By Cable to the Morning Star. Hong Kong, October 10.-It is said

that the authorities have received information that a general rising in the Southern provinces of China has been planned for the month of November. Ten thousand more troops from India have been requisitioned for Hong Kong. The Sixteenth Bengal Lancers and the Hong Kong regiment have been recalled from the north to Hong Kong. The present indications are that there will be a Boxer uprising similar to that which has occurred in North China. The whereabouts of the rebels in the Hinterland is not known, but is believed to be ten miles north of the British borders. A detachment of 1,000 Chinese troops took up a position at San Chung yesterday and 1,000 more

arrived there to-day. British Expedition.

DEVELOPMENTS IN THE CASE OF WM. SCHREIBER.

The Elizabethport Banking Company's Clerk Who Got Away With Over \$100,000.

NEW YORK, Oct. 10.-The police believe that William Schreiber, who embezzeled \$100,000 from the Elizabethport Banking Company, of Elizabethport, N. J., is hiding in this city.

r'ormer Judge Gilhooly, counsel for the institution, and a clerk, Mr. Husted, called at the West Fortyseventh street police station and asked for the service of two detectives to watch the flat of Mrs. Anna Hart in West Forty-eighth street, on whom Schreiber had lavished the bank's money. They suspected that she would go to her lover or he come to her, and in that way his whereabouts might

Mrs. Hart is said to have diamonds worth \$20,000 and \$12,000 in cash, the remnants of Schreiber's peculations that the bank officers want to get hold of. She admits that Schreiber lived with her under the name of William Hart, but claims she has seen nothing

of him since August 18. A deputy sheriff, ex-Judge Gilhooly, and another attorney went to Mrs. Hart's flat this afternoon. As she was not to be seen they nailed an attach-ment on the door. They found her later and she told them that she had nothing whatever in the apartments that belonged to Schreiber. Mrs. Hart has had a somewhat remarkable career in this city. After passing thirty years of her life on her father's farm near Bapport, L. I., she came to New York about three years ago. She was Emma Smith, a daughter of a farmer who has lived for years near Bayport, where she was born. Coming to New York Emma Smith first met and became a protege of a member of a leading firm of horse dealers here. This man died last year. But by this time Emma Smith, or Mrs. Hart, as she began to be known, had learned enough of city ways to steer her craft alone. She became a frequent visitor at the race tracks and it was at one of these, it is said, that she met Schreiber. In a short time the couple, under the name of Mr. and Mrs. Hart, went to live in the West 48th street apartments, leasing them for one year from November last. It was said to day by a friend of Schrieber that he had spent about \$75,000 on Mrs. Hart in jewels. He purchased fashionable equippages for her use and a wardrobe that filled forty trunks. All of the jewelry was purchased from Tiffany's and included a diamond chain composed of half-carat stones. According to this informant Schrieber sent the woman on a trip to Paris, where she lived in grand style and returned on July 16th last. Her hats and bonnets were of the latast Paris creation.

There was no excitement in Elizabethport over the news of Schreiber's defalcation, and no evidence at the bank of anxiety on the part of de-positors. Counsel Gilbooly, for the board of directors, said that the shortage would not exceed \$108,000. Acting for the bank, Mr. Gilhooly to-day obtained a writ of attachment on a house and two lots owned by Schreiber, where the defaulting bank clerk resided with his people. It is also said that Schreiber jointly owned with his brother a house in Bayonne. Joe Vendig, the sporting man, who was Schreiber's "bookmaker" in sporting matters, said to day that he knew

that Schreiber sailed for Europe August 18th.

## STRIKERS ATTACK

NON-UNION MEN

One Man Killed and a Number of Men Seriously Wounded at Hazleton, Pa.

WOMEN WERE IN THE LEAD.

Attempted to Close the Oneida Colliery. Non-Union Men Stoned-Police Attempted to Intercept the Mob But Were Powerless.

By Telegraph to the Morning Star. HAZELTON, PA., October 10 .- A pecial policeman was instantly killed, another was wounded in the head, a striker was probably fatally shot and ten non-union men were more or less seriously wounded at the Oneida colliery of Cox Brothers in a clash between the officers and five hundred strikers this morning.

The Oneida colliery having been in operation since the inauguration of the strike, the Union men at Oneida and strike, the Union men at Oneida and Sheppton, where many of the employes of the Oneida and Derringer collieries of Cox Brothers & Company live, decided early this morning to close down the mine. They gathered in groups on the streets as early as 3 o'clock. As the non-union men went to work they were asked by the strikers to remain at home. Some turned back, others did not. Those who went to the colliery were stoned. VanBlargin, one of the non-union employes, attemped to pull a revolver. employes, attemped to pull a revolver, but the weapon was taken from him and in the beating he received he had several ribs broken. This occurred just before starting time at the mine. The strikers remained at the colliery all the morning.

Women Blocked the Track-As the small mine locomotive, used in hauling coal from the No. 2 and No. 3 collieries to the Oneida breaker, pulled up on the road near the latter colliery, a crowd of women blocked the track. The women were told by General Superintendent Kudlick to go nome. He assured them that their husbands would get an increase in wages and that their other grievances would be properly adjusted. The women refused to listen and stoned the superintendent, who was wounded in the head. Then the striking men and the women rushed toward the No. 2 colliery. A force of about fifty special policemen who had been brought down from Beaver Meadow to prevent trouble attempted to intercept the mob, but they were powerless to do anything and retired to the engine house.

Shooting Began.

Just as the officers got close to shelter, a shot was fired. This was fol-lowed by another and in a few seconds many shots rang through the air. Policeman Mills was the first to fall. Then Joseph Leske, a striker, staggered to the ground. No one knows who shot first, but it is believed that both the strikers and the officers used their weapons. A gun shot killed Mills and small shot struck Policeman Kellner. Lesko, a striker, was struck by a ball from a revolver, with which all the officers were armed.

After the shooting the strikers dispersed. Sheriff Toole, of Schuylkill county, in whose territory the clash occurred, was in Philadelphia and could render no assistance. His chief deputy, James O'Donnell, arrived here this afternoon and went to the scene with a force of men.

Rev. Carl Houser, a Lithuanian minister from Freeland, who baptised a child at Oneida just at the time the shooting was in progress, was mis-taken by the strikers for Superintendent Kudlick and narrowly escaped being stoned. He was soon recog-nized by a friend and escorted safely to the station.

SCRANTON, PA., October 10 .- Thousands of striking mine worker marched in review through several crowded streets here this afternoon, and showed their loyalty to the cause for which they have been battling for the past three weeks. They were addressed by President Mitchell, who said the proposition for a ten per cent. increase was not

CASE OF YOUTSEY.

Prisoner in a Comatose Condition-Will Answer No Questions.

By Telegraph to the Morning Star. GEORGETOWN, KY., October 10 .-Henry Youtsey has remained in a comatose condition all day; whether that is due to the opiates administered to quiet him last night cannot be ascertained. He has answered no questions addressed to him by his nearest relatives and physicians, but once or twice during the day he held up his hands and exclaimed: "There is no blood on my hands—there is no

man's blood on my hands." Judge Cantrill said this morning that the trial would certainly proceed but if Youtsey is absolutely unconscious to-morrow the judge may abandon his purpose. Youtsey's attorneys think he simply had hysterics last night, brought on by the severe strain and long confinement and that he will recover in a day or two.

BRYAN IN MICHIGAN.

Made Sixteen Addresses During the Day to Good Sized Crowds.

By Telegraph to the Morning Star. GRAND RAPIDS, MICH., October 10. -The weather for the first day of Mr. Bryan's tour of the State of Michigan was all that could be asked. He made sixteen addresses, from first to last, and all but one of the meetings were held in the open. The tour was under the management of State Chairman Cammanagement of State Chairman Campau and was admirably conducted. The train was at no time more than ten minutes behind time, and all of the platforms from which he was to speak were erected so near the railroad depots that in only one instance was it necessary for Mr. Bryan to enter a carriage in order to reach to enter a carriage in order to reach them. The country traversed was varied in character, including the famous Michigan celery belt, the scarcely less famous peach country, as well as much furniture manufacturing territory. The crowds were all complimentary in size as well as in the attention given, but those of the day were neither so large nor so enthusi-astic as Mr. Bryan's meetings in In-diana and Illinois. The night meet-ings at Muskegee and Grand Rapids were both, however, equal to the best
