BARGAINS! BARGAINS!
My recent visit to New York, my principal object was to get workmen and material for the purpose of manufacturing in different countries in North Carolina. For proof of their great advantages over the common butter wheel, or any other wheels now in use for saw mills, we confidently refer to those who have applied them to their mills. We can recommend them particularly for their superiority in cases of a low head of water, or lack water.
We still keep a supply of Wheels, suitable for different heads of water, at Wilmington, Newbern, Washington, Raleigh, Fayetteville, &c. The wheels are also made of E. A. Brevard, Lincolnton, and Urah Wells, Petersburg, Va.
Persons wishing to obtain the right to use the wheels, will be served on application to D. McNeill & Co., Fayetteville, N. C.
