THE subscriber having determined to make a removal to the South West next Fall, offers for sale his LANDS on Lower Little River and on Cape Fear. ares of up land, 15 miles from Fayette-ville, and within 4 to 5 miles of the Fayetteville

and Raleigh Plank Road. This tract may be advantageously divided, as there are on the tract three good dwellings and out-houses. On that part of the tract where he resides, there is a comfortable dwelling and all out-houses; a good saw and grist mill, the saw mill running two saws: plenty of good timber, and a fine chance of making Turpentineabout 26,000 boxes cut within 4 to 5 miles of a Still. 300 acres of the land cleared, some swamp land in cultivation, and a large body,

very rich, to clear.
Also, 1700 acres of Pine Land, tolerably well cleared, good for Turpentine.

Also, 415 acres of land on Cape Fear River. 150 acres in a high state of cultivation. These lands on Cape Fear were valued 25 years ago

at 10 to 11 dollars per acre.

The improvement of the navigation of the Cape Fear River renders these lands very valuable, as the planters on the River may ship their produce directly from their barn doors. It is not often that such lands are offered for ale in this county. The Fayetteville and Ra-leigh Plank Road, when completed to Lower Little River, brings these lands within 7 to 8

miles of Fayetteville.

These lands will be sold on very easy and accommodating terms, as the subscriber intends to settle with his children, who are about to re-main in the South West. He may be found at his residence, and on application to him, or J. S. Williams, the lands may be examined by any one wishing to buy.
