Lotter from President Davis .- The Mobile pa pers publish the following letter from President Davis to the "Confederate Society," of Enterprise

- [NO. 1272.]

Sir:—I have received your letter of the 22d ult, enclosing a copy of an address to the people of the Confederate States, calling upon them to unite in an effort to restore and maintain the par value of the currency with gold by forming societies of citizens who will engage to sell and buy only at reduced prices. The object of the address is most laudable, and I sincerely hope for it great success in arousing the people to concerted action upon a subject of the deepest importance. The passion for speculation has become a gigantic evil. It has seemed to take possession of the whole country, and has seduced citizens of all classes from a de-I capable of bearing arms, but who are exempts from termined prosecution of the war to a sordid effort military duty under the present regulations, to the above to amass money. It destroys enthusiasm and weaken public confidence. It injures the efficiency of every measure which demands the realous co-operation of the people in repelling the publie enemy, and threatens to bring upon us every calamity which can befall freedom struggling for in-

dependence. The united exertions of secieties like those you propose should accomplish much towards abating this evil, and infusing a new spirit into the community.

I trust, therefore, that you will continue your labors until their good effect becomes apparent overywhere.

Please accept my thanks for the comforting tone of your patriotic letter. It is a relief to receive such a communication at this time, when earnest effort is demanded, and when I am burdened by come and dangers which threaten.

Very respectfully, Your follow citizen, JEFFERSON DAVIS
