Gill's Ne Plus Ultra BURNISH. THE Subscriber, a practical Boot-maker of some experience, has for some time been sensible that there is a desideratum to be yet supplied to the public in the way of a suitable burnish for boots and shoes. Most of the articles now used either injure the leather or fail to impart that lustre so necessary to give to man's "understanding" a proper finish. He has therefore, during the last twelve months, been devoting himself to the task of preparing an article free from these objec-tions, and has at length after much investigation and experiment completely succeeded. The result is "Gill's ne plus ultra Burnish." He only wishes that it may be tested in order to establish its superiority over all others. Call on him at Mr. Nathan Sikes' boot and shoe establishment, on Person street, and be supplied with an excellent article at a cheap rate.
