Planks Prepared by Mr. Allison. By Telegraph to the Morning Star DES MOINES, IA., July 1.-The Republican State Convention to-day nominated a State ticket and adopted a platform. All the candidates were renominated by acclamation, with one

Harmony marked the proceedings of the convention, but after the ticket had been completed and the platform adopted, speeches were made which indicated that the Republican leaders of the State are not entirely agreed as to the details of tariff policy. The committee on resolutions nor on its presentation to the convention. Governor Cummins, in his speech accept-ing renomination, approved the platform in its entirety, but announced that he would continue to hold all the views expressed in his speeches within

the past two years. Senators Allison and Dolliver enlorsed the platform as a correct statement of Republican principles, but Congressmen Lacey and Cousins spoke in opposition to tariff charges. While the action of the convention was entirely harmonious both wings

of the party are claiming victory to-Senator Allison's tariff-trust plank

says: "We reiterate our falth in the historic principle of protection. Under its influence our country, foremost in the bounties of nature, has become foremost in production. It has enabled the laborer to successfully insist upon good wages and has induced capital to engage in production with a reasonable hope of a fair reward. Its vindication is found in the history of its success and the rapidity with which our national resources have been developed and our industrial independence secured, and we heartily renew our pledge to maintain it.

"Tariff rates enacted to carry this policy into effect should be just, fair and impartial, equally opposed to foreign control and domestic monopoly, to sectional discrimination and individual favoritism, and must from time to time be changed to meet the varying conditions incident to the progress of our industries and their changing relations in our foreign and domestic commerce. Duties that are too low should be increased, and duties that are too high should be reduced. "We endorse the policy of reciproci-

ty and the natural complement of prorade for mutual advantage and both sides must give and take. Protection builds up domestic industry and trade and secures our own markets

"We believe that the large corporations commonly called 'trusts' should be so regulated and supervised both in their organization and operation that their evil tendencies may be checked and their evil practices prevented. In many instances they are efficient industrial instruments and the natural outcome of an inevitable process of economic evolution. We do not desire their destruction, but insist that they shall be so regulated and controlled as to prevent monopoly and promote competition, and in the fullest measure subserve and advance the public good.

'The patriotic and resolute course of the President of the United States in his recommendations to Congress upon this subject and upon the relat-d subject of the further regulation of interstate commerce commands our co-fidence and admiration and recent legislation of Congress in harmony with his recommendations meets our hearty approval."

Governor Cummins and his supporters say that to-day's tariff plank contains in substance all that is found in last year's plank, while the "stand patters" are congratulating themselves on the elimination of the "shelter to trusts" clause which attracted so much attention to the Iowa platforms of 1901 and 1902. There were but two contests to-day involving the questions of relative strength of the two wings of the party, and these ended with honors even.

POSTOFFICE INVESTIGATION.

Correction of Abuses-Rural Free Delivery Routes--Position of Physician In Postoffices Abolished.

By Telegraph to the Morning Star.

WASHINGTON, July 1.-As a result of the investigation of the postal service a change in the methods of investigating routes for proposed rural free delivery service has gone into operation by order of Postmaster General Payne. Under the new scheme routes will be investigated by States, irrespective of Congressional district lines, as heretofore. This is in line with the recent declaration of Fourth Assistant Postmaster General Bristow that petitions for routes will be investigated in the order of their filing, the oldest petition receiving the first con-sideration in every State. There are now 15,000 petitions for additional routes pending.

Postmaster General Payne to day issued an order abolishing the position of physician in postoffices at the close of business June 30, 1903. This order wipes out a small list of officials whose employment without specific authority of law has carised wide discussion in connection with the postoffice investigation. Some, at least, of these offices paid \$1,700 a year and were sinecures.

NO DEVELOPMENTS.

Street Railway Strike Situation in Richmond is Unchanged.

By Telegraph to the Morning Star

have been no developments in the street railway strike situation to-day or to-night. Nearly the usual schedules are being run on all city lines. Three or four buildred men are now regularly employed by the company. They are all on the same footing as to pay and receive two dollars a day for twelve hours work. To-morrow the Manchester lines are to be opened and the authorities over there, decided to-night to ask for military protection. The line to Seven Pines is also to be opened to-morrow. One of the new street car men was arrested while on his car to-day by a militiaman for curaing a citizen. The man was promptly bailed.

JEWS' PETITION TO CZAR OF RUSSIA.

The Cause of the Delay in Its Being Forwarded by the State Department.

VERY DELICATE SITUATION.

Action of President Roosevelt Wholly Unaffected by the Pronouncement Said to Have Emanated from the Russian Government.

By Telegraph to the Morning Star. WASHINGTON, July 1 .- The State Department to-night authorized the following statement:

"At the State Department it was stated by a high official, in the abtariff plank adopted was prepared by Senator Allison, after conferences with representative Republicans of the State.

No objection was made to it in the as to the ill treatment of their coas to the ill treatment of their co-religiohists in Russia was due solely to the delay in furnishing the address to the State Department by the peti-tioners. The State Department would, of course, pay no heed to any statement purporting to emanate from the Russian government, unless such statement were made officially in some form or other to our own government. The State Department has been scru-pulously careful to act only in accord-ance with all the requirements of offi-cial propreity, but within the limits thus laid down it will most certainly not hesitate to give expression to the deep sympathy felt not only by the administration, but by all the American peo-ple for the unfortunate Jews who have ple for the unfortunate Jews who have been the victims of the recent appall-ing massacres and outrages. In this connection it was pointed out by an-other official who disclaimed any pur-pose to speak in his official capacity, however, that it seemed somewhat strange to say the least, that the Russian government should choose this particular method of making a statement to the American people at the very time when by methods which are very time when by methods which are certainly the reverse of friendly to the United States, it has sought to make China join in breaking the plighted faith of all the powers as to the open door in Manchuria, and has endeavored to bar our people from access to the Manchurian trade."

The above was shown to Cassini, the Russian ambassador, to night, but he declined to make any comment on it. Any reply to this statement must be made under direct instructions from St. Petersburg. It is realized, both at the State Department and the Russian ambassy that the situation is

extremely delicate.

OYSTER BAY, N. Y., July 1.—Action by the United States government in-transmitting the petition of citizens of this country of the Jewish and of tection. Reciprocity between nations other religious faiths, will not be affected by the inspired pronounce ment of the Russian government given to the public to-day. It evidently is the intention of the administration to forward the petition to the for ourselves; reciprocity builds up tion to forward the petition to the foreign trade and finds an outlet for Russian government as soon as if is in readiness. This is rendered certain by the statement made here to-night by authority, which says that the "action of the administration in reference to the outrages on the Russian Jews would be wholly unaffected by any newspaper publication purporting to emanate from the Russian government or by any communi-cation not properly forwarded to the State Department."

President Roosevelt declined to discuss for publication the statement credited to the Russian government. He said that any presentation of the position of this government properly ought to come from the State Depart-

INTERNATIONAL RACE.

The Automobile Contest for the Jame Gordon Bennett Cup in Ireland to Start To-day.

By Cable to the Morning star KILDARE, IRELAND, July 1. - Every thing is now in readiness for the international automobile race for the James Gordon Bennett cup, which will start at 7 o'clock to-morrow

morning. All day long the counties of Carlow, Kildare and Queens, through which the course winds, have been overrun with numberless motors. At speeds varying from fifteen to sixty miles an hour, cars of all sorts and descriptions have been lowing along the course, which is dotted with stands and warning flags and is ined at interesting points with spec-

Great precautions have been taken to prevent casualties, but the broiling sun and the traffic of hundreds of mo tors, moto-cycles and other vehicles have created a layer of thick dust on the course, the raising of which by the racing machines to-morrow will add a great element of danger to the con-

Mesars. Winton, Moers and Owen are regarded as the dark horses in the race, but neither of them is much faucied. Jarrott and Gabriel generally figure as the favorites, though there is little or no betting. Foxall Keene, on his German car, s expected to take all the chances that the extraordinary roads and the numerous curves afford.

- Charlotte News: Master Sam Mulwee, the 15-year old son of Mr. John Mulwee, of Lower Steel Creek, s at the point of death as the result of a slight cut on one of his feet. Saturday young Mulwee was raising a window. The sash slipped from his hands and fell, shattering several of the panes. A piece of broken glass struck the boy one one of his feet, indicting a small cut. Immediately thereafter blood commenced to flow copiously, and despite the fact that everything has been done to stop the flow, the young man is slowly bleeding to death.

- Wilson Times: Sunday afternoon about 1 o'clock, at Upper | ceeding in knocking Davis out of the Black Creek church, Mr. J. H. box in the first round. RICHMOND, VA., July 1.-There Thorne, who resides in Spring Hill

THE MINE HORROR AT HANNA, WYOMING

Loss of Life Greater Than First Reported. Some of Survivors Insane-Heartmoving Scenes at the Mine.

By Telegraph to the Morning Star.

HANNA, WYO., July 1 .- According to the best information obtainable to day 235 men out of 282 who were in the mine were killed in the explosion here yesterday. The majority of the victims are Finlanders and negroes.

A small army of rescuers, spurred on by the frantic appeals of wives, mothers and children who gathered at the mine, worked with desperate energy all night. They tell of pitiful scenes at the seventeenth level, the lowest point reached during the night.
Some of the survivors were driven insane and fought furiously against the rescuers. Dazed, listless survivors were found sitting on cars or lying on the floor, careless of whether they lived or died. Near the seventeenth level twenty bodies were found strewn over a pile of debris which the men had striven to surmount before they were overcome by the deadly fumes.

Some were scarred and blackened by flames but all had died crawling to wards fresh air. The eleven rescuers who penetrated thus far, were too weak to bring out a body.

For hours the scene at the mouth of the level was heart moving. With clothes and hair awry, mothers, wives, sweethearts and children huddled together, weeping and wringing their hands. Many sat on shattered timbers blown from the mine's mouth, insen-

frantic pushed to the edge of the gap and tried to force a way into the An expert who went almost to the seventeenth level says the mine cannot possibly be cleared for a month. It is feared that men in the lower levels were torn to pieces by the ex-plosion, which hurled great timbers high above the town and seventeen hundred feet beyond the mouth of the slope. Among the dead is Alred Hap-good, who turned the first shovel of dirt in starting the slope. The fire bosses, who had reported all safe be-fore working time yesterday, met

sible to their surroundings. The most

death while making a second inspec-

CONTRACT FOR PRINTING MONEY ORDER BLANKS.

Awarded to Paul Herman, Whose Bid Was Opposed by Superintendent Metcaif. of the Money Order Bureau.

By Telegraph to the Morning Star WASHINGTON, July 1.-Postmaster contract for printing the money order blanks of the government to Paul Herman, of Rutherford, N. J. Mr. Herman was the lowest of fourteen bidders and the award of the contract, which involves the payment of be-tween \$300,000 during the fiscal year, will effect a saving of nearly \$45,000

in the four years contract.

Herman's bid was opposed by the present contractor, the Wynkop-Hallenback-Crawford Company, of New York, and by the United Typothet of America. Superintendent Metcalf, of the money order bureau, was dismissed some days ago on the charge of indiscretion in seeking with-drawal of Herman as a bidder in favor of the present contractors. At a final hearing before the postmaster general to day Herman submttled evidence to show that he was not a straw bidder. He alleged, and swore that he has not, directly or indirectly, assigned any interest whatever in the contract. Mr. Hallen-back, Herman said, offered him, if he would withdraw his bid, \$60 a week and a large part of 25 per cent. of the net profits of his business, which he would guarantee to be at least \$5,000 a a year, in addition to his salary. He said Mr. Tooker, of the Metropolitan Printing Company, offered to pay him \$5,000 if he would agree to exe-

to make a contract for five years to pay him \$100 per week salary. These propositions he rejected.

The award to Herman was based on an opinion by Assistant Attorney General Robb, holding that Herman's bid was made in good faith, that he has substantially complied with every condition prescribed by the specifications and that to disregard the bid upon the objections raised would be against both reason and sound public public policy,

cute the contract in that establishment

and let them share in the contract and

MINERS QUIT WORK.

Pending Agreement on a New Wage Scale. No Strike Declared.

BIRMINGHAM, ALA., July 1 .- Thirteen thousand miners who are members of the United Mine Workers of America, in this district, suspended work to-day, the old wage contract having expired last night and a new contract not having been agreed upon.
No formal strike has been declared,
the situation being referred to as suspension. This status presumably will be maintained until an agreement is

reached on a new wage scale.

Three small mining companies, employing about four hundred men, signed the miners scale conditioned on adjusting themselves later to what ever agreement is reached between miners and the larger operators, and work will be resumed at these mines.

- Madison County Record: During a church trial in which John Davis, of Anderson Branch, was being tried a few days ago, there was a new procedure introduced, which is a good deal out of the ordinary in church courts. During the trial a dispute arose between Mr. Davis and Rev. Jack Meadows and soon reached the boiling point, when they engaged in a fisticuff, the Rev. Meadows suc-

FIRE RAGING AT

GREENVILLE, N. C.

Many Business Houses With Residences and Other Buildings Were Destroyed.

LOSS ESTIMATED AT \$200,000.

Fire Started in a Small Restaurant-Fire Department Unable to Cope With the Plames-People Terror Stricken. Fire Under Control 2 A. M.

By Telegraph to the Morning Star. RALEIGH, N. C., July 1.-Green-

ville, N. C., is on fire. The flames started at a quarter to one o'clock to night and the fire is now under full headway. No correct estimate can at this time be made of the losses, but it is believed that they are already about \$200,000. The fire started in a small restaurant and the buildings already consumed are the market house, Farmers' warehouse, Gorman & Wright's tobacco factory, Jordan's tobacco factory, residences of Mrs. Nellie Harris, Zeno Moore, H. Moore and several smaller buildings.

The heat is so intense that the fire

department cannot cope with the flames. There is, besides, no adequate system of waterworks. At this hour the Christian church and King's Hotel are threatened with destruction. The inhabitants are terror stricken and helpless. A large section of the town is one billowy

mass of raging fismes.

Greenville, N. C., July 2.—At 2:30 A. M. the fire is reported under control.

ANXIOUS FOR WAR.

Ominous Tone of Japanese Press Regarding Russian Activity in Manchuria.

By Telegraph to the Morning Star VIOTORIA, B. C., July 1.—The steamor Aki Maru, which has arrived from Yokohama, brought news that an ominous tone pervades the Japanese press regarding Russian activity in Man-churia. A review of the leading pa-pers indicates a common resentment at the Russian attitude, which seems to be of a deeper and more ominous character than ever before.

The Japanese Gazette says that the patience of the press is exhausted and another paper tells of a petition having been presented to the Japanese cabinet, stating reasons why it is advisable that Japan should go to war with Russia. The petition, it is said, is signed by many nobles and a large number of prominent persons.

MACHEN AND THE GROFPS.

Pleaded Not Guilty to Charges of Bribery Trial Next October.

By Telegraph to the Morning Star. WASHINGTON, July 1 .- August W. Machen, against whom three indictments have been found for accepting a bribe in connection with government contracts for letter-box fasteners, was arraigned to-day before Justice Pritchard, in Criminal Court No. 1. He waived the formal reading of the inwaived the formal reading of the in-dictment, pleaded not guilty, and was given until July 20th to file a demurrer, should he wish to do so. The Groff Brothers, who were indicted with Ma-chen, appeared in court and pleaded not guilty. It was announced that Machen and the Groffs would be tried at the Fall term of the court, their cases being taken up in the regular order. The Fall term begins in October and continues several months.

THE JEWISH PETITION.

Russia Will Refuse to Receive Anything in Relation to Its Internal Affairs.

By Cable to the Morning Star. WASHINGTON, July 1.-The Assoclated Press is authorized to state that the Russian government most positively and absolutely denies the report that it has offered any official explanation to the American government, either through the Russian embassy at Washington or the American embassy at St. Petersburg, regarding the Kishi-neff incident, and declares that it has never been addressed by the American government upon the subject?

The Russian government most categorically refuses to receive, from any power, any petitions, representations or communications relative to its internal affairs.

CONGO FREE STATE.

Alleged Violations of Provisions of the Berlin Treaty.

By Telegraph to the Morning Star. WASHINGTON, July 1. - Because Presbyterians in the Congo Free State claim they do not enjoy all the religious liberty coming to them under the provisions of the Berlin treaty, Representative Livingston, of Georgia, and other representative Presbyterians called at the State Department to-day and left a statement of the facts, with the request that the Washington government the request that the Washington gov-ernment take up the matter with Belgium and call her attention to the reported violations of the Berlin treaty. The course of the department is not

> yet indicated. - Newbern dispatch: Frank Wright, colored, of Zorah, Craven county, twelve miles from Newbern, died yesterday in the 112th year of his age. Frank was 21 years old while the war of 1812 was going on. He remembered it well and told many incidents of the same, He was considered the oldest inhabitant of Craven county. He was in good health and worked up to two days ago on the farm. He leaves great grandchildren.

No Pity Shown.

"For years fate was after me con-tinuously," writes F. A. Gulledge, of

SHIPBUILDING COMPANY.

Receiver Appointed by Judge Kirkpatrick of the U. S. District Court,

By Telegraph to the Morning Star.

NEWARE, N. J., July 1 .- James Smith, Jr., was appointed receiver of the United States Shipbuilding Comthe United States Shipbuilding Company to-day by United States District Court Judge Andrew Kirkpatrick, in the suit brought by Roland B. Konklin. Judge Kirkpatrick's decree orders that all the property of the company shall be turned over immediately by the directors and officers of the insolvent company. The discree also directs the receiver to take over such property and to immediately assume the management and operation of the company. Judge Kirkpatrick said that one of the duties of the receiver would be to confer with the reorganization committee with a view to exization committee with a view to ex-tricating the company from the diffi-culties into which it had been thrown.

SUMATRA LEAF.

Shape and Size of the Connecticut Shade Grown Product. In three years' experience with shade grown Sumatra we have learned how to build the shade, prune, harvest and cure the crop quite economically and successfully, tays Dr. Jenkins of Con-necticut in the New England Momestead. The leaf, as a rule, has a very desirable color, texture and burn. The most serious defect is the varying and undesirable shape and size of the leaf. As a rule, in almost any shade covered

FORMS OF SHADE GROWN SUMATRA LEAVES. [Contour of leaf is not regular owing to difficulty in stretching for photograph-Manufacturers are asking leaf seventeen to nineteen inches long and very broad or rounded, as at B, filled out well to the butt and tip, as at C. Stalks should have twenty-six to twenty-eight leaves, uniform in size. At the New England Tobacco Growers' association meeting in January it was stated shaded Sumatra leaves were of all sizes, from sword shape to almost round. Form A is too much like ordi-

field last year could be seen three o four distinct types of plants and al sorts of intermediate forms. Form and size of leaf have much do with its value. Too large a leaf or a poorly shaded leaf cuts to waste on the cigar maker's table and therefore is worth to him much less per pound than leaves of precisely the same qual-

into wrappers, leaving little waste. Poultry Points. When chickens are from one to two weeks old, a great many die from bowel trouble. This can be corrected by taking away drinking water and

ity otherwise, but which can be cut

giving scalded milk instead. A great many young chickens are killed by lice. To get rid of lice mix one part kerosene oil and one part lard and grease the heads. If this is put on when the chickens are first hatched, it will keep lice off.

For the past two seasons several remedies have been tried for sore head. \$3 20. The best results were obtained from the following mixture: Chloronaphtholeum one part, lard four parts. Mix well and grease the whole head. If in casks. Rosin-Market firm; receipts well and grease the whole head. If in an advanced stage, wash the head in warm water to remove scabs before \$2,234 barrels; sales 1,682 barrels; exports 6,990 barrels: A, B, C, \$1 55; D, \$1 60; E, 1 65; F, \$1 70, G, \$1 75; H.

About the Bees.

Bears the

In early spring or in autumn, when the days are cool, it is prudent not to open hives until near midday, when the field bees will then be out gathering honey. On cloudy or rainy days it is best not to open the hives at all, for the field bees are then at home and are cross, being deprived of the privilege of gathering the precious nectar from the flowers. A gentleman once asked me, When do you take off your honey; at night when the bees are asleep? Whereupon I informed him that bees never sleep. They work incessantly for six weeks and then die of old age. Their wings, which are but tissue, become shredded, and they fall to the ground on their way to and from the fields. At night is the very worst time to molest bees, as some pilferous persons have found out to their sorrow. It is true bees do not fly at night, but they crawl and sting. By injudicious handling bees can be made

very irritable and cross, so that they will sting everybody near and far and will remain angry and victous for weeks. Therefore a beekeeper should be very cautious and use good judgment so as not to make his bees a nuisance to his neighbors.-Farm Journal.

For Over SIXLY Years township, was sitting in his buggy, in rear of the church building, and went to sleep, falling out on his head, breaking his neck. He died instantly.

— Missionary—Our station was so remote that for a whole year my wife never saw a white face but my lown! Sympathetic Young Woman of the church and all Aches and Paines.

— Missionary—Our station was so remote that for a whole year my wife never saw a white face but my lown! Sympathetic Young Woman of mothers for their children while teething with perfect success. Burns and all Aches and Paines. Only 25 cents at R. R. Bellamy's and allays all pain; cures wind colic, and allays allays all pain; cures wind colic, and cure wind colic and cure wind colic and cure wind and allays all pain; cures wind colic, and is the best remedy for diarrhosa. It will relieve the poor little sufferer immediately. Sold by druggists in every part of the world. Twenty-five cents a bottle.
