S. D. WALLACE, Esq., President of the Wilmington and Weldon Rail Road, Aug. 10, 1892, says: "It has been said that 'Hepatic Pills' is our national disease. However this may be, it is a long and severe affliction. Provisionally a friend furnished me with a few boxes of the 'Hepatic Pills,' and the use of them has frequently with eminent success. Among my acquaintances, many cases originating from diseased liver, have been relieved and cured by them. I regard them as an invaluable medicine, and take pleasure in forwarding this voluntary tribute."

Gen. James Wright, of Goldsboro', N. C., Aug. 14, 1892, says: "I have used the Southern Hepatic Pills in my family here and also on my plantation in Alabama, and always with success. I have a valuable servant girl who had been a long time under treatment for constipation, without receiving any benefit. Almost in her extremity, I was induced to try the Hepatic Pills. They were given according to directions, and she is now well, entirely restored by them. A similar case occurred among my servants in Alabama. For liver and long diseases, these pills are perfect confidence in them."

Full directions and other certificates will be found on the wrapper of each box.

Price, \$1 a box; \$10 a dozen; \$96 a gross. Retailed at the Druggists. For \$11 twelve boxes will be sent free by post paid to the Confederacy where there are no druggists. Not less than a dozen boxes will be sent by the proprietors. Cash must accompany orders. Checks on local banks taken.

3700 Boxes of the Southern Hepatic Pills
Have been ordered in one day.

THIS combination of medicines was first prepared by the proprietor in 1825, when it was pronounced by three eminent physicians in a Southern city, as in an advanced stage of Consumption. These Pills cured him. He is now over seventy years of age and in discharge of civic professional duties. Their good effects upon others are well known, and for them that he was compelled to desist from supplying them gratuitously.

They are not recommended by the proprietor as good for all diseases, but only for such as arise from DISORDERS OF THE LIVER. Many persons have testified to their good effects in Cholera and Fever, Biliousness, Pneumonia, Dyspepsia, &c., &c.

Read the following:
S. D. WALLACE, Esq., President of the Wilmington and Weldon Rail Road, Aug. 10, 1892, says: "It has been said that 'Hepatic Pills' is our national disease. Cotton Yarn for Wool.
HAYING accepted an agency from the Governor of the State, under the direction of Col. H. A. Dowd, A. Q. M., at Raleigh, in order to procuring a supply of WOOL to provide clothing for our North Carolina Soldiers during the Fall and Winter, we are authorized to exchange Cotton Yarn at the rate of 1 bundle of 2 lbs for 8 lbs of Wool unwashed, but of free and and long. Any person having Wool to spare can greatly aid our State authorities in their laudable efforts to sustain the cause of our country, and at the same time contribute (in many cases) to the comfort of their own friends and kindred in the army, not by making a donation, but receive a full equivalent for their wool. It is hoped and expected therefore that a prompt response will be made to this notice, so that the necessary Wool should go into the hands of the manufacturer at an early day, to be made ready for wear by the early Fall.

Moral Condition of New York.—The New Orleans Picayune contains an article under the head of "The Home Heathen," of which the following is an extract:

A recently received Northern journal contains an address delivered before the New York Young Men's Christian Association.

It states that there is in the directory a resident population of nearly nine hundred thousand souls (and bodies). There were received last year into the charitable and correctional institutions of the city, 57,934 persons—41,299 persons were committed to prison for merely special offenses; there are 6000 liquor dealers in the city—100,000 German Infidels—350,000 souls voluntarily destitute of the true means of grace—13,000 families without a Bible—60,000 children who never attended a school—15,000 children classed as homeless ones, who prey upon the community either as beggars, thieves or vagabonds, and who are growing up, unchecked and unrestrained, into the next generation of burglars, pick-pockets and prostitutes—obscene books and prints published imported and sold in our streets at our wharves, and in some of our bookstores—periodical press not guileless as respects immoral teachings and influence. Of 99,232 arrests last year three-fourths were directly on account of intoxications, and misdemeanors arising therefrom—nine thousand six hundred and thirty-three of these were females, six of which permit the presence of prostitutes—amusement graduated so as to gratify every class, however degraded, and every taste, however depraved—model artistic exhibitions, free concerts, saloons, dance houses, dog fights and other such spectacles
