**\$300 REWARD.**  
RANAWAY from the subscriber, on the 15th of December, 1852, a negro boy named DENNIS. Said boy was about twenty-one years of age when he left, and weighed about 140 or 150 pounds. He is dark complexioned, round faced, full jawed, slightly humped, round shouldered, leans forward when he walks, and is very intelligent. He has a scar on the inside of one thigh, caused by a wound received in a fall from a tree. I have reason to believe that he has been in the counties of Johnston, Harnett, Cumberland and Bladen, and in the towns of Averasboro' and Fayetteville, where he passed for a free man, under the assumed names of Joseph Jacobs, John G. Williams and William Caldwell, and at times followed the occupation of a ditcher. I have also been informed that he left Raleigh in a buggy with an Irishman, probably under a promise of being taken to a free State.  
I will pay a reward of \$100 for his apprehension and delivery to me, or for his confinement in any jail so that I get him, if taken within this State, \$200 if taken out of the State; and also \$100 for proof sufficient to convict any white person with having harbored him, whether in or out of this State.

**SELECT MALE SCHOOL AT OXFORD, N. C.**  
THIS School, which hitherto has enjoyed a high degree of prosperity under the conduct of J. H. Horner, A. M., by whom it was originally established, will be re-opened on the 15th of July, and arranged to prepare boys for advanced classes in the University. For this purpose, Prof. A. G. Brown, whose reputation is well known as a Teacher of the Ancient Classics during the last thirteen years at Chapel Hill, will be associated with the present Principal, and Rev. T. J. Horner will continue to be an assistant Instructor. The School, as thus organized, is designed to be permanent and of the highest grade. As it is divided into a few classes pursuing a regular course of studies, considerable time will be devoted to examination and lectures upon the subject of every lesson by each instructor in his own department.  
Important advantages have been secured by the establishment of a Literary Society, with its library, and an efficient system of discipline, in which especial attention is given to the habits and deportment of the young men, when not engaged in the immediate duties of the School.  
Its location is very eligible; the climate of Oxford is excellent, and the commodious building lately erected, stands on an eminence in a beautiful grove, beyond the corporate limits of the town and near the residence of the Principal and other private families, who will accommodate the Students with board.  
Two terms of twenty weeks each, coinciding with those of the University, compose the scholastic year, and the price of board and tuition is ninety dollars a term.  
Applications should be made as early as practicable, accompanied in every instance with a statement of the age and proficiency of the applicant.
