### TO REINFORCE KITCHENER. The British Government Will Se nd Thirty Thousand Mounted Men to

South Africa.

By Cable to the Morning Star. LONDON, February 7 .- The follow ing announcement has been issued by

the War Office:

"In view of the recent Boer activity in various directions, the government has decided, in addition to the large forces recently equipped locally in South Africa, to reinforce Lord Kitchener by thirty thousand mounted troops beyond those already landed in Cape Colony. Recruiting for the Imperial yeomanry has proceeded so rapidly that it is anticipated ten thousand will shortly be available.

"The remainder of the force will be made up of cavalry and mounted infantry from the home establishment. The enlistment of volunteers to replace those who have already served a year n South Africa is also being proceeded with. Arrangements have been made for the prompt equipment and transportation of the force. The first consignment will leave February

By Cable to the Morning Star. BARU, RUSSIAN TRANS CACAUSIA February 6 .- A fire broke out yesterday in the magazines of the Caspian and Black Sea Company, which con taiged 6,000,000 pounds of petroleum. The configration resulted in great loss of life and widespread damage. The flames spread to other depots having a capacity of 12,000,000 pounds of naptha, which poured out like a stream of lava, inundating and setting fire to the dwellings of the workmen which were totally destroyed. Many persons perished. Twenty charred bodies have been found, and upwards of fifty people are terribly burned. Four hundred families lost everything they possessed. The magazines are still burning and neighboring reser voirs are in great danger. A general panic prevails. Eight naptha springs belonging to the Melikoff, Raski and Caspian com-

### THE WAR REVENUE REDUCTION BILL.

Important Amendments to the Measure Adopted by the Senate.

THE SHIPPING SUBSIDY BILL

Senator Jones Denounces the Subsidy Measure and the Attempt to Cause Appropriation Bills to Fail to Porce an Extra Session.

By Telegraph to the Morning Star. WASHINGTON, February 6 .- Two important measures were disposed of by the Senate to-day, the Military Academy Appropriation bill and the War Revenue Reduction measure. The former was under consideration less than an hour. The only change made in it was the strengthening of the provision against hazing at West Point.

During the remainder of the afternoon session the War Revenue Reduction bill was before the Senate. A determined but unsuccessful effort was made to reduce the tax on bank checks and to provide that telegraph and express companies should bear the burden of the tax on messages and packages sent. The Finance Committee's mendment levying a tax on transac tions in so called "bucket shops," mod ifying the tax on cigars and cigarettes and providing for a rebate on un-broken packages of tobacco, in addition to several others of a minor character, were adopted.

An amendment substituting an in come tax for the war revenue measure, offered by Mr. Morgan, Alabama, was rejected by a party vote of 21 to 38. Senator Aldrich, Rhode Island, called up the war revenue reduction

bill, and it was read. The first amendment added to the words "promissory notes" (providing for the repeal of the stamp tax on such instruments) the words 'and any re-newals thereof."

The second modified the paragraph removing the stamp tax on bonds, making it read as follows: "Bonds of every description, not including, how ever, the bonds provided for in the first paragraph of Schedule A of said Act, or bonds for indemnifying any person or persons, firm or corporation who shall have become bound or en-gaged as surety for the payment of any sum of money or for the due execution or performance of the duties of any office or position, to account for money received by virtue thereof."

The amendments were agreed to. The next amendment, including 'perfumery and cosmetics" in the

Other amendments were offered and agreed to as follows: Providing for liquors by perforation, reducing by one half the tax upon foreign bills of competent person to secure the en forcement of the tax imposed upon legacies and distributive shares of per sonal property; providing that the purchaser of an uncompounded medic inal drug upon which the tax already has been paid shall not be required

The amendment of the committee fixing the tax upon transactions in stocks through so-called "bucket shops" was agreed to with an amend ment offered by Senator Mason providing for a tax of two cents (instead of one cent) "on each one hundred dollars in value of the merchandise covered or pretended to be covered.' Senator Aldrich explained that the reduction of the revenue made by the bill would amount to \$39,800,000, ex clusive of the effect of the new amendment for taxing "bucket shops." If each of the 25,000 bucket shops in the United States should pay \$400 the

government would derive \$10,000,000 from that source. An amendment was agreed to pro viding that the tax on new banks shall be computed from the time the institutions begin business.

An amendment reducing the tax on bank checks from two cents to one cent was defeated-18 to 42. An amendment providing that the internal revenue commissioner should place the stamps provided for in the bill on sale at the postoffices of the

country was agreed to. Senator Jones, Arkansas, moved to eliminate from the bill the proposed exemption from tax of telegraph and telephone messages. The motion was rejected-15 to 35.

Senator Morgan, Alabama, offered as an amendment to the measure his proposition for an income tax, beginning the first of next July and running for twenty years. The amend ment placed a tax of 2 per cent. upor all incomes above \$4,000 a year. The amendment was in the form of a substitute for the pending bill and for the war revenue law now in force. The amendment was voted down-21 to 38. The vote was strictly on party lines. The bill was then passed without di-

Senator Aldrich then moved that recess be taken until 8 o'clock. When the Senate reconvened at 8 o'clock, Senator Jones, Arkansas, remarked: "By actual count there are just twelve Republican Senators present. I suggest the absence of a quo-

rum. Senator Frye demanded that the roll f absent members be called, and other Senators entered, including Senator Hanna, who had risen from a sick bed. Finally the chair announced that s quorum was present.

Senator Frye then called up the Shipping bill and it was laid before the Senator Jones declared that the night sessions involved a deliberate purpose to break down opposition Senators physically and prevent the

passage of the appropriation bills. The Shipping bill, he asserted, was the most perfectly detestable measure presented to the Senate for years, and was part of a great scheme to place all the independent facilities under "So help high heaven," he shouted, "if you will have night sessions you must have a quorum all the time, 'as we do not propose to contribute in

any way to a tyrannical effort to suppress free speech by brutal force. Senator Aldrich, Rhode Island, replied that no appropriation bills were pending. All that was asked, he said, was that after full and free discussion a vote be taken. The threat of the Senator from Arkansas is that for the Senator from Arkansas is that for the first time in our history the minority proposes to kill a bill by filibustering.

Senator Teller, Colorado, entered his protest against holding night sessions to consider a bill "to loot the treasury for the benefit of a few ship owners." He would be willing, the said, to attend night sessions or long day sessions to consider legislation for

Sem-tor Jones declared the Republical imajority does not dare to have the President call an extra session to pass the Ship Subsidy bill. "If, however," he said, "you can cause appropriation bills to fail, the President will call Congress into extraordinary session and then the Subsidy bill can be passed."

Debate on the Postoffice Appropriation bill consumed another day in the House. Chairman Loud, of the Postoffice Committee, who was a member of the postal commission, discussed the subjects investigated by it. The remainder of the time was occupied in debate upon three subjects—pneumatic tube service, special mail facilities and railway mail pay. Mr. Burke, Texas, and Mr. Williams, Mississippi, opposed the appropriation for special mail facilities to the South. Mr.Swan-son, Virginia, defended the appropriation, and Mr. Cowherd, Missouri, championed the special facilities between Kansas City and Newton, Ks. SAVANNAH, GA., February 6 .- The Confederate Veterans Association of Savannah last night passed resolutions against the invitation to President McKinley to attend the re-union of Confederate Veterans in Memphis. All the resolutions recite that the association entertains profound respect for President McKinley and his exalted station, but, "believing his presence on this occasion, as the guest of the city of Memphis, is sought by a few of the citizens of Memphis to further their political aspirations, and is derogatory to our idea of the proper respect due to the President of this nation and contrary to the spirit of the U. Asheboro Courier: Emsley Kennedy shot the four-year-old child of Micejah Jones, near Sawyer Mine, on January 26th and it died on the morning of the 29th. The shot is said to have been accidental and was through the body of the child. Another one of the children was also shot through the foot, Information received here is to the effect that Ken nedy is a young man 19 years old and was intoxicated and has been much intoxicated of late.

Prevented a Tragedy. Timely information given Mrs. George Long, of New Straitsville, O., prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors, but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her, and she writes this marvellous medieine also cured Mr. Long of a severe attack of pheumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all Throat. Chest and Lung Troubles.
