

NO REGARD FOR THE SOUTH.

The Republican party never did have any regard for the South, and in the platform on which Roosevelt is up for President it shows its Rough Rider tooth at us in a hateful way.

Says the Philadelphia Record: Reduction in the South's representation in Congress, as hinted by the Republican platform, would not help the negro, says the Charleston News and Courier.

So the sectional Republican party is willing to show its enmity to the South in order to get negro votes to elect a President of the Republic of George Washington and Thomas Jefferson?

Says the Augusta Chronicle: "Perhaps a competitive examination would show that few people in Georgia know what their State Constitution really is."

Says the Washington Post: "President Roosevelt is wise in refusing to promise not to be a Presidential candidate in 1908."

A Georgia judge has decided that a wife has a right to deliver curtain lectures to her husband, on the ground that her well-being is involved as well as his, matrimony being a partnership.

It has been decided by some tribunals that a married woman has the right to regulate the health of her home. She will also continue her privilege of making it "unhealthy" for the old man now and again, even so as did Eve when she made Adam sick by giving him the apple that didn't agree with him.

Bandit Raisoul wants to come to America. Let him come. The people will help him to round up several subjects now ripe enough to be kidnapped and taken off in a crocus sack.

An Ohio man asks the courts to dissolve the Standard Oil Company because it violates the anti-trust law. Somebody is liable to get greased if they fool with a thing like that.

The negro is bound to have a chance at the Carnegie hero fund. In Indianapolis the other day a negro dropped a watermelon to keep a child from being run over by a trolley car.

North Carolina will again send two Kitchens to Congress. If Parker can't beat Roosevelt, North Carolina will furnish the means to cook his goose to a certain extent.

The Republican party is 60 years old this year. Here's hoping for its funeral and not a golden jubilee!

UNBROKEN BY DEFEAT.

Major Stedman the Same as Before the Convention

H. E. C. Bryant in the Charlotte Observer: WINSTON-SALEM, June 27.—Before leaving Greensboro, this afternoon, I had a conversation with Major Charles Manly Stedman, one of the defeated Democratic candidates for Governor.

Some one told me a sweet little story about Major Stedman and Morehead, the special military correspondent of the States.

A QUIET "FOURTH."

Celebration at Wilmington and Adjacent Resorts Was General, But Very Orderly.

REGATTA AT WRIGHTSVILLE.

Great Interest and a Fine Race—The Automobile Event and Others—Day at Carolina Beach, Lake Waccamaw and in the City.

The fourth of July celebration at Wilmington and adjacent resorts Monday was elaborate but not overdone; patriotic and demonstrative but not boisterous.

Next of interest in the public mind besides the yacht races, the functions in connection therewith and the ball at the Seashore Hotel at night, were the two automobile races. There were only two entries, the backboard match having been called off for the reason that Mr. W. A. McGowan was no competitor.

Four hundred tickets were sold for the Atlantic Coast Line excursion to Lake Waccamaw Tuesday, the train having left the Fort Street station well laden with passengers at 8 o'clock in the morning.

The Consolidated Company made a name for itself on account of the ease and safety with which it handled the multitudes that flocked to Wrightsville Beach. Every car and trailer owned by the company was pressed into service, and they moved from 6 A.M. to 10 o'clock Tuesday morning like clock work.

At Wrightsville Beach.

The celebration at Carolina Beach this year was in charge of the patriotic Junior Order of United American Mechanics, who had their third annual excursion to that popular resort. The crowd was the largest on record and was handled with "easiness and dispatch" by Capt. Harper on five trips of the steamer "Wilmington."

A large number of devotees of the sport spent the afternoon at the lodge of the Wilmington Gun Club, where a number of interesting matches were shot and some general practice indulged in.

CARTERSVILLE, Ga., July 1.—John Jones, the negro who was arrested in and identified as the assailant of Mrs. Oscar Banister, who lives near Atlanta, Ga., was taken away from Sheriff Maxwell by a mob said to number over two hundred late this afternoon.

The latest report from the scene of trouble is that the mob had the negro in tow, carrying him toward the scene of the crime which is near the four-mile point on the Western and Atlantic railroad, with the intention of stringing him up.

NEARLY 700 PERSONS LOST THEIR LIVES.

By Sinking of the Scandinavian-American Liner Norge Off the Coast of Scotland.

EN ROUTE TO NEW YORK. Of the 800 People on Board Only 120 Were Saved—The Vessel Smashed on a Rocky Reef and Sank in Twelve Minutes.

By Cable to the Morning Star. LONDON, July 3.—Over 700 Danish and Norwegian emigrants bound for New York are believed to have been drowned in the North Atlantic on June 28. Of nearly 800 souls on board the Danish steamer Norge, which left Copenhagen June 22, only 120 are known to be alive and for the rest no hope is held out.

When last seen the Norge was sinking where she struck on the Islet of Rockall, whose isolated peak rises itself from a deadly Atlantic reef, some 290 miles off the West coast of Scotland.

The Norge quickly began to go down by the head. Eight boats were lowered and into these the women and children hurriedly pressed, and many boats smashed against the side of the Norge and their helpless inmates were caught up by the heavy seas.

COMMITTED WITHOUT BAIL.

Frank Williams, Colored, Sent to Jail to Answer Burglary Charge in Superior Court—Preliminary Trial.

In the police court yesterday afternoon Mayor Springer, after hearing evidence of a number of witnesses, held that there was probable cause in the case of Frank Williams, the negro charged with burglarizing the house of Mrs. C. H. Ganzer, on North Fourth street, early last Sunday night, and defendant was sent to jail without bond to appear for trial at the next term of Superior Court, which will not be held until the last week in September.

The evidence adduced at the hearing showed that Frank Williams, the defendant named Charles Tyson for an assault. Not feeling safe about the deal Tyson sold the time piece to a negro named McDonald.

SPIRITS TURPENTINE.

Raleigh Post: They are already bobbing up and before the next full moon the original Glenn men will be as thick in North Carolina as the boll weevil in Texas.

Raleigh Post: The Durham Herald, Independent, rang the bell when it said that the State convention refused to do what it considered an injustice to the negro, and it was not playing for his vote, either.

The Taylorville South has discovered a pig which it says "disparages any natural curiosity ever introduced" and puts Alexander "in the front again." It has a perfect body and head, "without feet, legs or eyes."

H. G. Ewart and J. M. Gardner, Republican and Democratic candidates, respectively, for Congress in the Asheville district, on Saturday arranged ten appointments for a joint discussion of the issues during September.

Durham Sun: Prominent Republicans are viewing with great apprehension the general sagging of business and they are terribly afraid that the end of "prosperity" will come before the end of the campaign days.

Salisbury will have another telephone system in opposition to the Bell Company. The latter recently purchased the system there and is now preparing to rebuild it. The new system is selling its stock rapidly and expects to begin operations soon.

The Anti-Saloon League of Elizabeth City has a vigilance committee to aid the authorities in detecting violation of local prohibition laws. The committee reports to the League that several parties have violated the law, and that the names and proof will be furnished.

Raleigh Post: It has been almost overlooked, but perhaps those members which persisted in charging indolence on the part of Mr. Stedman had prosecuted Democratic registrars in Randolph county, might be now persuaded to state the facts—tell the truth—just for the sake of keeping history straight.

Sheriff Alsbaugh, of Forsyth county, on Saturday received a telegram from the sheriff of Surry county, stating that Edward Kiger, an old man, had his throat cut by a negro near Stony Ridge, Friday morning. The negro was in the act of robbing Kiger when he heard some one coming to the old man's assistance.

At Winston on Saturday morning Sheriff Alsbaugh arrested a negro who comes near filling the description of the man who assaulted Kiger. He was committed to jail. He says his name is Hargrave.

Discussing the tariff, the Newbern Journal says: When the American farmer must pay a higher price for farm implements, purchased of the American manufacturer next door to him than does the South American farmer, who competes with him in selling products in the world's markets, it does not merely look like rank injustice to the American consumer and producer, but it places the Agricultural Manufacturing Trust as an enemy to this country assisting the foreign farmer to the expense of the American farmer, and receiving a bounty from the government, in the shape of an unnecessary tariff for the treachery.

Late Saturday afternoon Scotland county was visited by another severe hail storm, and from what can be learned equally as much damage was done by this as by the storm of some weeks ago. This storm passed through the neighborhood around and below Gibson and the area covered embraced some of the choicest farming lands in the county. Where the cotton was knee high before the hail there are only stems from two to three inches high left. Fine trees are completely peeled on the sides, exposed to the hail. It is impossible to give an accurate estimate of the damage with present information. Telephone lines are all down. The hail was accompanied by a severe wind and rain storm. In one instance the hail fell with such force that the occupants of a house did not discover the hail until it had been blown down on it until after the storm.

PARKER MEN ARE CONFIDENT. Looking for a Running Mate for Their Candidate and for People Who Have Uninstructed Vote to Deliver.

By Telegraph to the Morning Star. ST. LOUIS, July 3.—New Yorkers, and, of course, New York means Parker, are so confident to-night that their candidate is to be nominated that they are talking over with leaders of delegations from other States the question of a running mate, and to all delegations that have a candidate for the place are giving assurances of their distinguished esteem. Former Senator Carmack, who was the running mate of Senator Murphy and State Senator McCarran held a levee all the afternoon and to-night, and are so extremely confident that they are not paying attention to the arrival of the leaders of the Tammany delegation. Senator McCarran said, significantly this evening:

"We are looking for people who have uninstructed votes to deliver. The Tammany votes will be cast by ex-Senator Murphy, who votes New York State under the unit rule, and he will cast them for Parker, who will be nominated, perhaps, on the first ballot, and surely on the second."

Two things were stated definitely as Senator Hill's headquarters to-night: First, that Judge Parker, as a candidate, will readily stand upon any platform that a majority of the convention agree upon. This last statement is significant because it is thoroughly well known that he would not stand on a radical platform. It is, therefore, evident that the Parker supporters are already assured that the convention will not agree to even a suggestion of radicalism as suggested by Bryan and Hearst supporters; but, indeed, will strongly and in an entirely different direction, put early on the financial and tariff plank.
