

EX-PRESIDENT KRUGER.

Failure to Arrive at Marcellus a Great Disappointment to Waiting Thousands of Frenchmen.

By Cable to the Morning Star.

MARSELLUS, Nov. 21.—A blunder in the calculations of the time the Golderland would require between Port Said and Marcellus resulted in the fixing out of day of the intended demonstration in honor of President Kruger and imperilled the success of the reception to-morrow. The Franco-reception committee did not take into account the gale that is sweeping the Mediterranean and the low speed of the Golderland and the slow speed of the Transval will not land until to-morrow.

Bad weather and the element of uncertainty as to the time of Mr. Kruger's landing kept many thousands away from the route. Thirty thousand were expected to be present. The crowd, which was massed thickly at several points, while only sparse assemblies were to be seen elsewhere. The French and the Boer delegations were all intensely disappointed. Officially as up to a late hour no news had been received of the Golderland's entry into the harbor, although it is fully expected that she will anchor there before daybreak to-morrow. No importance is attached to the report of an injury to her machinery. The theory being that she is merely going slowly in consequence of the heavy sea which is chiefly responsible for the delay.

An amusing statement appeared in a local paper this afternoon in which an alleged rumor was published to the effect that the delay was due to the capture of the Golderland on the high seas by a British squadron, or to deliberate damage to her machinery by a mercenary. Naturally these statements met with the laughter of those who read them.

The Boer committee issued an announcement to day to be carried out to-morrow. The attitude of to-day's concourse, while unanimously favorable to Mr. Kruger and the Boers, was nevertheless free from anything offensive to the British, which tended to enhance the absurdity of a noisy promenade along the principal boulevards this evening by a score of anti-English youths, whose efforts led to no disorder whatever.

TEMPORARY HALT IN NEGOTIATIONS.

Point of Difference Developed at Meeting of Foreign Ministers in Peking.

WILL CAUSE MORE DELAY.

Chinese Report Allies Burning Villages. Threatened Attack by Large Forces of Boxers on Tien Tsin and Peking—Minister Concer.

By Cable to the Morning Star.

PEKING, Nov. 19, via Shanghai, Nov. 21.—The meeting of the foreign envoys to-day unexpectedly developed a point of difference, which brought the negotiations to a temporary standstill. The matter will be referred to the home governments. The conference adjourned without fixing a date for resuming.

It is said that the difference is such as will possibly cause considerable delay.

Hung Chang is known to have unofficially approached certain ministers with a view of assuring them of the likelihood of the powers consenting to reduce the punishment of Chinese officials to degradation by banishment, but it is understood that he received no encouragement.

Reports from Chinese sources say that a German and Italian column is burning villages to the northward.

Boxers Threaten an Attack.

Tien Tsin, November 20, via Shanghai, November 21.—There has been considerable firing recently in the neighborhood of Tien Tsin, and owing to a report that the German quarter of the city would be attacked last night, a regiment of the Chinese army, and a regiment of the British army, and a regiment of the German army, were ordered to hold their positions in readiness for action at an instant's notice.

Col. Yerck's Expedition.

BERLIN, Nov. 21.—Count Von Waldersee, who is expected to return to Peking that he will return the victory's laurels, has received from Colonel Yerck, the first received in over a week, expressing the opinion that the punishment proposed for the Chinese is too lenient.

AN IMPORTANT DIFFERENCE.

To make it apparent to thousands, who think themselves ill, that they are not afflicted with any disease, the system simply needs cleansing, is to bring comfort home to their hearts, as a positive condition is easily cured by using Syrup of Figs. Manufactured by the California Syrup Co. only, and sold by all Druggists.

PUSHING OPERATIONS AGAINST FILIPINOS.

The Volunteers to Be Used for All They Are Worth in the Campaign Soon to Be Inaugurated.

By Telegraph to the Morning Star.

MANILA, November 21.—General MacArthur was asked to-day whether the result of the Presidential election in the United States was in any way responsible for the orders to push operations against the Filipinos. He replied that the result of the election was merely coincident with other factors of the situation.
