Fire Insurance.
WE refer our readers to the annual statement of the Etna Insurance Company, of Hartford, Conn., which will be found in another column. This successful institution was incorporated by the Legislature of Connecticut in 1819, with a perpetual charter. Its capital is \$500,000, and its accumulations exceed \$800,000, making its entire assets over \$1,300,000. These assets are detailed in the statement referred to. These results indicate that during the period of nearly forty years since its organization, (without a single change of its chief officer,) its business has been conducted with judgment and prudence. It has been thus far successful in an eminent degree, discharging, as we are informed, all its obligations by the payment of about one million dollars for losses, without asking a day's delay in any instance. It has had but little litigation, notwithstanding the immense number of transactions made. In order to attain as much certainty as possible in such a business as insurance, it has been the practice of the Company, for several years, at great labor, carefully to classify and arrange their risks into about fifty distinct classes, so as to ascertain the amount insured on each class, the amount of premiums received thereon, and the amount of losses upon each. This classification, extending over a long period, and covering property to a very large amount, furnishes reliable data, and presents a sound, substantial basis of actual experience, upon which to conduct its business. Insurance is not a matter of luck or chance, as many suppose; its hazards are ascertainable, and its principles capable of being reduced to a system, the practical working and results of which are as certain as that of any other business. The Etna Company, by adhering rigidly to its system, and placing its business upon a healthy basis, has obtained the confidence of the community to an extent surpassed by no other Company in the U. States, and has increased its business and its income from year to year with a steady growth. One great source of its security is the wide distribution of its risks—a policy which it pursues with great strictness—limiting the amount to be covered in each locality. By this course it has passed, with comparative impunity, through some of the most sweeping and destructive fires, which have swallowed up other companies less cautious in their business. It is a system like this, based upon experience, which gives stability and soundness to a business, and to the assured confidence and security.—Edinburgh Review.

THE CELEBRATED HOLLAND REMEDY FOR
DYSPEPSIA,
DISEASE OF THE KIDNEYS,
LIVER COMPLAINT,
WEAKNESS OF ANY KIND,
FEVER AND AGUE,
And the various affections consequent upon a disordered STOMACH OR LIVER.
Such as Indigestion, Acidity of the Stomach, Colicky Pains, Headaches, Loss of Appetite, Constipation, Gout, Rheumatism, Dropsy, Nephritis, Chlorosis, and Nervous Affections. It has in numerous instances proved highly beneficial, and in others effected a decided cure.
It is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Holland Professor, Boerhave. Because of its great success, in all the cases of the above diseases, its introduction into the United States was in great measure especially for those of our fatherland scattered here and there over the face of this mighty continent. Meeting with great success among them, I now offer it to the American public, knowing that its truly wonderful medicinal virtues must be appreciated by all who are afflicted with the above diseases.
It is particularly recommended to those persons whose constitutions may have been injured by the continuous use of antacid pills, or other drugs of a similar kind, and which produce no effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, restoring the system, and, in fact, infusing new health and vigor in the system.
NOTE.—Wholesale orders to find this a beverage will be dispensed in bulk, and will be forwarded at a low price, with postage gratis.
The great popularity of this delightful Aromas has induced many imitations, which the public are advised to guard against. Beware of cheap imitations, and do not purchase any other than the original, which will convince you how infinitely superior it is to all these cheap imitations.

PROSPECTUS
OF
THE NORTH CAROLINA PRESBYTERIAN.

THE Presbyterian Church in North Carolina has long labored under a serious disadvantage from the want of a journal to advocate her claims and represent her interests. It is estimated that only 1000 Presbyterians are taken in the bonds of our three Presbyteries. We have 13,000 Communicants, and it is safe to infer that there are 30,000 Presbyterians in principle in the State. Our Synod stands fifth in the Union in point of numbers, and her membership is greater than in any Synod South or West of Pennsylvania. Our sister States on the North and South, neither of which has a membership so large as ours, publish the Central, and the Southern Presbyterian, for the benefit of their people. The time has come when the Presbyterian Church in North Carolina should likewise be taken in the bonds of our three Presbyteries. It is a conceded and important fact, that hundreds of our members will take a State paper who will take no other. The Paper is needed to be the organ of our Synod and Presbyteries—to elevate and enlighten the people of our membership by diffusing evangelical knowledge—to promote the cause of Education—to develop the talents of our Ministry, and to strengthen the attachment of our people to the soil and sanctuaries of their own State.

If our Church in other States, and other Churches in this State, can supply their members with a Religious journal, why not we? Are North Carolina Presbyterians inferior in talent, energy and patriotism to their neighbors on the North or South, or to Christians of other denominations at home? With the same or better opportunities of accomplishing their duty, shall we leave it undone? In the language of one of our most able and useful Ministers, an adopted son of our State, "it ought to have been undertaken 200 years ago, but it is not too late to be done to-day."

In the last two or three months, a fund of about \$5000 has been subscribed as a permanent capital. At a meeting of the contributors, held at Greensboro on the 15th of May, Rev. A. Baker, Chairman, the Paper was unanimously located at Fayetteville, under the name and title of the NORTH CAROLINA PRESBYTERIAN. Rev. Wm. McAlpine and Rev. George McNeill were elected Editors; Rev. Messrs. George McNeill, Wm. N. Mcbane, A. Baker, and C. H. Wiley, and Messrs. George McNeill, Sr., John H. Cook and David Murphy were appointed an Executive Committee, to establish the Paper and manage its business affairs.

It is our wish and design to make the NORTH CAROLINA PRESBYTERIAN a journal of the first class, equal to the best in the country in typographical appearance and in adaptation to the wants of our Churches. Its columns will afford the largest intelligence, both foreign and domestic, and special care will be taken to give a full and accurate summary of State news. The name of the Paper is designed to be an exponent of its character and contents. From conviction, it will advocate the conservative, orthodox, Old School doctrines and order of worship.
Our first appeal is to our own people—the N. C. Presbyterians. Whilst we rely confidently upon their favor, we trust that the native sons of North Carolina who have found homes in other States, and the adopted citizens of our State who form so important an element in our Ministry, will sympathize with us in a deep interest in this enterprise and give it their hearty support.

Terms: \$2 per annum in advance, or on delivery of the first number; \$2 50 in six months; \$3 at the end of the year; 25 or 50 more, paying in advance and when the Paper is sent to our address, a discount of 10 per cent. will be allowed. Our Ministers and Elders are earnestly desired to act as Agents, and all others friendly to the cause will please assist in procuring as many subscribers as possible, and forwarding the names to the Editors. Letters addressed to us as 1500 subscribers are obtained, the first number will be issued. If a faithful and vigorous effort is made in the next two months by those who take a lively interest in this work, we will, without doubt, be able to begin the publication at the end of that time with a paying subscription list of at least 2000. Address, Editors of the North Carolina Presbyterian, Fayetteville, N. C.
