LAND FOR SALE.

OFFER for sale 640 Acres of LAND, lying on the West side of Cape Fear River, two miles below Fayetteville, and extending from the river into the sand-hills. This tract is about equally divided into river-ridge, swamp and sand-hill Land. About 80 acres, adjoining the river, are under cultivation and are well suited to the growth of Corn and Grass: none of the Swamp has been cleared. There are several good sites for a dwelling house on the sand-hills. Any person wishing to purchase will do well to make early application, as I have determined to sell.

The above Land, if not previously sold, will be offered at AUCTION, at the Market House in Fayetteville, on the 8th day of May, 1860. If desired, it will be di-vided into Two Tracts, each containing the advantages of River, Swamp and Sand-hill. From the report of an Engineer, who was employed to find the difference of level of the Swamp, it is established that drainage may be effected at moderate expense. For additional information apply to Mr. Saml. W. Tillinghast, or to the

JOHN H. COOK, Auctioneer. VALUABLE FARMING LAND FOR SALE.

THE Plantation on Cape Fear River, known as the Col. Ashe place. These lands are without doubt the most valuable on the Cape Fear. They are located nine miles above Fayetteville, on the East side of the Cape Fear, contain 702 acres, most admirably adapted to the cultivation of cotton, corn, oats and wheat. Men of acknowledged judgment say it will average 80 to 50 bushels of corn to the acre; about 200 acres are cleared, and it will produce 100 bales of cotton, besides provi-

In connection with the above, I offer 208 acres of LAND on West side of Cape Fear, known as the "White Lands," just opposite the above. I will sell the above lands on the most favorable terms; a bargain may be had. If not disposed of sooner, they will be sold at AUCTION, at the Market House in Fayetteville, on May 8th, 1860. Jupanese Dress .- As far as my observations went these people seemed to be as "quiet" in the patterns of their gowns as they are in their deportment. Japan Letter. Courtship in Egypt.—Last Autumn a young lady left Dundee for Alexandria, to visit relations resident in that city. As the passengers were landing at Alexandria, a richly attired Turk advanced to look at the arrivals, and seemed instantly to be struck with the charms of the damsel from THE Annual Meeting of the Stockholders of the Fayetteville and Western Plank Road Company will take place in Fayetteville, on THURSDAY the 26th DAY of APRIL, (instant.)

The captain of the ship came forward, and informed his hewildered presenger that the Turk's sift was his bewildered passenger that the Turk's gift was the meeting in relation to the Road, such as the sale of a token of admiration and affection. The British Crown .- The crown worn by the Queen of Great Britain at the opening of Parliament is composed of hoops of silver, which are completely covered and concealed by precious stones, having a Maltese cross of diamonds on the top of it. In the centre of this cross is a magnificent sapphire. In front of the crown, above the rim, is another Maltese cross, in the middle of which is the large unpolished ruby which once graced the coronet of the chivalrous Black Frince, and underneath this, in the circular rim, is another immense sapphire. The arches enclose a cap of deep purple, or rather blue velvet, and the rim Gentlemen's Summer Goods, and Ready-Made of the crown, at its base, is clustered with brilliants, and ornamented with fleurs-de-lis and Maltese crosses equally rich. There are many other precious gems-emeralds and rubies, sapphires, and small clusters of drop pearls of great price. The crown is altogether valued at over half a million of dollars. Indeed, were it possible to recollect and again bring together such precious stones, this estimate would fall much below their intrinsic value. The old crown of England, made for George III, weighed upwards of seven pounds, but, notwithstanding this gorgeous display of jewelry, independent of the gold cap, the present crown only weighs nineteen ounces and ten penny-weights. It measures seven inches in height from the gold circle to the upper cross, and its diameter at the rim is five inches. Boots, Gaiters, Shoes and Pumps, in great variety.

Waked up the Wrong Passenger .- An amusing affair occurred not many years since, at a 4th of July celebration in an interior town in Pennsylvania.
