

GOV. ROOSEVELT'S ROUGH EXPERIENCE. Mobbled at Victor, Colorado—Had a Very Narrow Escape from Serious Personal Violence.

By Telegram to the Morning Star.

CRIPPLE CREEK, COLO., Sept. 26.—Gov. Roosevelt had a most exciting experience to-day at Victor, a few miles from Cripple Creek, among the miners, where a demonstrative crowd had assembled.

The Governor had a narrow escape from serious personal violence. The incident was the only one of the kind that has occurred during the progress of the trip, and it is said that the trouble was occasioned by a small body of roughs who had been organized and paid for the purpose of breaking up the meeting. The men engaged were few in number, but very violent in their attack.

Gov. Roosevelt spoke at Armory Hall, which was filled. He had hardly begun speaking when he was interrupted by noisy demonstrations. He said: "In my State the men who were up on the common platform to draw up an anti-trust law at Kanab City had at that time their pockets filled with ice-cream sticks. The Democratic leader in New York, Richard Croker, upon whom you base your only hope, and in his party, too, was another great stockholder, and, if, in fact, you were to read through the list of stockholders in that trust it would sound like reading the roll of members of Tammany Hall."

A voice cried: "What about the rotten beef?"

The Governor replied: "I ate it, and you will never get near enough to get hit with a bullet or within five miles of it."

Gov. Roosevelt succeeded in finishing his remarks, though there was an evident intention on the part of those who should not do so. When the Governor left the hall with his party to go toward the train he was surrounded by a company of Kanab riders, commanded by Sherman Bull, one of his own soldiers in the Spanish war. He was also accompanied by Gen. Curtis Guild, Jr., of Boston; John Proctor Clarke, of New York; Gen. Irving Hale, of Colorado; United States Senator Wolcott, Frank C. Goady, candidate for Governor of Colorado; Percy Ryder, candidate for Lieutenant Governor; A. M. Stevens, Lieutenant Tice and several others.

On Governor Roosevelt and his party were on foot. A crowd of boys began throwing stones and shouting for Bryan. The rough riders, mounted and unmounted, closed in on the Governor to protect him from assault by a mob. One made a personal attack upon the Governor and succeeded in striking him a blow in the breast with a stick. The assailant was immediately knocked down by Daniel M. Sullivan, postmaster of Cripple Creek. A rush was then made by the mob to drag the mounted men in khaki uniform from their horses. The men in khaki, closed around the Governor, making a wedge which pushed through the crowd and they finally succeeded in reaching the train, which was surrounded by the mob.

By this time there were probably 1,000 or 1,500 excited people in the vicinity and fistfights were exchanged on all sides. Many of the boys were armed with sticks and some with rotten potatoes, stale eggs and lemons. The entire party regained the train, however, without serious injury, and it pulled out of the place with the rough riders on the rear platform.

Gov. Roosevelt, while regretting the occurrence, was not disturbed by the incident, and was ready to proceed with his speech in Oriental Hall.

DENVER, Colo., Sept. 26.—The following message has been received in this city:

"The Roosevelt train will pass through Victor tonight on its journey to Pueblo. Several detectives guard the train."

ROMAN CATHOLIC CLUBS.

To Form a Federation for the Purpose of Influencing Legislation—Bishop McPaul's Idea.

By Telegram to the Morning Star.

NEW YORK, Sept. 26.—The Catholic Young Men's National Union, in convention to-day, decided to form a federation for the purpose of influencing legislation and furthering the claims of people who embrace the Catholic faith.

Bishop McPaul's idea of a federation of Catholic clubs and societies in the United States to be formed by the appointment of delegates to attend a monster mass meeting of delegates from every prominent club and society throughout the country to be held in New York city on Thanksgiving Day, November 29, was unanimously adopted by the convention. Committees were appointed to carry the plan into effect.

Among the largest Catholic organizations in the United States which are to be embraced in the proposed federation of Catholic clubs are the Knights of the United States, Knights of St. John, the Catholic Benevolent Legion, the Ancient Order of Hibernians, the Irish Catholic Benevolent Union, the Irish German Societies of America, the Catholic Total Abstinence Union of America and the Catholic Knights of America. Besides these organizations there are scores of others of less prominence.

RACE TROUBLE IN FLORIDA.

Bitter Feeling Between Whites and Negroes at Work in Mayport.

By Telegram to the Morning Star.

ATLANTA, Ga., Sept. 26.—A special to the Constitution, from Mayport, Fla., says:

Trouble of a serious nature is not improbable between a large force of negro laborers engaged in work on the docks and railroads here and the white people of this community. Sunday last Henry Tillman, a negro, and a white man had a terrific fight. Antagonism between the races has increased and through heated discussion caused a bitter feeling to exist between the races. Monday night a mob of white men went to the house occupied by Tillman and bombarded it with shotguns, pistols and other weapons until the negro was driven out. He was taken by the white men to a woods nearby, where he was stripped and severely beaten.

The negroes are in an ugly mood. Sheriff Broward with several deputies are here. To-night there will be quiet.

NO INSTRUCTIONS SENT MR. CONGER

The United States Government is Again in a Waiting Attitude.

THE PURPOSE OF THE DELAY

To Ascertain More Clearly the Plans of the Powers in Regard to China.

Prince Tuan's Appointment.

Probability of War.

By Telegram to the Morning Star.

WASHINGTON, September 26.—One belated dispatch from Gen. Chaffee, relative to conditions in Peking on the 21st inst., was made public to-day. It is apparent that our government is again in a waiting attitude, after having made the important move toward a reduction of the American troops in China, announced yesterday. Gen. Chaffee had not received the department's instruction when he sent his message made public to-day, but without doubt now has it in hand. His offer to escort Li Hung Chang was in conformity with the expressed purpose of the State Department to facilitate in every proper manner the journey of the Chinese viceroy to Peking. Still it is now regarded as just as well that the offer was declined and the responsibility for Li's safety left with the Russians.

Instructions to Conger Held Up.

The instruction to Minister Conger to establish relations with Li Hung Chang and Prince Chien is still held up here. It is beginning to appear that the purpose of the delay is to ascertain more clearly the plans of the Powers in whose interest, as well as in our own, Mr. Conger was endeavoring to bring about negotiations for settlement. If it shall appear that there is a disposition on the part of any of the Powers to make a concession in advance the well meant efforts of the United States government to bring about a conference and negotiations in which they could participate on equal terms with our own government, with the purpose of terminating the Chinese difficulties, then Mr. Conger's instructions may require re-consideration. It might be necessary for him to arrange for a meeting of the Powers with China which the former does not care to attend, owing to entirely different purposes from those animating the United States, and there probably is no disposition to subject our minister to humiliation by a flat failure which might be anticipated.

Prince Tuan's Appointment.

It is stated in diplomatic quarters that definite official information has been received that Prince Tuan has been appointed to the post of the privy council in China instead of grand secretary as at first reported, and that a number of other Chinese officials prominent in recent years have been similarly honored. The Chinese minister has not been advised of Prince Tuan's appointment but he expressed the belief after calling at the State Department to-day that the report probably was true. The position of president of the privy council is said to be one of foremost importance, similar to that of secretary of state or premier.

Gen. Chaffee's Orders.

It is believed that Gen. Chaffee, being at Tien Tsin, has by this time received the instructions which he issued yesterday relative to the reduction of his force in China. If he returns to Peking to accept the order it will be Monday at latest before he can begin the movement toward Tien Tsin. It is thought here that with a view to preventing any possible misunderstanding he has appointed to Oriental Hall representatives of the Powers at Tien Tsin of the projected withdrawal of the American forces. This is deemed more necessary because of the possibility of a decrease at Taku or Tien Tsin at any moment. It is desirable that the change of the status of the American troops shall have taken place before he appears on the scene.

Probability of War.

The rapid movement of events in China towards actual and formal war, which has been going on since a refusal on the part of Germany and some of the other continental Powers to enter into negotiations for a settlement with China, is regarded as a serious matter. The United States Department to withdraw the American troops, now that the purpose for which these troops were sent into China has been accomplished, and the military plans already laid down, they will remain unchanged, it is said here. If the belligerent Power or powers should be unable to reach a settlement with China, it will remain there and Gen. Chaffee's legion guard will still stay with him, but take no part in the war. The Governor of the province will have no objection to the presence of this legion guard.

Message From Chaffee.

The following has been received from Gen. Chaffee, under date of September 21st:

"Leave for Tien Tsin this afternoon. Will be absent several days. Gen. Chaffee remains here, Li Hung Chang at Peking. Understand starts here soon; country very quiet; good order in Peking."

The dispatch from Gen. Chaffee has no date showing that it came from Peking, but War Department officials are satisfied that it was sent from the Chinese capital.

Report Discredited.

LONDON, September 26.—The British authorities discredit the report that Prince Tuan will present an ultimatum to China, intimating that it will probably be concocted at Shanghai with the object of causing friction between Germany and Great Britain and thus delaying until the end of the year the Chinese embassy declare the "ultimatum story" to be absolutely groundless.

Privacy and Brigandage.

HONG KONG, September 26.—The German transport Gera and three German torpedo boats have arrived here. Advice from the West river report that piracy, kidnapping and brigandage are in vogue and it is considered probable that the river will relapse into its old state of insecurity during the Winter months. Several active measures are reported and it also stated that villages near Kung Chak have been burned by brigands.

FIGHTING IN THE PHILIPPINES

Vigorous Attack by Filipinos Upon American Outposts Near Manila—Skirmishes at Other Points.

By Cable to the Morning Star.

MANILA, Sept. 26.—On Monday night vigorous insurgent attacks were made upon the United States outposts in the district near Zapote bridge, Las Pinas, Parangue, Bacoor and Imus, twelve miles south of Manila, the scene of the fighting last October. It is estimated that the rebels numbered four hundred, and were armed with rifles. The inhabitants took refuge in the churches. The Americans have since energetically dispersed the enemy, killing and wounding fifty.

A party of scouts belonging to the Twenty-fifth U. S. Infantry landed on the island of Samar, the inhabitants and insurgents fleeing to the mountains and burned a town.

It is reported that an American scouting party developed a body of insurgents in the province of Nueva Ecija, two skirmishes ensuing, in which twelve of the natives were killed. Similar brushes have taken place near Indang and Silang in Cavite province, and near Iba and Subig in Zamboanga province, the Americans having two killed and three wounded.

Advices from the island of Leyte say that Gen. Mojica's bandits have been scattered and demoralized by the Twenty-fifth U. S. Infantry. Henry T. Allen, of the Forty-third Infantry, who has vigorously pursued the insurgents into the mountains, capturing many and taking a quantity of money, rifles, ammunition and stores.

THE GERMAN PROPOSAL.

Italy and Austria the Only Powers Which Have Replied Favorably.

By Cable to the Morning Star.

PARIS, September 26.—It is asserted from excellent diplomatic sources that Italy and Austria are the only powers which have replied favorably and unconditionally to Germany's note. It is certainly a fact that the replies of Russia and France are almost identical, advocating the punishment of the originators of the anti-foreign assaults, but not making their surrender an absolute condition of the peace preliminaries. Japan takes a middle course, leaning a little more strongly towards Germany, while Great Britain declines. A powerful argument used of the Statesville (N. C.) position was its establishment of the precedent that it would permit the powers in future wars to demand hostages considered by them to be guilty leaders, and their punishment deemed fit before peace negotiations are undertaken.

IMMENSE BORE COMPLETED.

Tunnel on Great Northern Road Through Two Miles of Granite.

By Telegram to the Morning Star.

ST. PAUL, MINN., September 26.—President Hill, of the Great Northern, has received from Chief Engineer Stevens a telegram stating that the east and west crews in the immense bore under the Cascade Mountains have met. The two forces working from opposite ends in the big tunnel brought the two ends together with hardly the variation of an inch. Now that the tremendous task of boring over two miles of granite has been accomplished, the work of laying the track is comparatively insignificant. The tunnel will now be rushed to a speedy conclusion. It is estimated that the tunnel, when completed, will cost \$5,000,000. One thousand men have been engaged nearly three years in its completion and all records of tunneling have been broken. The average rate of boring was from eighteen to twenty feet per day.

TEXAS STORM SUPPLIERS.

Situation at Galveston—Heavy Losses by Recent Raids—Rivers Still Rising.

By Telegram to the Morning Star.

GALVESTON, TEXAS, September 26.—Nearly 2,000 men were engaged in clearing the streets, removing debris, and disposing of dead bodies to-day. Twenty-five bodies were recovered today and thirty-five yesterday.

Gov. Sawyer left this afternoon for Austin, where he will consult with the Attorney General relative to the proposition from the city government for a fund with which to operate the municipal government from now until the end of the fiscal year, February 28th. About \$100,000 will be required. Gov. Sawyer discouraged the idea of using the relief fund for this purpose.

LOS FORTS, TEXAS, September 26.—Lost by the storms and floods in various sections of the State since the Galveston disaster are estimated at \$1,000,000. The rivers are still rising.

—Clarkton Express: Our farmers are complaining of short crops and pocketing the money. We heard a man of observation say that he had seen a farmer who was more money ahead around Clarkton than he had ever seen. —The cotton gins at Clarkton are running night and day and are nearly kept pace with the cotton. The farmers are rushing it in. The indications are that the cotton will be all out of the fields before the last of October.

PAINE'S CELERY COMPOUND

A Powerful Remedy for Disease

"It cured me of old chronic diseases and nervous prostration."

Mr. J. B. Potter, Centerville, R. I., writes September 15:

"Fifteen years ago I had to give up business on account of poor health. I was suffering from a number of old chronic diseases and had complete nervous prostration. In 1891 I commenced taking Paine's Celery Compound and soon found that I was getting the better of my complaints. I continued using it until I was restored to good health. Believing that an ounce of prevention is worth a pound of cure, I take the Compound in the spring and fall, and it keeps me well. Paine's Celery Compound has made almost a new man of me, and I have gained twenty-eight pounds of good, solid flesh and blood, thanks to its use."

—Statesville Landmark: Mr. J. G. Sheldon, secretary and treasurer of the Furniture Co., was showing in the Landmark office yesterday some splendid cuts of the suits being put up at the furniture factory. These eight styles, to be sold at from \$12.50 to \$25, and they are handsome suits and bargains at the figures. The company will also make a line of dressers. They find no difficulty in disposing of their product as fast as turned out. The executive committee of the Populist party in this country met here Monday. It is said the purpose of the meeting was to appoint delegates to a congressional convention that is to meet at the call of Mr. Jas. H. Sherrill, chairman of the executive committee for this district. It is understood that the Populists will not endorse Mr. Jno. Q. Holton, the Republican candidate against Congressman Kluttz, but that they will nominate a new Republican one of their own faith. Another move that was talked of and will probably take place is the nomination of a middle-of-the-road elector for this district. The Populists, what is left of the party hereabouts—seem to have come to the conclusion that they must not encourage fusion except when a county office is at stake. The date for the coming congressional convention has not been fixed. It is probable that it will be held in Statesville.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia, Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for twenty years had made life a burden. All other remedies and doctors could give her no help, but she says of this Royal Cure: "It soon removed the pain from my chest and I can now sleep soundly, something I can scarcely remember doing before. I feel like sounding its praises throughout the Universe." So turned out the cure for Dr. King's New Discovery for any trouble of the Throat, Chest or Lungs. Price 50c and \$1.00. Bottles 10c at R. R. BELLAMY'S Drug Store; every bottle guaranteed.

Robbed the Grave.

A startling incident, of which Mr. John Oliver of Philadelphia, was the subject, is narrated by him as follows: "I was in a most dreadful condition. My eyes were almost swollen, eyes sunken, tongue coated, pain continually in back and sides, no appetite gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying 'Electric Bitters' and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they saved my life, and robbed the grave of another victim. No one should fail to try these Bitters. Guaranteed, at R. R. BELLAMY'S Drug Store."
