city was discussed Mayor Jones announced that Adju tant General Scurry would take charge of the situation with the soldiers and citizen soldiery. The city is patrolled by about 2,000 police offi-

cers, special officers, soldiers and deputy sheriffs. Orders were issued to the soldier and police to kill any person caugh in the act of robbing the dead. Up t Puesday morning seven negro vandal had been discovered and had paid the penalty of their crimes with their lives. They were shot dead and their bodies were carried away with the

dead victims of the storm. No liquor is permitted to be sold under any circumstances, unless or dered by the chairman of one of the committees or by a physician, who must state that it is to be used for medicinal purposes. All persons not having business in the streets after dark must be identified before they will be allowed to pass. Unless identification is forth coming they are arrested. No person is allowed to work in or about any

building unless he has a written per

mit signed by the chief of police or

deputy chief. No person is permitted

to carry furniture or other property through the streets unless he has written permit from the proper author-The police department has issued strict orders, and these orders will be enforced to the letter, to clear the city of all the outside sporting element. Detectives from Houston and Dallas have arrived here. No gambling is

THE GREAT STORM

WASHINGTON, September 12.-The great West Indian storm, which has been the center of meterological interests for the past twelve days, is fast disappearing into the Atlantic by way of Cape Breton island, the barometer at Sydney to-night reading 29.02 inches. South to west gales have re sulted from this storm, and to-day they extended along the entire coast northward, Boston reporting a maximum velocity of 52 miles an hour from the west, and New York 64 miles from the west. During Tuesday night a maximum velocity of 80 miles an hour was reported at Buffalo. But little rain accompanied this storm after it left the upper Lake region. It has, however, except in the South, caused a marked moderation of the high tem-

from nature's law. Near his garden past borne full crops of Indian peaches.
This year the tree has a full crop of white cling instead of red Indian

Boer Resistance to the to Have Collapsed By Cable to the Morning Star. WASHINGTON, Sept. 12-The following dispatch has been received by the War Department from the United States army officer who accompanied the Boers in their campaigns as military observer:

States.

Brave Men Fall Victims to stomach, liver and kidney troubles as well as women, and all fee the results in loss of appetite, poisons in the blood, backaches, nervousness, headache and tired, lisless, run down feeling. But here's no need to do that. Listen to G.W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all rundown, and don't care whether he lives or dies. It did more to give me new strength and a good appetite than any thing I could take. I can now eat any

- England exports manufactured stuffs to the yearly value of nearly or quite \$1,000,000,000. The United States exported in the last fiscal year \$432,284,366. Enhas practical free trade, whilst the United States boast of their protective policy, especially intended to foster manufacturing interests by excluding foreign competitors from the home market. - Considering the preponderance of English exports an argument favoring protection can hardly be justified by comparisor of the opposing policies; but the Pretectionist organs insist that the

who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles of this great medicine; and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the Throat, Chest and Lungs are surely cured by it. Call on R. R. BELLAMY, Druggist, and get a 10c trial bottle. Regular size 50 cents and \$1.00. Every bottle guar-
