4 Miles is in Star

Everything Quiet-Twenty Per Cent. of the Porce at Work in the Pocahontas Field-No Intimidation.

ny Telegraph to the Morning Star

ROANOKE, VA., June 11 .- The following statement regarding the situation in the Pocahontas coal fields was furnished the Associated Press at noor. to-day by the general offices of the Nor folk and Western railway:

"Our advices are to the effect that there are quite as many men at work in the mines this morning as on yesterday, which indicated that the force at work is at least 20 per cent. of the full number. Everything is quiet throughout the district. Only a few men are now about the fields who are actually on strike. A number of the men are still there who are not participating in the strike and large numbers have left the field during the past two days to avoid becoming involved in the strike. These men are all expect ed to return to work as soon as al! the mines are in operation.

There is little or no work done in the Tug River field. The Thacker and Clinch valley fields are still working full forces with little indication, if any, that there will be a tie up in those districts."

The stories being sent out of some of the mining towns that quantities of ammunition and great numbers of Winchesters are being sent into the field are misleading in many respects. The men placed at the tunnels and bridges along the railroad to guard against violence are always armed and at the present time they have been reinforced in numbers. There has been no intimidation, but the strike agitators are still doing all they can to get the men to quit work.

Bramwell Conference.

BLUEFIELD, W. VA, June 11.-The Bramwell conference was called to order at 10.30 this morning by State Manager Farley, of the United Mine Workers None of the operators was present. The conference adjourned at noon until 2 P. M, in order to await the arrival of several trains due there about that hour, so that all the operators would have an opportunity to be present. Nothing of importance was transacted at the morning session. CLARKSBURG, W. Va., June 11-The strike situation assumes a more serious aspect. Several mines in this neighborhod are almost suspended. Two hundred men went out at Enterprise last night. Sheriff Flemming and a dozen deputies went to the scene, but the strikers were quiet and started

ANTHRACITE COAL MINERS.

on a march down the river. Many ar-

rests have been made on the charge of

threatening property and trespassing.

President Mitchell Says the Strike is Complete and the Strikers Will Win.

By Telegraph to the Morning Star. WILKESBARRE, June 11 .- Well, gentlemen, the anthracite strike is complete and we are going to win." This emphatic statement was made

to the assembled newspaper correspondents by President Mitchell in his office at strike headquarters this evening. Asked what he had to say regarding the correspondence between himself and the presidents of the coal carrying railroads, which cou rol more than 80 per cent. of the authracite mi es, he said: "I have nothing to say now. We

ask no better presentation of our case than the operators' statement makes

With reference to the soft coal strike in West Virginia the National Labor leader had this to say: "At present there are 28,500 mine workers on strike in the West Virginia field. Reports from Virginia, where there are 3,600 mine workers, are incomplete and I, therefore, cannot say anything as to the situation in that State. I think we will wio that strike,

New York, June 11 -Carroll D. Wright, United States commissioner por, was in conference to-day with President Truesdale, of the Lackawanna, and President Fowler, of the O. & W. Later, Mr. Wright said;

"I am investigating those things in regard to the strike that the public does not know about and the solution of the question is not far off. I cannot say if there is any prospect of an immediate settlement of the strike."

THE DAVIS MEMORIAL ARCH.

Design Selected by the Committee of the United Daughters of the Confederacy.

To Be Erected at Richmond. By Telegraph to the Morning Star. ATLANTA, GA., June 11.—The design for the Jefferson Dayis memorial arch

to be erected in Richmond, Va., which was submitted by Louis Albert Cudebrod and was accepted by a committee representing he Untied Daughters of the Confederacy and the Federation of Southern Memorial Societies, has been announced.

The design proposes an arch, Cor-inthian in style, to be constructed of Southern granite, having a height of sixty-five feet, a width of seventy feet and a breadth of twenty-four feet. The arch way is to be twentyfive feet wide and forty feet high in the clear. An inner stay will lead to the top of the arch. Upon the other end of the arch will be a bronze figure, the one representing "Fame," and the other the "Loat Cause." In the spandrels, two on each side of the arch, will be placed as reliefs, representing Glory, Truth, Justice and Valor. The thirteen seals in the attic will represent the Confederate States, the seal of Virginia being the centre. pon low relief panels in the attic and in the archway, various tributes to the chieftain of the Confederacy will be

A VIRGINIA TRAGEDY

An Aged Widow in Franklin County Killed by Her Son.

by Telegraph to the Merning Sta-ROANOKE, VA., June 11.-Details reached here to day of a tragedy in the mountains of Franklin county. death of an aged widow, Mrs. Drusilla Moore, and it is alleged that she was killed by her son. John Moore. Moore went to his mother's home and accused her of trying to get his wife to leave him. After some words Moore struck his mother in the face with a glass dish and then beat her over the head with a chair, fracturing her skull and breaking her back. She died from the injuries last night. Mrs. Moore was 65 years of age.

TORNADO SWEEPS ILLINOIS TOWNS.

Many Lives Were Lost and Some Forty or Fifty Persons Injured.

BUILDINGS WERE DEMOLISHED

Purious Electrical Display at Bloomington--Three Young Women Attending a Dance Killed-Double Storm at Peoria--Narrow Escapes

By Telegraph to the Morning Star BLOOMINGTON, ILL, June 11 .-Stretching across a pathway one hundred miles in width and devastating a territory fully two hundred miles long, extending from Livingston county on the north to McCoupin county on the south, and leaving its mark clear across the face of central Illinois, a cyclone last night inflicted a property loss which will aggregate millions of dollars and cost many lives. The brunt of the storm fell upon Mc-Lean and adjoining counties. Lightning was incessant for two hours, but was marked by an absence of thunder claps. The wind reached a velocity of 100 miles an hour, and in its track were left destruction and death. The visitation was the worst ever recorded in the history of central Illinois. Almost complete interruption of telegraph and telephone lines for twelve hours has made it impossible to secure the full details of the disaster.

It is known that while the fatalilies in McLean were but three in number. scores of persons were seriously injured and hundreds of narrow escapes from deaths were reported. Not a village or city of McLean county escaped, and from every district comes the same report of destroyed buildings, injury to growing crops and razed fruit and shade trees

The aggregate loss in McLean, not including three lives at Merna, or thousands upon thousands of levelled shade and fruit trees, by a rough estimate, will be between \$300,000 and

Death and Destruction.

BLOOMINGTON, ILL., June 11 .-Death and destruction followed in the wake of the tornado last night. The saddest feature was the killing of three young women who were attending a dance at the town hall of Merna. a small village ten miles east of this

There was a party of 250 young men and women at the dance in the hall when the tornado struck the building about 11 o'clock last night. Every body rushed for the doors. A number of young men held the doors to prevent the people from escaping, fearing that they might be injured or killed if they got outside. About half of them, however, escaped and then the building collapsed. The others were buried in the wreck. Three were killed and forty or fifty others more or less injured, some of them seriously. The dead are Miss Lena Jahagan, Mrs. Edward Martin and Miss Anna

All are daughters of prominent farmers in the vicinity. The bodies were horribly mutilated by the heavy timbers. Quite a number of young men and women were taken from the ruins in an unconscious condition and some of them are still in that state and it is feared there may be other deaths.

Furious Electrical Display. The storm reached Bloomington about #1 P. M., commencing with a furious electrical display. Rain accompanied the wind, and the business district suffered severely. Many plate glass windows were blown in and the stocks of goods were badly damaged. Hundreds of trees in the city were broken off at the trunks and streets

are almost impassable. Buildings all over the city were badly damaged, but no lives were lost nor was any one seriously injured. A man standing on West Washington street was blown three hundred feet, but escaped with

only bruises. Double Storm at Peoria.

PEORIA, ILL, June 11.-The double storm that struck Peoria at 11 o'clock last night and again at 2 o'clock this morning, was the worst that central Illinois has experienced since 1843. Probably the worst damage in proportion to the size of the town, was at Kingston Mines, a small mining town twenty miles below Peoria. There were three persons killed outright and ten others injured, three fatally. George Reardon, an employe of the electric company, was instantly killed this morning while repairing the storm damage at Glen Oak Park. He was ly. George Ashlook, another lineman, was seriously burned while attempting

to extricate Reardon from the wire. Caught by the Flood.

Shortly after 11 o'clook a report reached the police that the people living at Dry Run were in danger of drowning, as they had been caught by the flood. Row-boats were hauled to the scene at once and the police took twelve people from their homes. They were standing on pianos with the water almost to their necks. All communication with the out-

side world was cut off for more than twelve hours, and it was almost noon to-day before a wire was secured be-tween Peoria and Chicago and St. Louis. Storm in lowa.

CORWITH, IOWA, June 11.—A tornado struck an empty excursion train on the Iowa Central, five miles east of here last night and blew three cars from the track while the train was running thirty miles an hour, leaving the engine and the two last coaches on the track. No one was hurt.

EFFECTS OF THE STRIKE.

Vessels Unable to Obtain Coal from the Dealers at Norfolk, Va.

By Telegraph to the Morning Star. NORFOLK, VA., June 11 .- The effect of the anthracite and soft coal strike when all other medicines failed, three has caused several vessels to leave \$1.00 bottles of Dr. King's New Dis-Norfolk harbor light after they had come here for coal. To-day the schooner Jonathan Sawyer cleared for Stonington in ballast. She wanted a cargo of

The tug boat business is in jeopardy. Only forty tons of coal could be se-cured to-day by the owner of a large fleet. He expects to suspend business which terminated last night in the to-morrow. Others experience the same trouble. The local coal dealers are unable to supply the demand.

- Lumberton Robesonian: heavy hail storm is reported to have fallen throughout the Grady section and extended down through the Kingsdale neighborhood. Mr. W. P. Barker, of Grady, while in town Monday, stated that tobacco in his section has suffered considerably and some estimate the damage as high as \$25 per acre. — Mr. John W. Ward died at his home near Bellamy, Friday, in Chills and Fevers is a bottle of Grove's the eighty-first year of his age. De-Tasteless Chill Tonic. It is simply iron ceased was one of the oldest citizens of

STRIKE LEADERS ARRESTED.

Injunction Served Upon Marching Miners, Restraining Them from Entering Upon Companies' Plants.

By Telegraph to the Morning Star. MONONCAH, W. VA., June 11 .- The hundred and fifty striking miners who have been marching from plant to plant in this region since Sunday were served with injunctions late last night by the sheriff of the county. The injunction papers were issued against Thos. Haggerty, the leader, "Mother" Jones and a dozen other national organizers of the United Mine Workers, and makes every marcher liable. They are summoned to appear before the judge the last Monday in June. The injunction is sweeping and restrains the strikers from entering upon the companies' property, from congregating in large numbers near the companies' plants, or from threatening and intimidating employes of the

operators. Seven of the strike leaders were arrested here to-day and were taken to ail at Fairmont, charged with violating the circuit court injunctions. They had no difficulty in serving the warrants and no resistance was offered. Without a leader or supplies the 150 strikers who had been in the camp scattered and returned to their homes, many of them avowing their intention to return to work.

INDIANS MASSACREED.

Nearly Two Hundred Men, Women and Children Killed by Mexicans.

By Telegraph to the Morning star. TUCSON, ARIZONA, June 11.-A prominent Arizona banker arrived here to-day from Prietas, Sonora, with details of a massacre of Yaqui Indians-men, women and childrenyesterday, in Santa Rosa canon, thirtyfive miles from the Monas Prietas mines, by a detachment of General Torres' troops.

It appears that the Yaqui forces that were operating in that section had moved further into the mountains, leaving their women and children in Santa Rosa canon under a guard of eighty men. The Mexican troops came upon this camp and without any warning opened a terrible fire, sparing neither women nor children. After the first volley the troops charged down upon the panic stricken victims and massacred all within their reach. Of the guard of eighty Yaquis not a single one survived, and more than a hundred women and children fell victims to the Mexican bullets and bayo-

LYNCHERS GOT THEM.

Negroes Who Murdered Miss Benson in Rowan County Hanged by Mob.

CHARLOTTE, N. C., June 11.-The negro boys, Harrison and James Gillespie, aged respectively 16 and 14 years, who were under arrest charged with killing Cornelia Benson, on a farm in Rowan county Monday last, were taken from jail at Salisbury, N. C., early this morning and hanged toa tree in the railroad yards. Their bodies were then riddled with bullets. About fifty men composed the mob and all wore masks. The militia had been called out by authority of the Governor about midnight, but as every thing appeared quiet they had disbanded when the mob sudenly appeared and batterd down the jail door. The negroes were in the attic of the jail but the mob readily found them and drove rapidly out of town, firing as it went. After lynching the negroes the mob quietly dispersed. The negroes admitted that they beat the young woman's brains out with rocks because she tried to make them leave her premises.

OUTLAWS SURROUNDED.

The Two Convicts Who Escaped from the Penitentiary at Salem, Ore.

By Telegraph to the Morning Star. SALEM, ORE., June 11.-Governor Geer to-day called out a company of the National Guard and ordered it to Gervais, where Tracy and Merrill, the convicts who escaped from the penitentiary on Monday, after killing three guards and shooting a prisoner, are

surrounded. The convicts, heavily armed, are hiding in the woods two miles east of Gervais, a station on the Southern Pacific Railway, thirty miles south of Portland. Reinforcements have started both from Salem and Portland. Sheriff Durbin, who is leading a posse from here, intends to throw a cordon caught by a live wire and died instant- around the woods and make escape impossible, and starve the men out. A report from Gervais says that a battle is in progress between the posse and the outlaws.

CHARGED WITH HIGH TREASON.

Col. Arthur Lynch, Who Fought With the Boers, Arrested in England.

By Cable to the Morning star. LONDON, June 11.-Col. Arthur Lynch, who fought with the Boers in | chief Designate for India, so in time South Africa and who in November he is sure to fill every post occupied last was elected to represent Galway in the House of Commons, was arrested this morning on his arrival at New Haven from Diepphe, France. Col. Lynch, who was accompanied by his wife, was brought to London and was afterwards taken to the Bow police station. Subsequently Colonel Lynch was arraigned at the Bow Street police court on the charge of high treason and was remanded until Saturday, June 14th, after formal evidence of his arrest had been presented.

Night Was Her Terror.

Sold by druggists in every part of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup, and take no other kind.

CASTORIA. The Kind You Have Always Bought Signature

The Danger Period for the

Nervous and Broken Down in Health is Rapidly Drawing

> PAINE'S CELERY COMPOUND

Banishes all Symptoms Disease and Nourishes the Nervous System.

Paine's Celery Compound has saved thousands of people from nervous prostration and collapse brought on through sleeplessness, weakened nerves, and impoverished blood. The great medicine has made thousands well. It has conquered weakness and ill health when everything else has

failed. This is the time when nervous debility and nervous prostration begin to manifest themselves. The coming hot weather will only add fuel to the fire of suffering and disease.

If there is mental depression, loss of energy, lack of vivacity, dulness of the eyes, blanched cheeks and lips, confusion in the head, defective memory, love of solitude-all these are direct indications of coming nervous collapse, and call for the immediate use of that nerve feeder, strength giver, and blood enricher, Paine's Celery Compound. This Heaven-sent prescription is a peerless remedy for your dangerous troubles. President T. J. Shaffer, of the Amalgamated Associaciation of Iron and Steel, and the Tin Workers of the United States, writes from Pittsburg, Pa., as follows:-"In 1899 I was compelled to aban-

don my profession because of nervous prostration consequent upon exposure, hard study, and over-work. A number of physicians declared I would never recover, but I tried Paine's Celery Compound, and in less than a year increased in weight from 1411 to 215 pounds. During the recent strike of the Steel Workers, finding myself ready to collapse, and fearing a recurrence of my former trouble, I returned to my former friend, Paine's Delery Compound, and already am feeling more vigorous and able to meet and discharge the duties of my

THE LIMIT REACHED.

Matters Had Gone Too Far and He Wanted a Divorce at Once. "Now, then," said the attorney to the witness who wanted the divorce, "please tell the court just what the trouble between you and the defendant was." "Well," the unfortunate man replied, I built an addition to my house so that her mother could come there and live at my expense; I paid the private detectives

she hired to shadow me while she was away during the summer; I took a smaller office so as to be able to let her join a golf club; I gave up horseback riding for my health in order to make it possible for her to entertain musical celebrities who came to town: I gave up smoking and quit eating lunch at my club so that she could keep a footman. I did all these things without a word of complaint. I won't deny that I sometimes considered it rather rough to have to make such sacrifices, but I had taken her for better or for worse, and I didn't want to weaken on the contract if I could help it."

"Yes; go on. What was the thing that finally brought you here?" "When she put my new silk lined fall overcoat on her confounded old rubber plant because the weather man had predicted frost and left it out all night l made up my mind that worst had come to worst, and here I am."-Chicago Record-

Herald. Those Wise Children Again. George is five years old, and his father read him the impressive story of George Washington and the cherry tree and the subsequent frank admission. Noticing the look of astonishment on the child's face, his father aşked, "Don't you think he was a very good boy?" "Good, papa?" said George incredulously, "Why, of course he knew his father had got wise anyhow."

That reminds us of the story of the mother who, after reading "Casabianca" to her little daughter, remarked, "Now, wasn't he a good little boy?" "Yes," sighed the child. "He was awfully good, but he wasn't one bit smart." -New York Sun.

Says He Was Tortured. "I suffered such pain from corns I could hardly walk," writes H. Robinson, of Hillsborough, Ill., "but Bucklen's Arnica Salve completely cured them." Acts like magic on Sprains, Bruises, Cuts, Sores, Scalds, Burns, Boils and Ulcers. Perfect healer of Skin Diseases and Piles. Cure guaranteed by R. R. Bellamy, druggist. Price 25 cents.

- Gen. Roberts got an earldom and a grant of £100,000 for his services in the South Africa War, while Gen. Kitchener, who had far the harder work of the two, is made viscount and given a grant of £50,-000. However, he is a young man, is unmarried, and is Commander-inby his superior, and probably will be given the same or richer rewards. Besides, he received a grant of £30,-000 and a barony three years ago for his service in Egypt. He is the most capable and serviceable soldier Great Britain has .- Louisville Courier-Journal, Dem.

- The coal strike appears to be going the way of all strikes that last any length of time, the way of violence, first on the part of the strikers, and then of violent repression by the employers, aided by the Government. 'Tis true, 'tis pity, and pity 'tis 'tis true, but what is to be done about it? Surely the Republican party, which is in charge of the Government, and believes the Government has authority to do anycovery wholly cured me and I gained thing and everything, ought to defifty-eight pounds." It is absolutely vise some plan of settling differences between employers and employes without resort to violence. - Charleston News and Courier, Dem.

Calcite, or "calc spar," as it is popu larly known, is a mineral which has, with the exception of quartz, more varieties than any other species, says s writer in Popular Science News. The specimen shown in the illustra tion is known as "bird's nest calcite," from its resemblance to the nest of bird containing eggs. The writer obtained it from a dealer in minerals, who imported it from Reichelsdorf, it Hesse, Germany, where it was found.

BIRD'S NEST CALCITE.

been formed in nature by the deposition of the calcium carbonate which had been held in solution by the waters of the hot springs of Reichelsdorf and which they could not retain after issuing from the earth into the open air because of evaporation and the release from pressure.

Upon grinding down one of the 'eggs" so as to reveal the internal structure it was found so consist of a series of concentric but irregular circles, showing that the structure was concretionary-that is, there was a first nucleus, which may have been a fine grain of sand or almost anything held in suspension by the waters of the hot springs; then around this nucleus was deposited a thin layer of calcite from the waters, which were, as previously stated, unable to retain it in solution after their release from pressure. After this layer upon layer was deposited until the "egg" was completed.
