An Independent, Political, Commercial and Family Newspaper, Published daily and weekly at WILMINGTON, N. C., BY THOMAS M. COOK & CO.

THE DAILY WILMINGTON HERALD Is published every morning, (Sundays excepted,) and contains the very latest POLITICAL, AGRICULTURAL, SCIENTIFIC, FINANCIAL, AND LITERARY NEWS.

Both Foreign and Domestic; employing in its production the TELEGRAPH, MAILS, AND EXPRESSES.

The design of the publishers is to make this journal a daily photograph of the condition of the whole country.

IN POLITICS, It will be independent of all party or faction, studying only the interest of the whole country, and giving especial attention to the political affairs of our own State. It will be at liberty to denounce and expose corruption, malfeasance, or incapacity in office by whomsoever practiced; to advocate such lines of policy as shall seem to promise the utmost good to the masses of the people; and to encourage and sustain those who seek to promote the public welfare. While it will ever be conservative in its general sentiment, and study to harmonize the discordant elements in our midst, it will boldly and faithfully advocate the cause of the Union, the Constitution and the Enforcement of the Laws.

against all heresies of secession, nullification, or the supreme sovereignty of the States. In fine, it will accept the political situation as the war has left it, and labor to build up the social and political structure of our country again to unity, prosperity and greatness.

ITS COMMERCIAL DEPARTMENT will be fully organized when the commerce of the country shall be revived, when it will aim to spread daily before its readers a faithful report of the markets of the whole country, taking pains so to report the operations of our domestic markets as to render it a reliable guide for the farmer and merchant, the buyer and seller alike.

ITS FINANCIAL DEPARTMENT will be conducted by gentlemen of experience and ability, who will be above the gainbling schemes of dishonest brokers, and will endeavor to spread out in its columns such daily financial intelligence, as may be of benefit to the whole community, rather than to a select circle of dishonest speculators in money, stocks and other securities.

ITS AGRICULTURAL DEPARTMENT, will be established with the opening of communication with the interior, when it will be our aim to give daily a suitable portion of our space to such interesting and valuable matter as will be of benefit to agriculturists generally.

SCIENTIFIC AND LITERARY NEWS, will find space in its columns in liberal quantities. The domestic circle will not be forgotten, and we shall from time to time enliven our columns with carefully selected LITERARY REVIEWS, BIOGRAPHICAL AND HISTORICAL SKETCHES, NOTES OF TRAVEL, MORAL TALES, POETRY, ETC., ETC., thus studying to make THE HERALD a welcome and valuable visitor at every fireside. Care will be taken to exclude from its columns all matter of a corrupting or immoral tendency, so that no parent shall fear to admit it freely to his family.

To NEWSDEALERS—Per each 100 copies, \$5 00; per each 1,000 copies, \$45 00.

TERMS OF ADVERTISING: As it is the design of the publishers to make THE HERALD second to no paper in the South, in general attractiveness and interest, and spare no pains to extend its circulation, already fastening large, it follows that it is a most excellent medium for advertising. In this respect it offers extraordinary inducements at the present time, being the only paper in Wilmington, and having a circulation among all classes of the people, including everybody who takes a paper at all. Advertisements are inserted only at the following rates:
