"Please Smile Look Pleasant."

When a woman says "I am racked with pain," the word "racked" recalls the days when they stretched the tender bodies of women on the rack with rope and pulley until the very joints cracked.

Fancy an attendant saying to the tortured woman, "Please smile and look pleasant."

piessant."

And yet the woman "racked with pain," is expected to smile through her agony and to make home happy. She can't do it. It is against Nature. Generally speaking, the racking pains of ill-health such as headache, backache and "bearing-down pains" are related to derangements or disorders of the organs distinctly feminine. When this condition is removed the general health is restored, and with health comes back the smile of happiness.

Any woman may regain her health at home without offensive questionings or examinations by the use of Dr. Pierce's Favorite Prescription. Sick women may consult Dr. Pierce, by letter, free of charge. Such letters are treated as sacredly confidential.

"It affords me pleasure to relate the wonderful merits of your great medicines, especially your 'Favorite-Prescription,' writes
Mr. J. Wesley Rhine, of Woodbury, N. Jersey,
L. Box 282. "My wife has been using it for
some time past, having suffered severely
with bearing-down pains, aching in back,
and many other complaints peculiar to
women. She was very weak, could not do
any heavy work or washing but can do all
kinds of work now. She is soon to become a
mother but we do not fear the result (as
heretofore), all due to your wonder-worker.

"Your 'Pleasant Pellets' are also worth many times their price. I have used them for biliousness and stomach trouble, and have found them to be all that you claim. They are my constant companions—once used, always kept."

By Wire to the Morning Star. Oyster Bay, L. I., Sept. 30.-With the cheers and good wishes of his neighbors and friends following him, President Roosevelt, his summer vacation left Oyster Bay to-day for Washington. The farewell given the President by the residents of his home town was notable. Throughout the village, residences and business buildings

were-decorated. At the railroad station over the efftrance to the waiting room a white dove with outstretched wings perched on an American shield, had been placed. Beneath this emblem was the one word "Peace." The whole was entwined with the National colors of Russia and Japan.

At the station hundreds of the neigh bors and acquaintances of the President and his family had assembled. Scores of school children were massed about the platform, each waving a little American flag. Twenty young women attired in white trimmed with ibbons of red and blue sange "Ged 3e With You 'Till We Meet Again."
