### VALUABLE LANDS ON THE CAPE FEAR RIVER.

THE Lands and Plantations known as the Roane and Blue Banks—Platations, are offered for sale. These lands lie only 15 miles above Wilmington, on the Cape Fear River, and extend out to the Wilmington and Manchester Railroad, and are of easy access to one of the best markets in the State of North Carolina. On the North side of the river, there are six hundred acres of the finest River Bottom Land in the State—about fifty acres of which are already cleared, and produce the finest sort of crops. One hundred acres more may be cleared, which is sufficiently elevated above the ordinary height of freshets to save the crops. The lands are in Oak, Ash, and the finest kind of Cypress Timber.  
On the South side of the River is situated the balance of the Lands, estimated at seven thousand five hundred acres, from which three fine settlements may be made. The upper portion, or Blue Banks, contains some two thousand acres or more—of which there are some one hundred and fifty acres now in cultivation, and is well adapted to corn, peas, potatoes and cotton. There is a large quantity of fine land yet to clear, the growth of which is pine, oak, hickory and dog-wood. South of this tract is the Roane Plantation, and adjoining the lowlands mentioned above, containing some two thousand four hundred acres, a small quantity of which is cleared, and considerable more yet to clear. On this tract all the buildings and improvements are situated, consisting of a good Dwelling-house, Kitchen, Smoke-house, Corn-crib, Stables, and some fourteen negro houses, all of which are new and comfortable. There is a Turpentine Still and Fixture, which will be sold with the land, if desired. There are also some eight acres of land in boxes, some three tracks of which are old on the land.  
The remainder of the lands lie adjoining this tract, and on Hood's Creek, containing some three thousand acres of unimproved Pine Lands, which would make a fine settlement, a portion of them being good farming lands, and on which several fine building lots could be had immediately on the Railroad, suitable for Summer Residences. Persons wishing to purchase such lands, will do well to call and examine the premises before making a location.

### STOP THE THIEF!

STOLEN from my lot in Richmond County, on Sunday night last, my HORSE. Said horse was an iron-gray or brownish color; he had marks of gear on him, and his fore-top cut off very short; he was shod with iron shoes, walked fast, in a good trotter, and on the fore neck, there was a white mark on his back, on the right side, about six or eight inches square; also, a small wart on the right side, a little below the white mark.  
The horse was taken by a man calling himself John Campbell, who says he was raised in Pitt county, and has been in this neighborhood about two years; he is a Cooper by trade, and says he has worked in Turpentine all his life time; he is a little round-shouldered, has a stout body for a small man, and will not weigh less than 1 stone, 145 or 150 pounds; has a very mean look, is very fond of negro company, and his conversation has a good deal of the negro mixed with it.  
I will pay \$60 for the delivery of the horse, or \$50 for the thief.
