Debtors' lives may be insured by creditors.
A man may insure his own life for the exclusive benefit of his family. The lives of slaves may be insured.
This system is rapidly growing into favor, all over the civilized world. It is one by which a family, for a small sum manually, may be provided for, after the death of its head, on whose exertions they may have been dependent for a superior of the Board. It has at all times sustained the lighest character for the prudence of its management, and for the liberality with which it has ever adjusted its losses.
