Plank Roads are admirably adapted to all the write the corn in Florida has been for some days circumstances of this country. They suit the labits of the people, and the value of the hand being less, and the country heavily timbered, they may be built at a low cost. On them the farmer mey drive his wagon as he has been accusted in the winter, but carrying double his usual load in less time, and with much less his billy to accidents.

The fast Plank Road in the State of New York organize their party, says:

"It may be fairly questioned if the devil binaself" not for the victim who has been burried to an CURIOUS FEATURES OF THE REVOLUTE CHINA cask; a large hole was then bored in the instance of each head, and strong pins driven in, which formed axletrees. To these, long poles, used as shafts, were attached, holes being bered through the ends of them which slipped over the axletree, and they were secured by linchnias. One horse and they were secured by linchnias. One horse But we have the testimony of the editor of the National Democrat himself as to the fact that the

over forty new companies for building plankroads spread fire in every direction. The steward famwere incorporated by the last Legislatuce.

North Carolina has a proverbial reputation for the instantly enveloped in a sheet of flame, with the campines and Abolitionists seems to the very fact that they have bestowed it upon the system of Common Schools a Democratic measure?

It is well known that the leaders of the Demothe instantly rushed and deck indicate very clearly that the promotion of Freethe interpretation of the complete and Abolitionists seems to the civil organization. The "Tobacca-rollers" were in town; and they well remember with what respect and consideration above were treated by all discreet records. The many states of the property of do not find the reason of this in any innate qual- erew brought buskets of water and dashed the ple against the principles which be- ple against our Common Schools. They well are stringent productive against our common string the days of the army stowed it." ity of the popular mind, but rather in the physical circumstances under which it finds its develop. The man was severely injured. In the meanwhile ment. Owing to the poverty of the soil in the flames caught at the tables, curtains, and

Is Internal Improvements by the State a De- erally. The education of women i mocratic measure? Examine the journals of our the female schools they have established General Assembly; recollect the speeches there made, and the votes there given; call to mind the efforts of the stump orators, and then. Messrs efforts of the stump orators, and then, Messrs. suming to enter them in a disorder Editors of the "Democrat," can you honestly say, will be beheaded.' The enlighte that the Democratic party have done more to redeem the State than the Whigs? We well remember the time, when the Raleigh and Gaston Rail Road was used as a sort of scape-goat to society instituted by the late Dr. Gutz bear off from sight, every Democratic iniquity on this subject; and the fact is too recent to be forfrom the county of Wayne, introduced into our of the North Carolina Rail Road! In what way, only passports to employment or d done, surely an intelligent man can tell how it
