

WILLIAM H. BERNARD Editor and Proprietor. FRIDAY, MAY 29, 1903.

HANNA SURRENDERS.

The anticipated factional fight in Ohio over the endorsement by the coming State convention of the nomination of Roosevelt has been averted...

These reasons were given after mature deliberation, and given to the Associated Press so that the Republicans of Ohio and other States might know why he took the position he did.

According to the statement of attorney Johns (now under arrest) Mr. Miller, assistant attorney of the P. O. Department, accepted a \$2,000 a year job because there were "trimmings" in it.

These were all good reasons when Mr. Hanna gave them. If they were good then, but a few days ago, they are as good now, and yet Senator Hanna, ignoring the inconsistent attitude in which it places him, stultifies himself by surrendering...

Now, it may be asked, what becomes of his contention that a purely State convention has no right to dabble in national matters, no right to assume the prerogatives of another convention to be chosen a year later...

But politics is a game of wits, in which there are moves and counter moves, especially in States where there are assertive rivals for the leadership of the party.

There are anti-Semitic papers in Russia which are constantly inflaming the masses against the Jews, one of which thus addresses them:

Become Christians and our brothers and enjoy all the privileges of Russian citizenship. If not, you have one year to go where you please. After that term has expired there must remain a single Jew in Russia unless he is Christianized, and thereafter entrance to Russia will be forbidden to the Jews forever.

The writer of this urgent invitation to "become Christians and our brothers" is doubtless a religious fanatic, and he is surely a Jew hater on account of the Jew's religion, if not on account of the Jew, but in speaking thus he not only speaks for himself but for the bulk of the Russian people, including Government officials, one of whom is quoted as saying that this editor is about the only one in Russia who has not been bought with the money of the Jews.

Of course he has no idea that the Jews will accept his invitation to "become Christians and our brothers," his real object doubtless being to create the impression that if they do not they will be driven out of Russia or exterminated, in anticipation of which they will emigrate. If they did accept his invitation he would probably be in favor of murdering them before they had time to recant.

And Russia is a Christian, civilized country, as Christianity and civilization go over there.

A Florida man who planted 3,000 Porto Rico pineapple slips on a quarter of an acre in 1901, has now a crop of about 3,000 apples, which will average in weight ten pounds, and for which he has been offered from 40 to 50 cents apiece.

There must be some potatoes raised in Florida when 60,000 barrels are shipped from "one little railroad station," and they are not done shipping yet.

Wonder if Rev. Dr. Hillis, of Brooklyn, who says he wouldn't mind making Booker Washington's bed, could make a bed if he tried?

Comments at Raleigh. Election of St. Mary's Rector Postponed. At the A. & M. College.

Raleigh, N. C., May 27.—The trustees of St. Mary's School, the diocese of both North and South Carolina being represented, were in annual session to night, but contrary to expectation did not elect a successor to Dr. Bratton, Bishop-elect of Mississippi, as rector-principal of St. Mary's.

A brilliant concert was given to-night in connection with St. Mary's commencement. The graduating exercises will be to-morrow morning.

The anti Jewish sentiment is perhaps more intense in Russia than in any other European country, although it is intense in several. But in Russia it is not simply race antipathy, but race antipathy made the stronger by religious fanaticism, coupled with impenetrable ignorance and superstition.

There are anti Semitic papers in Russia which are constantly inflaming the masses against the Jews, one of which thus addresses them: Become Christians and our brothers and enjoy all the privileges of Russian citizenship.

A MYSTERY CLEARED.

Discovery of Body Explains Disappearance of D. James Byrd. Remains Found Floating in the Water by Negro Fishermen Yesterday at Noon.

The body of D. James Byrd, the white man employed by the city as a member of the street force and who mysteriously disappeared from his home at Third and Wright streets, four weeks ago last Saturday night, was found yesterday at noon, floating in the river opposite Post Office, above Wilmington, by two colored boys engaged in fishing in the stream.

It is not known whether the cases will be reached this term or not. If not, the defendants will remain in jail until June. Their offense is not a capital one but the case will give them good long terms in the penitentiary, should they be found guilty.

MURDER TRIAL TODAY

Special Verdict of 150 Persons Summoned in the Case of the Thomas Boys

Superior Court Yesterday. Counsel Assigned for Four Young Negroes Charged With Burglary—Concealed Weapon Charge Engaged Distinguished Legal Service.

The two Thomas boys, colored, charged with the murder of Daniel Shines, also colored, by stabbing him to death in "Brooklyn" last February, will likely be placed on trial first thing this afternoon and the hearing will probably continue for a day or two.

When court took a recess at 5:30 o'clock yesterday afternoon until 9:30 A. M. to-day, it was in the midst of argument by counsel to the jury in a case in which Primos Johnson, a colored employe of the Pittsburgh Lumber Co., is charged with carrying a concealed weapon.

During the forenoon the young negroes, Thomas Nixon, Joe Davis, Charles Williams and Joe Holland, charged with burglary in entering the store of Miss A. V. Jones, Seventh and Harriet streets, were brought into court and duly arraigned, the grand jury having returned a true bill against them on Tuesday.

Wooden Kellum, C. D. Weeks and Geo. L. Paschau were assigned by the court to defend the boys, who will be tried for their lives unless a submission in a lesser degree is offered in their behalf and accepted by the Solicitor.

Mr. R. A. Brand, at Pinehurst sanitarium in North Augusta, was reported to be better yesterday than on any day since the operation was performed. It will be some weeks, however, before Mr. Brand is seen on the streets again as the operation was quite serious. His vacation extends until August 1st.

Died at Holly Ridge, N. C. Mrs. Henrietta Sidbury, wife of Mr. B. Sidbury of Holly Ridge, on the W. & N. railroad, died yesterday morning at the age of 65. Mr. J. D. Sidbury, of this city, a son of the deceased, went to Holly Ridge yesterday to attend the funeral which takes place this morning.

Two Small Negro Boys, Implicated in Outrageous Conduct at Delgado, in the Superior Court—True Bills.

Herbert Mumford and Julius Taylor, two of the band of young negroes thought to be most deeply implicated in the outrageous conduct toward some little white girls at Delgado Tuesday at noon, reference to, which was made in yesterday's paper, were given a preliminary hearing before Justice Borzemann yesterday at noon and were bound over to Superior Court on charges of having attempted to commit a felonious assault.

It is not known whether the cases will be reached this term or not. If not, the defendants will remain in jail until June. Their offense is not a capital one but the case will give them good long terms in the penitentiary, should they be found guilty.
