LIFE REPORTED.

GREAT LOSS OF

ALL ON BOARD WERE KILLED.

It is Supposed There Were Two Hundred People on the Train-Bridge Damaged by Recent Floods--Report Discredited by Officials.

By Telegraph to the Morning Star. CINCINNATI, O., November 25 .- A special to the Commercial Tribune from Charleston, W. Va., says.

"It is reported here that a Chesapeake and Ohio railway train went through the Greenbrier river bridge. which had been damaged by the prevailing floods. It is supposed that there were about 200 people on the train and that all were lost. All wires are down at and near the crossing of this river, and it is impossible to get any sort of confirmation of the disaster. Even the railway officials are unable to secure communication with points on either side of the river."

PARKERSBURG, W. VA., Nov. 26.-The passenger train reported wrecked on the Chesapeake and Ohio, said to have been west bound, consisted of seven passenger coaches, baggage, ex-press and mail cars. It is said that among the passengers were ex-Gov. McCorkle, State Auditor elect Sherrill and State Senator Alex. M. Miller.

RICHMOND, VA., Nov. 27.—The Chesapeake and Ohio officials here positively deny the story of a passenger train wreck at Greenbrier river bridge, and all stories of any loss of life on the

The Dispatch had a special after midnight from Roncerverte, which is within a few miles of every point at which the Chesapeake and Ohiocrosses the Greenbrier. The special reports a freight wreck, with no loss of life, at Alleghany, and mentions delay of passenger trains in such a way as to discredit entirely the passenger wreck report. At 1 A. M., the Chesapeake and Ohio was working direct to Hinton and re-affirmed their denial.

CINCINNATI, O., Nov. 26.-There has been great apprehension to night over a report about a Chesapeake and Ohio train going through the Greenbrier river bridge near Hinton, W. Va. All through wires on that line are down and it is impossible to reach Greenbrier river or any point near it. Messages have been sent to New York and elsewhere, and that place cannot be reached from either the east or the west. Many messages have been sent by those who have had friends on that road to day. It was not known what train, if any, went through the bridge, but no response to any messages have been received, but they are accepted subject to delay. Charles H. Bryan, asssitant general passenger agent of the C. &. O., is here to night and he discredits the story entirely. He said there was a very bad landslide near one of the Greenbrier river bridges not far from White Sulphur Springs, and it has compelled them to transfer - passengers during the day.
Owing to the higher water in the
river, no attempt to transfer passengers was made to night and two trains that left here to-day are being held over at Anderson, west of White Sulphur Springs, and it is quite likely that trains are being held on the other side of White Sulphur Springs. There are three bridges over the Greenbrier river and the reports do not indicate at which bridge the accident occurred, so that it is quite likely that the reports were started because of the landslide near White Sulphur Springs and the fact that trains that were due both east and west of that point were not heard from on account of the wires being down. The trains have been arriving and departing in Cincinnati on time, with the single exception of the Eastern express, due this evening at 5 o'clock, which did not arrive until 8 P. M., as it did not attempt the usual fast time. It is said that the express due here at 8 o'clock to morrow morning is still on the other side of Green

More Men Joined the Striking Porces. Much Incendiary Talk.

By Telegraph to the Morning Star. TAMPA, FLA., Now 27 .- Several hundred men were added to the striking forces here to-day. They came principally from unorganized labor, and buildings in the course of construction are more at a standstill than on yesterday. Much incendiary talk is being indulged in together with threats that the Resistencia Union is to be forced from the factories if the general strike does not have the effect of bringing them out. The Federated Trades Assembly has made arrangements for 'a parade to morrow afternoon, but it is probable that this will be postponed or prohibited.

RELATIONS WITH TURKEY.

Buren county, Michigan. The relations between the United States government and the Porte are becoming acute. Mr. Griscom, the American charge d'affaires, went to the palace Sunday and had an inter-view with Tewfik Pasha, minister of foreign affairs, and Tahsin Bey, first secretary at the palace. The interview, however, was barren of re-sults. While the Porte outwardly per-sists in the attitude it has assumed regarding the question of granting an exequatur to the United States consul at Harpoot, there is reason to believe that the dispatch of the battleship Kentucky to Smyrna has made a marked impression in official circles.

Predictions That the Last Day of the Deal Will See November Corn at 75 Cents. Shorts' Frantic Efforts

By Telegraph to the Morning Star. OHICAGO, November 27.—Frantic caught in the Phillips corn corner to swamp him with grain on the last day of the option. The way they hope to do him and to get themselves out of a tight place is by reinspection of this week's receipts, which have been graded No. 3, one grade too low to ass on contract.

"There will be big deliveries Friday," said Charles Slade, manager for Counselman and Company, "and lots of corn which will be reinspected will pass No. 2. At a time like this when there is a corner on the inspectors are scared, and to be on the safe side they grade corn No. 3 when there is any question about it at all, knowing that if they are wrong the supervising in-spectors will go over it and give it the

"They won't get a car of it graded up," said Phillips, when he was told of the new tactics of the shorts. "When there is a corner on there is always a big demand for reinspection, but it never amounts to anything."

deal in October.

Fifty one cents marked up on the board to day was a new high price in the November deal. Phillips came into the pit early and lifted the price from 49 cents, where it opened. Between 50 and 51 cents he unloaded 200,000 bushels, his total sales for the day being 240,000 bushels. As he is selling corn bought at 36 cents, his day's transactions netted him a profit better than \$25,000. Other days this week are said to have been equally profitable o him. To day's close was fifty cents. Big foreigners who, it is said, chiefly constitute the short interest, are still hanging on stubbornly. Predictions are freely made that the last day of the deal will see November corn quoted at 75 cents.

Alleged Plotting of Anarchists to Kill the President Divulged to the Police of Hoboken, N. J.

By Telegraph to the Merning Star NEW YORK, Nov. 27.—The Police Hoboken, N. J., have received a letter alleging the existence of a plot to assassinate President McKinley. The writer of the letter gave in his communication the name of the alleged chief conspirator, which the police refuse to make public at this time. The letter, which is illegibly signed, is as

By Telegraph to the Morning Star. TAMPA, FLA., November 27 .- W. J. Bailey, railroad agent at Mango, Fla., shot and killed Paul Huet, a Frenchman, in a duel at that place. Huet was employed by Bailey to do some work on his farm. He was ordered to stop the work on account of its not being satisfactory. Huet became enraged at this and it is alleged threatened to do Bailey violence. Bailey returned to his home for a gun. Huet ran to his home on a similar mission. Mrs. Bailey followed her husband, armed with a pistol. Mrs. Huet followed her husband, similarly armed. When the party met both men raised guns, it is alleged and Bailey shot first, killing

Huet instantly.

Mrs. Bailey and Mrs. Huet were in the meantime fighting with revolvers, Mrs. Huet severely beating Mrs. Bailey over the head and painfully wounding her. After the homicide, Bailey coolly carried his wife home. gave her medical attention, and then telegraphed to the officers to come for

COMMITTEE OF FIFTEEN

To Bring to Account Those Responsible for the Present Condition of Affairs. Abram S. Hewett Says Responsibility Rests With Mayor.

By Telegraph to the Morning Star NEW YORK, November 27 .- A gathring of business men resulted from the call for a conference at the Chamber of Commerce to-day. The features of the meeting were the practical retirement of Bishop Potter from the front rank of the movement; an address by Abram S. Hewitt, in which he said that the responsibility for the present condition of affairs in New York city rested on the Mayor, and the unanimous adoption of the following resolution:

"Resolved, That a committee of fif-

teen be appointed for the purpose of attempting to bring to account those responsible for the present condition of affairs." Bishop Potter, in a letter explain-ing his absence from the meeting,

wrote as follows: Bishop Potter's Suggestions.

"I shall not be able, owing to a trustee meeting, to attend the meeting of the Chamber of Commerce to-day, nor, I think I ought to add, should I

do so if I were free. "The aim of such a meeting should be primarily to unify the force on the side of law, decency and the protection of the weak in this community. But in such an effort an ecclesiastic is not the best instrument. The clergy may exercise the prophetic office of rousing, warning, entreating, but in social and political movements, their best service will be in the ranks, where, as in times of stress and seige, they may patrol, mount guard, keep watch, but leave to

others the task of generalship.
"As to this, in the present emergency, I am quite clear. New York wants a strong committee of three or five trusted laymen to co-erdinate forces, sentiment, purpose; and then, if we can maintain the present awakened sense of danger, the rest will

almost accomplish itself." Charles Stewart Smith presided over he meeting. Abram S. Hewett, in the course of an address, frequently interrupted by

applause, said: Abram S. Hewett's Address.

"The limit of public abuse has been Tammany committee are entitled to And Portions of the President's our sympathy, but more to our com-miseration. If they do their duty they will strike a fatal blow at Tammany, and if they do not they lose their standing in the community.

"If there had been any sincerity on Mr. Croker's part the committee would never have been appointed. The re-sponsibility for the conditions here to day belongs primarily to the police, In the last analysis, if things go wrong, the responsibility rests with the mayor."

Mr. Hewett told how he treated immorality when he was mayor.
"I sent for Chief of Police Murray,"
he said, "and told him that if he could not close up evil resorts to at least cover them up. I told him the places must be closed. I asked Chief Murray f he were a rich man. He said he was worth \$300,000, and never had any business but that of policeman.

asked him where he got it. He said he had friends in Wall street who gave him opportunities. "I had the president of the police board call on me and I asked him about the corruption. He told me to let it alone—I'd only stir up a hornet's

nest and blast my political future. He told me the truth about that. "While I was mayor, for two years, New York was a respectable city, ex-ternally, at least. I had no power but the sentiment of the people behind

Rev. Dr. Paddock.

Rev. Dr. Paddock, representing Bishop Potter, said: "I know of men and women on the East side who have gone to the police with their complaints only to be told to get out of the district if they did not like conditions there. I know of men and women who have been driven from their homes and businesses by State Bepartment the reception acthose self-same conditions. Police Make a Raid.

Some one notified the police to night that gambling was going on in Park Row, near the Brooklyn bridge, and the police made a raid on the place, capturing twenty-two men, two poker tables and a lot of chips. The men in the room, which was on the third floor, were not playing. On another floor of the same building is said to be a completely equipped room for gambling, but the roundsman who was in charge of the officers who made the raid, declared that he found the door locked and "could not get in." The

room was seemingly full of people and the lights were burning brightly. The East side districts in which the work of suppressing vice is going on with greater energy than in other dis-tricts, were in about the same state tonight as for the last week. Red lights were fewer if anything and women in Allen, Orchard and other such streets were scarce. Captain Titus made a tour of the district during the night and said he had found everything

## CABINET DISCUSS **CHINESE AFFAIRS**

Forthcoming Message to the Congress.

New Army Bill Considered by Committee. Provides for 100,000 Men As a Maximum-River and Harbor Bill. Death of Gen. Wilson.

By Telegraph to the Morning Star. WASHINGTON, Nov. 27.—The cabinet meeting to day was occupied mainly with a discussion of Chinese affairs, and the reading of portions of the President's forthcoming message to Congress. The result of the discussion of the last phases of the Chinese problem was a thorough approval of every point of the policy of Secretary Hay, and especially of the last instruc-

tions to Mr. Conger, which were forwarded just a week ago.

While Mr. Conger has full plenipotentiary powers, and consequently by his acts at Pekin can finally commit the government, of the United States to an agreement, it is understood by the officials here that so far he has not signed any protocol or preliminary treaty. So, regardless of Mr. Conger's disposition toward the agreement reached by the ministerial council, the government of the United States still stands uncommitted, and therefore, is in a position to endeavor to bring

about changes in the arrangement as are deemed indispensable. Mr. White, our ambassador at Ber lin, has not yet communicated to the tions not being in the form of a direct address, would not necessarily call for a formal response.

Private advices received here indicate that the suggestions of this gov-ernment, as embodied in the instruc-tions to Minister Conger, meet with

general favor abroad. The New Army Bill. The House Committee on Military Affairs to-day met for the purpose of considering the new army bill. The business was mostly of a preliminary character, the discussion being quite general on army affairs. The Republican members of the committee apparently are in favor of giving the President such an army as he may require. The draft of a bill already prepared by Chairman Hull will be the basis of the measure which the committee will consider. This bill pro-

vides for an army of the maximum strength of 100,000 men, with a minimum of 50,000 and general officers at the rate of one brigadier general for each 4,000 men, with major generals in proportion. Chairman Hull states that there will be but one bill prepared and if any staff changes are contem-plated they will be incorporated in that measure. Commissioner Wilson Dead. George W. Wilson, commissioner of internal revenue, died this after-noon in his apartments at the Riggs

House, of Bright's disease complicated with asthma. He had been danger-ously ill for several days past.

The funeral will be at Hamilton, O., on Thanksgiving Day.

River and Harbor Bill.

The House Committee on Rivers and Harbors to-day continued work upon its bill, but did nothing but compare notes on the work with the view later of formulating a bill which will be generally satisfactory. The printed estimates will be received to-morrow and the work of putting the committee's conclusions on paper will be begun.

His annual report, Mr. Root said, would be ready for the President about the time Congress mat

His Life Was Saved. Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now I am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all Throat and Lung Troubles. Regular sizes 50 cents and \$1.00.
