Report and Recommendation As to the isthmian Canal Submitted to the Congress.

By Telegraph to the Morning Star. WASHINGTON, Dec. 4.- The report of the Isthmian Canal Commission was sent to Congress to-day. The commission, as anticipated several weeks ago, favors the Nicaragua route and makes an estimate of \$189,864,062 as makes an estimate of \$189,864,062 as the total cost of construction of the canal through Nicaragua. The estimated cost of the Panama route is \$144,233,358, but the report says it would cost \$109,141,000 to obtain the Panama concession. The commission values the work done at \$40,000,000. The report says the Panama is feasible as a sea level canal, while the Nicara-gua route must be by locks, but that Lake Nicaragua will furnish an inex-haustible supply of water for the canal. The Nicaragua route has no natural harbors at either end, but satisfactory harbors may be constructed. Harbors already exist at each end of the Panama route, but considerable work must be done at the entrance of the harbor on the Atlantic side. With adequate on the Atlantic side. With adequate force and plant, the commission estimates that the Nicaragua canal can be completed in six years, exclusive of two years for preparation. Ten years is the estimate to complete the Panama canal. The total length of the Nicaragua route in 183 85 miles and the Panama canal. s 183.66 miles and the Panama route 49.09 miles. The estimated cost of operating and maintaining the Nicaragua canal annually is \$1,350,000 greater than that of the Panama canal. The estimated time for a deep draught vessel to pass through the Panama canal is twelve hours and through the Nicaragua canal thirty-three hours. The Nicaragua route, the report says, is more advantageous for commerce save that originating on the west coast of South America. For the Gulf ports the advantage is two days, and for most of the ports on the At-lantic and Pacific, one day. The Nicaragua route is said to be better for sailing vessels on account of favoring winds. Hygienic conditions also favor Nicaragua. The commission says the United States should ac quire control of a strip of territory ten miles wide, from sea to sea, to build the canal. The consent of Nicaragua and Costa Rica must be obtained to construct the canal, but the report says this can easily be secured. The concessions granted by the Co-lombian government to the Panama Canal Company have many years to run and new concessions cannot be granted the United States. The re-port concludes as follows:

"After considering all developed by the investigations made by the commission, the actual situa-tion as it now stands, and having in view the terms offered by the new Panama Canal Company, this com-mission is of the opinion that the most practicable and feasible route for an isthmian canal, to be under control, management and ownership of the United States, is that known as the Nicaragua route.

BRITISH SHIP LOST.

Turned Turtle and Went to the Bottom With Her Entire Crew. By Telegraph to the Morning star,

ASTORIA, ORE., December 4 .- The bar tug Tatoosh, which has just returned to port, reports that the British ship Nelson, Captain Peckam, turned turtle last night and went to the bottom with her entire crew. The Nelson left Astoria November 25. Monday night she was back at the river's

She had a bad list to starboard and could go on only one tack. Yesterday morning the tug Tatoosh went out and picked up the Nelson, passing a hawser. The tug started off shore with the ship, owing to the gale. It was the intention of Captain Bailey, of the Tatoosh, to re-main with the ship during the night. The gale that raged last night was too severe for the vessel to withstand and she broke from the tug and then turned turtle, sinking at once. In the darkness it was impossible for the tug to render assistance to the members of the crew who were not carried down,

and all perished. The Nelson carried a crew of twen-ty-eight men all told. She was an old wooden vessel. She had a cargo of lumber for Cape Town, Africa.

PHILIPPINE ISLANDS.

Bill Introduced in the Senate by Senator Lodge to Provide Revenue.

By Telegraph to the Morning Star. Washington, Dec. 4.—Senator Lodge to day introduced a bill to provide revenue for the Philippine islands. It provides that the tariff passed by the Philippine commission Sept. 17th, 1901, and approved by the Secretary of War, shall remain in full force and effect. This covers goods going

into the islands.

The second section of the bill pro vides for leving the same duty and tariff on goods coming into the United States from the Philippine islands that are now collected from foreign counas an accomplice.

Section three provides that unti otherwise ordered statutory laws of the United States shall not be in force in the Philippines except as ordered by the Philippine commission. Section four provides that all duties collected in the Philippine islands shall be paid into the Philippine treas-

MRS. BONINE'S TRIAL.

Defence Introduced Testimony of Several Washington Physicians. By Telegraph to the Morning Star.

Washington, Dec. 4.—The defence in the case of Mrs. Bonine, on trial for the killing of James Seymour | ed to the State board to relax the rule last, introduced to-day testimony of several Washington physicians, including the jail physician, regarding bruises and abrasions on Mrs. Bonine's person and also the state of her health at the time of the tragedy. Dr. H. D.
Fry said that he had found twelve
such bruises. Dr. Sterling Ruffin described in detail the tests by which he had discovered a number of blood stains on Mrs. Bonine's wrapper and

THE SENATE ONLY.

Its Entire Time Was Devoted to the Introduction of Bills and Resolutions.

STHMIAN CANAL REPORT.

Senator Morgan Presented a Bill Providing for the Construction of the Waterway - The New Hay-Pauncefote Treaty.

By Telegraph to the Morning Star. WASHINGTON, Dec. 4.-Practically the entire time of the Senate to-day was devoted to the introduction of bills and resolutions which will form the basis of legislation for the session.

Two of these measures, relating to the suppression of anarchy and dealing with anarchists, were allowed to lie on the table so that their author, Mr. Vest of Missouri, may bring them to the early attention of the Senate. The isthmian canal report was transmit ted to the Senate by the President and several bills providing for the con-struction of the waterway—one of them by Senator Morgan, of Alabama, who has led the movement for the canal in the past—were presented. Senator Tillman, South Carolina, secured the passage of the House reso-lution admitting free of duty foreign exhibits to the Charleston Exposition. At 2:10, on motion of Senator Cul-At 2:10, on motion of Senator Cul-lum, the Senate went into executive session, and at 2:35 adjourned.

The President sent to the Senate today the new Hay-Pauncefote treaty for an isthmian canal. In executive session the new Hay Pauncefote treaty was received and referred to the Committee on Foreign Relations. No re-marks were made appropos of its pre-

sentation. Senator Jones, of Arkansas, intro-duced the Anti-trust bill which passed the House during the last session of Congress but failed to pass the Senate. As introduced by the Arkansas Senator the bill is unamended.

Two bills looking to the construction of an isthmian canal via the Nica-ragua route, were introduced in the Senate. The first of these was presented by Senator Morgan and is as fol-

"That the President of the United States be, and he is hereby authorized

to acquire from and to conclude agreements with the States of Costa Rica and Nicaragua, or either of them, for and in behalf of the United States, for the full control of such portion of the territory now belonging to Costa Rica and Nicaragua as may be desirable or necessary on which to excavate. construct, govern, regulate, police and pacity as will be sufficient for the movements of ships of the greatest tonnage and draft now in use, from a point near Greytown, on the Caribbean sea, via Lake Nicaragua to Brete, on the Pacific ocean; and such sum as may be necessary to secure necessary rights, privileges and such control is hereby appropriated out of any money in the treasury not otherwise appropriated."

The other bill was introduced by Senator Perkins. This provides for a perpetual lease by the United States of the right of way across Nicarauga and Costa Rica and confers military police and sanitary police control of the canal route by the United States. It makes an appropriation of \$120,-000,000, of which sum \$12,000,000 is to be expended annually. A non-parti-san commission is to be appointed by the President to have charge of the construction of the canal, the members of the commission to be selected from different parts of the United States, and to be paid \$10,000 salary each per year. The appointment of mouth and yesterday was reported to engineers also is authorized. It is furof the dimensions recommended by the Isthmian Canal Commission. The bill authorizes the President of the United States to make minor changes

> the methods of its construction. ALL WHO USE ATOMIZERS in treating nasal catarrh will get the best result from Ely's Liquid Cream Balm. Price, including spraying tube, 75 cents. Sold

in the route adopted for the canal and

by druggists or mailed by Ely Bros., 56 Warren St., N. Y. New Orleans, Sept. 1, 1900.

MESSRS. ELY BROS:—I sold two bottles of your Liquid Cream Balm to a customer, Wm. Lamberton, 1415 Delachaise St., New Orleans; he has used the two bottles, giving him wonderful and most satisfactory results.

t Geo. W. McDuff, Pharmacist. TO PROTECT THE PRESIDENT.

Bill Introduced in the Senate by Senator

Hoar, of Massachusetts. By Telegraph to the Morning Star

WASHINGTON, Dec. 4. - Senator Hoar, of Massachusetts, to-day introduced a bill for the protection of the President of the United States. It provides that any one who shall kill the President, or shall make an attempt upon the life of the President, shall be punished by death.

Any person who shall counsel or advise the killing of the President shall be imprisoned twenty years. Any person who shall aid the escape of any person concerned in the killing or counselling of the killing of the President, shall be punished equally

NEW JERSEY QUARANTINE.

Regulations Will Not Be Suspended During the Winter Months.

By Telegraph to the Morning Star. NEW YORK, Dec. 4.—The New Jersey State Board of Health has directed Dr. E. A. Nults, health officer of the port of Perth Amboy, not to suspend the examination and quarantine of vessels during the winter months, as has formerly been the case during De-cember, January and February. This is due to reports received of contagious diseases at various South and Central American ports. Ship owners appeal-Ayres, Jr., on the night of May 14th in favor of vessels arriving from Charleston, S. C., and points north place.

A RACE RIOT.

Two White Men and Two Negroes Killed and Others Wounded.

By Telegraph to the Morning Star. ANDALUSIA, ALA, Dec. 4.-Word has just reached here that Fate Atkinson and J. W. Dorsey were killed by a negro at Opp to night in a general race riot in which also two negroes were killed and several other persons wounded. The officers there have wired here for the sheriff and dogs. A posse is being organized to go to Opp at once.

THE MYSTERY IS STILL UNSOLVED.

No Clue Yet Discovered As to the Disappearance of Miss Nellie Cropsey.

COUPLE ARRESTED IN WILSON

Description of the Woman Detained Does Not at All Answer to That of the Missing Young Lady--The River Searched by a Diver.

By Telegraph to the Morning Star

NEW YORK, Dec. 4.-Judge Andrew G. Cropsey, of this city, received a telegram this afternoon telling him that his niece, Ella Cropsey, had been found in Wilson, N. C., and had been identified by her father.

Miss Cropsey disappeared from her home in Elizabeth City, N. C., on Nov. 20th, and it was feared that she had been abducted and hidden in the Dismal Swamp. The case attracted

wide attention. CHARLOTTE, N. C., Dec. 4.—A special to the Observer from Wilson, N. C., tonight says: Monday a couple, giving the names of Mr. and Mrs. Mackay Durham, stopped at Ward's boarding house

here. Monday evening Durham was found drunk and disorderly on the streets and locked up, and remained in the town guard house throughout the night. No suspicion rested on the parties and Tuesday, when Durham was sober, he was released from cus tody and he, with his supposed wife, left in a hurry for Nashville, N. C.

The Couple Arrested.

At this juncture the town authorities suspicioned the couple as the Elizabeth City couple, Miss Nellie Cropsey and Mr. Durham, who disappeared from that city on Wednes day night, November 21st. They were pursued by two of the city's police force on each road leading out of Wilson on to Turkey creek, about fifteen miles north of here. There they were arrested by Policemen Felton and Bryant and brought back to town

this morning.

Miss Tyer, who was a playmate of Miss Nellie Cropsey for four years, and who is now at school here, was called on to identify Miss Cropsey. She testified that for "four years she has not seen her, but the girl in custody resembles Nellie very much; that when she knew her, her hair was lengthy, that her features were identically the same." Now Miss Cropsey has hair a great deal shorter, and Miss Tyer did not at once recognize her, but was sure it was Miss Cropsey, in her

Denies that She is Miss Cropsey.

Before the authorities this afternoon the young woman said she was a Miss Kersey, and was raised on a truck farm near Chattanooga, Tenn., and that her mother has been married the second time, and is now bearing the name of Mrs. Elizabeth Clark. Whether she is Miss Cropsey or not is yet to be learned, but if not, she evidently desires to keep her affairs secret. She will be held in custody until parties arrive from Elizabeth City. The alleged Miss Cropsey says she has only been married a few days, and seems to be deeply distressed. She appears to be about seventeen years of age, is good looking and has an intelligent face, with clear speech, and, while being questioned by Mayor Herring, stated many things contradictory to Durham's statements. She gave her home as Raleigh and Chattanooga. The young lady denies having been to Speed or Washington, but said that they had been to Newbern, Plymouth and Bath. It seems her memory is very short, as she does not remember names of places she had recently visited. When she was asked whether or not she knew Mr. Wilcox, she stated that she did not, but after pausing for a moment said she be-lieved she had heard of him. Evi-dently this woman is Miss Cropsey or

body to know any particulars concerning her affairs. Wilson is about 200 miles from Elizabeth City, by rail, therefore the statement that the girl has been identified by her father is probably incor-

or county, so far as can be learned.

tle interest here among the girl's family or officials of the town. It is believed here that this same woman and her companion were examined at Speed, N. C., by an agent of Chief of Police Dawson several days ago and found not to be Miss Cropsey, though resembling her in a general way. An expert diver spent the day searching the bottom of the river above the pier near the Cropsey house in the hope of finding the body, but discovered nothing. No clue of value has yet been found, and the strange case is practically in the same position it was the day after the girl disappeared. At 8:45 to-night Chief of Police Dawson received a telegram from the chief of police of Wilson, N. C., giving a description of the Durham wo-

man. It does not at all answer to Nellie Cropsey's description. DEMOCRATIC PLATFORMS.

Opinion of National Committeeman As to the McClellan Recolutions.

By Telegraph to the Morning Star. LAKEWOOD, N. J. Dec. 4.-National Committeeman Norman E. Mack, of New York, said to-day with reference to the McClellan and Fitzgerald resolutions that the Democratic national platform of 1900 would stand until a new one was made, and nothing but harm and disruption to the party could come from any attempt to change it until it is done by the representatives of all Democrats in the national convention in 1904, for unless the Democrats of the Eastern States stand by the last declaration of the party, dominated by the Southern and Western States there would be no good reason why the South and West should abide by the national platform dominated by the Eastern States in 1904if they should succeed in controlling and dominating the convention.

ALIEN ANARCHISTS.

Bill Introduced in the Senate for Their Exclusion and Deportation. By Telegraph to the MorningSt ar. WASHINGTON, Dec. 4.—Senator Bur-

rows to-day introduced a bill "to provide for the exclusion and deportation of alien anarchists." The first sectionof the bill is as follows: "That no foreign anarchists shall

hereafter be permitted to land at any port of the United States, or admitted into the United States; but this prohibition shall not be construed as to apply to political refugees or political offenders other than such anarchists." The other sections of the bill provide machinery for the enforcement of this
