The entire swamp has been successfully drained, of the large body of water specting the Course of Instruction, Terms, &c., will be by which it was heretofore covered. The land is apparently level, being free from rilges (which are so RICHARD STERLING, Principal. common to swamp lands generally,) whilst there is an abundance of fall, by which the rain water can be carried off by ordinary ditches. A small portion of the land has been in cultivation about 7 years, and those persons who have seen the crops regard the land as equal in fertility to any they have seen in this State or elsewhere. The location is healthy, the neighborhood good, and the access to Fayetteville and Wil largest, finest, and most carefully selected mington easy by means of a good road 1½ miles in length leading directly to the river. Besides this, it is within 3 miles of a beautiful little village, upon a ever offered in this market; which, added to his own manufacture, makes his assortment compersons have spoken of purchasing, this is deemed a proper time to call their attention to the subject, inasmuch as there is a crop now growing upon a small portion of the land, by which they can judge of its production.

Reasonable terms will be given to production.
