### A GEM! The New Style, Small, COLORED PHOTOGRAPHS, AT Vauorsdell's Gallery.

### ART.

A NEW STYLE of Colored Photographs—graphs that will last for ages—more beautiful than Oil Paintings—has been gotten up at Vauorsdell's Gallery, expressly to suit the wants of those who desire a small colored picture and who object to the oil portrait on account of its cost. It is offered to the public with entire confidence in its permanency, and at a price that will suit all.

Having just returned from the North with a new and complete set of instruments, where I spent five weeks in getting the newest improvements, I am able to say to the citizens of Fayetteville and surrounding country, that I can give them all the different sizes and styles of Pictures that are gotten up North or South. Among my instruments is a Woodward's Solar Camera, which enables me to enlarge a life-size Photograph from the smallest Daguerrotype or Ambrotype.

Persons having a small picture of a deceased friend, can have it retaken of any desired size, and colored in oil, India ink or water color, by sending to me, stating the color of hair and eyes. Prices for Colored Photographs, from small size to life, range from \$10 to \$50.

I have removed and enlarged my Gallery, opposite the Marble Yard, and my customers will find a pleasant reception room and an Operator determined to give satisfaction.
