GAS FITTINGS AND FIXTURES.
THE subscribers will be prepared by the middle of
August, to supply every description of Gas Fittings—
Dwellings, Stores, Factories, &c.—with all the necessary
FIXTURES, for the introduction of GAS.
As we are constantly engaged in the business of build-
ing Gas Works in this and other States, we are of course
able to afford to bring on a large stock, and sell on more
reasonable terms than others. Our stock will include
Chandeliers, Pendants, Brackets, Glass, &c.

As we have leased the works for five years, it will be
to the advantage of those requiring such fixtures, to get
them of us, since upon us will fall the care of them,
keeping them in repair, &c. For this purpose it is
both our interest and pleasure, to employ none but the
best Gas Fitters.

In our absence for a few weeks, all who wish to have
the Pipes introduced into their buildings, will please
leave their names with Mr. W. N. Tillinghast, who will
give all necessary information on the subject. It is
desirable to know us early as possible, so that the Fix-
tures may be introduced at the same time with the con-
struction of the works, and thus all may light up simul-
taneously.
