A similar state of affairs may may be disclosed in the United States before the new army of 100,000 regulars shall have been recruited. FATAL FIRE ON SPECIAL CAR.

Car Was Attached to a Regular Train. The Pire Broke Out in the Sleeping Apertment - All Personal Effects of Company Lost.

By Telegraph to the morning Star. MISSOULA, MONT., Merch 16 .- At Olive, a station forty five miles west of Missouls, a special car, containing the Ed. Davis "Uncle Tom's Cabin" Company, was burned to-day, four members of the company losing their lives. The dead are: Minnie Hearst, cook, aged 28, Mitchell, Ind.; Bert Red, musician, aged 26, Columbus, Kas.; Rene Lucasse, aged 24, Kalamazoo, Mich; John Bollmans, musician, aged 34, Parkersburg, Iowa.

The car was attached to the regular

east bound train due to arrive in Mis

soula at 9:30 A. M. Shortly after leav-

ing Plains the car was discovered to be on fire in the sleeper apartment and before the alarm bould be given the whole car was in flames. Most of the company escaped without injury and they stood guard at the doors of the car and seized the unfortunates whose night clothes were burning as they ran from their berths and rolled them in blankets. One, crazed with pain, enveloped in flames, broke through the cordon at the door, ran and jumped into the river, from which he was with difficulty rescued. When the fire was discovered the train was stopped, and by hard work the dogs and donkeys and paraphernalia of the company were saved. The band in-struments and all the personal effects

Redemption of Stamps. By Telegraph to the Morning Star. WASHINGTON, March 16 .- The

Treasury officials are actively making preparations to carry into effect the war revenue reduction act which becomes operative on July 1st, 1901, and with a view to giving the public all information on the subject possible at this time the internal revenue oureau to-day issued the following statement:

"All documentary and proprietary chasers on and after July 1, 1901, will be redeemed by the government under the provisions of the act of May 12, 1900. "Such stamps should be presented

for redemption by the owners thereof to the collector of internal revenue from whom they were purchased, who will supply the applicant with necessary forms and instructions for the preparation of his claim. It is prob able that regulations will be prepared and issued providing for the redemp tion of imprinted documentary stamps without requiring the destruction of the checks or drafts on which they are

The amount of stamps which will be offered for redemption on and after July 1st cannot be calculated with any degree of accuracy, but the officials most familiar with the subject esti mate that of the classes of stamps for documents, checks, etc., from which the tax was entirely removed, the redemptions may aggregate \$1,500 060 and possibly a little less. This estimate is based upon the assumption that the public will have on hand July 1st one month's supply.

The articles upon which the tax was reduced represent a very much larger sum, but in those cases the re demption will be in the nature of au exchange, although these stamps, like the others, probably will be redeemed in cash, but other stamps made to conform to the reduction in the rate of tax will be immediately issued, so that the net loss to the government will not be very large. On the basis of users having a month's supply of stamps on hand on July 1st, 1901, it is estimated that the redemptions will approximate the following amoun s: checks and drafts, \$600,000; docu ments, \$400,000; proprietary, \$400;000 obacco and sruff, \$3,500,000; cigars and cigarettes. \$2,000,000; beer, \$6,000, 000. Total. \$12 900 000.

The weekly statement of the Asso ciated banks shows: Loans \$914 812, 700; decrease \$3,976 900 Deposits \$1,006 185,600; decrease \$3,742 900 Circu lation, \$31,585,600; increase \$116 6 0 Legal tenders \$71,120,900; decrease \$444 400 Specie \$189,428,100; decrease \$1 706 000. Total reserve, \$261,549, 000; decrease \$1,485,725.

It is announced that Vermilye & Co. and Haligarten & Co., New York, have purchased from the Seaboard Air Line system \$10,000,000 five per cent gold bonds, at par and interest. Full details and particulars are to be made public on Monday.

A DEATHBED MARRIAGE.

Bride and Groom Aftilcted With Scarlet Pever and in Quarantine - Nurses Their Attendants.

By Telegraph to the Morning Star NEW YORK, March 16 - Eugene 8 Reynal and Miss Adelaide Fitzgerald were married to day at the residence of Howard Willet, White Platos, N. Y., though bride and groom were afflicted with scarlet fever, and have been in quarantine for days. The bridegroom was in a critical condition early in the day, and when he was told of this he asked Miss Fitzgerald to consent to an immediate marriage,

and this she did.

The couple have been engaged for some time, and were to have been married April 24th next. They returned from Aiken. S. C., a few days ago, and were visiting Mr. Willet when both were stricken with scarle fever. A physician and nurses were engaged, and everything possible was done to make the patients comfortable A turn for the worse came in Mr. Reynal's condition last night and early this morning he determined on marriage if possible, believing death to be near. Rev. Father Francis J. Meany, assistant rector of the Bi John's Catholic church, consented to perform the ceremony. He was taken to Mr. Reynal's room Miss Fuzgerald, who was able to be up, was assisted to this room and the ceremony was per formed The witnesses were the five nurses employed to wait on the two patients. The bride left the room im nediately. Mr. Reynal seemed to brighten up considerably after the

marriage. A consultation of physicians was held this evening and it was de cided that Mr. Reynal had a chance of recovery. Both Mr. and Mrs. Reynal are well known society people. ANOTHER MARDI
