The New Edition of
Devereux & Ball's Law Reports, Vol. 1,
RECEIVES the approval of those who have examined it.
Chief Justice Nash says, "I have looked through it—it is carefully and well got up." "I think to our Court it will be invaluable—and to the Profession equally so. It will save the labor of deciding the same points again and again; for there will be no excuse for Counsel not being apprised of points already adjudicated."
From the opinion of the Bar who have purchased and examined it, we can see that we know, in praise of it.
For sale, with sets or separate volumes of North Carolina Reports, and Law Books generally, at

IMPORTANT TRUST SALE.
A Rare Opportunity for Profitable Investment.
By virtue of a Deed of Trust executed by Daniel Clark on the 10th day of July, A. D. 1858, and registered in the Office of the Register of Cumberland County in Book D No. 3, page 271, I shall sell to the highest bidder, at the Market House in Fayetteville, on TUESDAY the 1st day of FEBRUARY, A. D. 1859,
ONE OF THE MOST VALUABLE TRACTS OF LAND IN N. CAROLINA, situate, lying and being in the County of Cumberland, on the waters of Big Rockfish, six miles from the town of Fayetteville, and containing about Two Hundred Acres—seventy-five or one hundred acres is Swamp Land, which for depth and fertility of soil, and for easy cultivation, is fully equal to the rich land lands of the Mississippi valley—the whole Tract is highly improved, and, from the judicious course of husbandry the proprietors of this land have uniformly pursued, it is believed that there is no land in this State which will yield to the farmer a more abundant return for his labor. There are on the premises, good woods, ways and waters, a comfortable dwelling and commodious out-houses.
At the same time and place I shall sell, either as part and parcel of said Land, or separately, (as I may then deem most advisable,) the celebrated
McNEILL SAW MILLS, and Seven and Two-fifths Acres of Land, adjacent and appurtenant thereto.
These Mills are built on Big Rockfish Creek, three miles, as the stream flows, from the Cape Fear River; they are in excellent running order, and the two saws cut FOUR THOUSAND FEET OF LUMBER per day; the supply of water is constant and never-failing, logs may be rafted from any point above directly to the mills slide, and the lumber may be put into the Wilmington market in thirty-six hours after leaving the saw-carriage.
Taking into consideration the great natural advantages and the very valuable improvements of the aforesaid property, this sale is recommended to the attention of all persons who wish to invest money in that which will produce large profits and give quick returns.
Terms at sale.
