

ATER FROM EUROPE... OBSERVER... MONDAY EVENING, AUGUST 13, 1860... THE RESULT.—In the preceding page see table of returns, official and unofficial, of the vote for Governor. We have all the counties except Alleghany, and probably that is, as heretofore, included in the Ashe vote.

MR. BELL AND THE RIGHT OF PETITION.—We see in the Wilmington Journal of the 10th inst., an article taken from a Southern Democratic paper, in which a wonderful discovery is heralded to the world in all the pomp and circumstance of gliding capitals. "Mr. Bell (such is the discovery) invariably voted with the North against the 21st Rule." This was the celebrated Rule against abolition petitions. We do not know whether Mr. Bell invariably voted against the Rule, or whether he may at times have not voted at all, or at others voted for it. The search would be troublesome, and we doubt whether it has been made by the paper making the statement or by that which circulates it. But we hope and believe that Mr. Bell did invariably vote against that Rule. No better votes could have been given by a Southern man; and prominent among the few good things for which the Hon. T. L. Clingman, Democratic U. S. Senator from North Carolina, deserves honor in North Carolina and the South is his action on this 21st Rule. He voted against it, spoke against it, and worked against it, until it was repealed—unfortunately too late to correct the incalculable amount of mischief that its passage and enforcement had effected; for that Rule was the making of the abolition party.

EDITORIAL CORRESPONDENCE. NEW YORK, Aug. 9, 1860. I reached here yesterday afternoon, in fifty hours from Fayetteville, and so wearied that I have come to the conclusion that one of two things must be true, viz: that railroad and steamboat traveling must be more fatiguing than stage traveling was thirty years ago, or, that I am not so young as I was thirty years ago. One or the other of these must be true, I say, for I could then ride in the stage day and night five or six days, not only without fatigue but with absolute enjoyment, whereas two days by the present uncomfortable conveyances use me up. And I am as much inclined to complain as the fellow who demurred to paying a dollar for having a tooth drawn without pain, because another dentist had dragged him all over the room to get out another tooth and only charged him a quarter.

THREE DAYS LATER FROM EUROPE. NEW YORK, Aug. 11, 1860. The Adriatic from Southampton has arrived at this port. She brings Liverpool dates to the 31st ult. All the English War steamers in the dock yards are to be made ready for the next emergency. Turkey accepts of the proposed intervention in Syria. By the military convention signed between Garibaldi and Clary, the Neapolitans are to keep the forts of Syracuse, Agosta and Messina. The navigation of the Straits to be free. Commercial.—LIVERPOOL, July 31, 1860.—Cotton.—Sales for two days 16,000 bales—market closed dull but prices generally unchanged. Flour quiet and prices easier, but quotations unchanged. Rosin steady at 1s. to 4s. 2d. Spirits Turpentine dull.

Land for Sale. I OFFER for sale my PLANTATION, situated in I Cumberland County, on the North-East side of the Cape Fear River, fourteen miles below Fayetteville. The tract contains about 250 acres, about eighty of which are superior Swamp Lands, a small portion River bottom, and the remainder fine up-lands. No better average of land can be found on the Cape Fear. Some forty acres have recently been cleared and has now upon it a crop of corn which promises a yield of from forty to sixty bushels per acre. There is a fine mill site on the premises; a small dwelling house and necessary out-buildings. In my absence the place will be taken by a gentleman residing on the premises. Terms easy. Address at Gray's Creek, Cumberland County, N. C. W. DEVAEN, 43-9w Aug. 11, 1860.

Valuable Land for Sale in Robeson. IN pursuance of a decree of the Court of Equity for Robeson County, obtained at Spring Term 1860, upon the petition of Eliza A. Smith, John R. Carter and wife, and others, I shall offer for sale before the door of the Court House in Lumberton, on Monday the 24th day of September next, a tract of LAND, estimated to contain one thousand acres. The Wilmington, Charlotte and Rutherford Railroad passes directly through these lands, and to persons wishing to engage either in agricultural pursuits or in making Turpentine, no more favorable opportunity could possibly present itself. The farming operations of these lands has been highly improved—the improvements are all substantial and convenient—the neighborhood moral and enterprising, &c. &c. Terms of Sale: Six months will be allowed given, the purchaser giving bond with approved security. N. A. McLEAN, C. & M. E. August 10, 1860. 43-9t
