**A GEN!**  
The New Style, Small,  
COLORED PHOTOGRAPHS,  
AT  
Vanorsdell's Gallery.

**ART.**  
A NEW STYLE of Colored Photographs that will last for ages—more beautiful than Oil Paintings—has been gotten up at Vanorsdell's Gallery, expressly to suit the wants of those who desire a small colored picture and who object to the oil portrait on account of its cost. It is offered to the public with entire confidence in its permanency, and at a price that will suit all.

Having just returned from the North with a new and complete set of instruments, where I spent five weeks in getting the newest improvements, I am able to say to the citizens of Fayetteville and surrounding country, that I can give them all the different styles and styles of Pictures that are gotten up North or South. Among my instruments is a Woodward's Solar Camera, which enables me to enlarge a life-size Photograph from the smallest Daguerreotype or Ambrotype.

Persons having a small picture of a deceased friend, can have it retaken in any desired size, and colored in oil, India ink or water color, by sending to me, stating the color of hair and eyes. Prices for Colored Photographs, from small size to life, range from \$10 to \$50.

I have removed and enlarged my Gallery, (opposite the Marble Yard), and my customers will find a pleasant reception room and an Operator determined to give satisfaction.

**GAS FITTINGS AND FIXTURES.**  
THE subscribers will be prepared by the middle of August, to supply every description of Buildings—Dwellings, Stores, Factories, &c. with all the necessary FIXTURES, for the introduction of GAS.  
As we are constantly engaged in the business of building Gas Works in this and other States, we are enabled to afford to bring on a large stock and sell on more reasonable terms than others. Our stock will include Chambers, Pendants, Brackets, &c.  
As we have leased the works for five years, it will be to the advantage of those requiring such fixtures to get them of us, since upon us will fall the care of them, leaving them in repair, &c. For this purpose it is both our interest and pleasure to employ none but the best Gas Fitters.  
In our absence for a few weeks, all who wish to have the Pipes introduced into their buildings, will please bestow their names with Mr. W. Tillinghast, who will give all necessary information on the subject. It is desirable to know as early as possible, so that the Fixtures may be introduced at the same time with the construction of the works, and thus all may light up simultaneously.

**THE GLOBE:**  
THE OFFICIAL PAPER OF CONGRESS.  
I PUBLISH now my annual Prospectus of the Daily Globe, and the Congressional Globe and Appendix, to remind subscribers and inform those who may desire to subscribe, that Congress will meet on the first Monday of next December, when I shall recommence publishing the above-named papers. They have been published so long, that most public men know their character, and therefore of them needless to give a minute account of the kind of matter they will contain. The Daily Globe will contain a report of the Debates in both branches of Congress as taken down by reporters equal at least, to any corps of short-hand writers in this, or in any other country. A majority of them will, each, be able to report, verbatim, ten thousand words an hour, while the average number of words spoken by fluent speakers rarely exceeds seven thousand, and five hundred words at the most. When the Debates are published, it will be in a form which will be of great value to all who are interested in the progress of the country, and which will contain also, the news of the day, together with such editorial articles as may be suggested by passing events.

The Congressional Globe and Appendix will contain a report of all the Debates in Congress, revised by the speakers, and the Messages of the President of the United States, the Annual Reports of the Heads of the Executive Departments, the Laws passed during the session, and copious indexes to all. They will be printed on a double royal sheet, in book form, royal quarto size, each number containing sixteen pages. The whole will make, it is believed, between 3,800 and 3,900 pages, the long sessions for many years past having ranged between those numbers, and the next session will be a long one. This I believe is the cheapest work ever sold in any country, whether a reprint, or printed from manuscript copy, taking for data the average number of words of the long sessions since the year 1848. The average number of pages is 3,870, and the average number of words on a page is 2,347, consequently the average number of words of a long session is 9,230,722. As I have sold to subscribers that number of words for six dollars, it follows that they have paid less than one-half cent for every 100,000 words. I have furnished them, while I have paid my reporters \$6 29 for every 2,357 words, of this work, in manuscript.

The coming session will, without doubt, be an unusually interesting one, because the candidates of the respective parties for President and Vice President of the United States will be nominated before it closes, and, therefore, the debates will be mostly on such political questions as it may be thought, will tend to influence public opinion in regard to the persons to be chosen for these offices, and the Globe will be of great value to those who wish to be informed of the proceedings of the Congress from the 6th of August, 1852.

Joint Resolution providing for the distribution of the Laws of Congress and the Debates thereon.
