such as Indigestion, Acidity of the Stomach, Colicky Palms learthurn, Loss of Appetite, Despondency, Costiveness, Blind and liceding Piles. In all Nervons, Rhenmatle, and Neuralgic Affections, it has in numerous instances proved highly beneficial, and athers effected a decided cure. This is a purely vegetable compound, prepared on strictly scientific principles, after the manner of the celebrated Hofland Prossor, Boerhave. Because of its great success in most of the Jurapean States, its Introduction into the United States was incoming the success among them. I now offer it to the American public, inowing that its truly wonderful medicinal virtues must be acknowledged.

knowledged.

It is particularly recommended to those persons whose constitutions may have been impaired by the continuous use of ardent spirits, or other forms of dissipation. Generally instantaneous in effect, it finds its way directly to the seat of life, thrilling and quickening every nerve, rulsing up the drooping spirit, and, in fact, infusing new health and vigor in the system.

NOTICE—Whoever expects to find this a beverage will be disappointed; but to the sick, weak and low spirited, it will prove a grateful aromatic cordial, possessed of singular remedial properties

The great popularity of this delightful Aroma has induced many limitations, which the public should guard against purchasing. Be not persuaded to buy, anything else until you have given Boerhave's Holland Bitters a fair triat. One bottle will convince you how infinitely superior it is to all these imitations.
