

REFUSING TO CLASH HANDS ACROSS THE BLOODY CHASM.

Mr. Boutwell in his speech at Greensboro, as the spokesman of Grant, protested against the language of Horace Greeley's letter, in regard to the North and South clashing hands across the bloody chasm that has so long divided them.

In other words, Grant's Administration, speaking through a member of his cabinet, tells the people of North Carolina that there must be no reconciliation between the lately divided sections.

This is monstrous. The people of the North are anxious at relations of fraternity and good feeling be restored between the States of the Union.

Our people are tired of strife and dissensions. They long for peace, for quietude, for reconciliation!

Mr. Boutwell declines the offer of the South to shake hands. He protests against it!

Well, we will see how his speech is received at the North.

GOOD NEWS FROM MOORE COUNTY.

We publish with pleasure the following letter from a highly esteemed citizen of Moore County, giving an account of our prospects in that County.

We have before had very favorable accounts from "glorious little Moore"—some of our friends claiming it by a hundred majority!

BRYANT'S CROSS ROADS, N. C., July 15th, 1872.

Editors News, Raleigh, N. C.

Thinking it might interest you and your readers to hear from Moore county, I will inform you that the people of our county are in high spirits regarding the political prospects of the county, State and nation. We Conservatives feel confident that we shall elect our county ticket.

It is composed of some of our best citizens, gentlemen whose characters are unimpaired in any manner, whilst the Radicals have a very weak ticket.

I think we will give Merrimon three hundred majority over oily Tod, and since the people have heard from the Baltimore Convention, we have concluded to support Greeley for President, though he is a Republican.

We believe he is honest and has shown by his acts towards the South, that he does not desire to oppress the Southern people in our impoverished condition. If all the counties will do as well in voting as we believe Moore will do, I think the result will be a Republican Government.

A Contrast.

Who left the people of Robeson county to the tender mercy of assassins and cut-throats, on the pretence that the Democratic Legislature had shorn him of all power over the militia of the State?

Tod R. Caldwell, who possesses to-day more power over the militia than any of his predecessors had before the war. The act of March, 1870, passed by the Radical Legislature of 1868-70, and which was not repealed by the Democratic Legislature, provides for their pay precisely as was done before the war; and the Governor has the same power to call out, organize, equip and arm them as our Governors had before the war.

That branch of the State Executive Committee for the Conservative party of North Carolina appointed for the 5th Congressional District will meet in Greensboro on the 27th inst., for the purpose of appointing a Presidential Elector for that District. The Committee consists of Hon. D. W. Courts, J. I. Scales, Col. E. B. Withers, and Wm. M. Robbins.

Who suggested to the negroes to pursue such a course, in certain contingencies, as will kill the children of the white people with fear?

Tod R. Caldwell and the Radical members of the Legislature of 1868.

THERE is to be a grand conservative mass meeting in Goldsboro' on Tuesday, July 30th. Prominent speakers have been invited to address the people on that occasion.

The Reidsville Record says: The tobacco trade for the past week has improved—been quite brisk—the Piedmont sold last Wednesday 9,000 pounds at an average of 12 cents. We suppose the other houses did good business also.

On common grades the prices have advanced—have declined on the finer qualities.

The Charlotte Observer says: "Bro Hood—one of the lights of the Radical party—a so-called minister of the gospel enlightened the 'colored brethren' on the manner in which they had to act and vote in the coming election.

He harangued for about three hours amid the boisterous cheering of a large crowd of 'dark faced' brethren.

The Wilson Ledger says: On last Saturday evening the business portion of Fremont was destroyed by fire, four stores burned; loss very high, all insured by E. B. & L. Bass, their loss is said to be twenty-five hundred dollars and no insurance. The fire originated from drawing Kerosene oil from a barrel by holding a candle too near.

It is stated in the newspapers that the Radical National Executive Committee at Washington have authorized their agents in the various Democratic counties of the State to pay one hundred dollars to any Democrat who can thereby be induced to become an independent candidate in any county where there is no prospect of electing an out and out Radical.

The Wilmington Star says: During the severe thunder storm of Wednesday last the lightning struck the grape arbor of Mr. Sterling Stallings, on Masonboro' Sound, scorching it very badly and setting the green grass on fire under and around the arbor, which he had been trying in vain to burn for some time past. Two of the children of Mr. Stallings were considerably shocked by the electric fluid.

The pitiless hearse, that waves its shadowy plume, above the dead it bears has again gone forth upon its mission. Mrs. Laura W., wife of our friend Phil H. Sasser, after a brief illness, died at 7 o'clock on the evening of Thursday last.

Thus, as one by one the seasons pass us to take their quiet places in the ranks of the fleted years, one by one we follow our kindred pilgrims who journey to propose, our burial urns and lettered stones. Though the golden bowl is broken there are sainted eyes to guard its fragments, and they will be re-gathered at the proper time.—Goldsboro' Messenger.

The Wilmington Journal says: "We learn from a private letter that the prospects in Duplin are of the most cheering character. An esteemed friend writing to us, says the campaign is one of the most exciting ever had in that county. The people come out in large crowds every day to hear our candidates, Mr. Komegaj, the independent candidate, retired from the contest on Saturday. The Radical candidates are J. E. Pessell, who is a candidate to be an independent Democrat, and A. M. Pearson, a thorough Radical and a supporter of the Littlefield and Swenson measures of 1868 and 1869, while a member of the Legislature from Wayne. The 'corruption fund' is being freely used to charter free bar rooms in favor of Radicalism.

The Wilmington Star says: In another column we publish a communication from H. McQueen, Esq., a prominent Republican of this city, announcing his determination to support Greeley and Brown in the pending canvass. Mr. McQueen is well known in this city, where, up to the present campaign, he has invariably acted with the Republican party. He was in the United Army 25 years, having been wounded at Gettysburg, where he was promoted for meritorious services on the field, he having enlisted as a private in the 13th New York Regiment. After the war he was detailed on duty in the Freedmen's Bureau at this place, in which position he acted until 1867, when he resigned and went into business. Ever since he has been old enough to vote he has been a consistent and unwavering Republican, but believing that the election of the ticket presented at Cincinnati and emphatically endorsed and renominated at Baltimore is the only means of insuring peace and prosperity to our distracted country, and doing away with the fraud and corruption which is so rife throughout her borders, he has determined to take a decided stand for Greeley and Brown.

THE GUBERNATORIAL CANVASS.

Judge Merrimon was elected to the office of Governor of North Carolina.

Our candidates have been speaking every day since the Baltimore Convention, in time to meet Col. Carter and Judge Merrimon at this place, according to their appointment, and without going into detail relative to the speeches, we will simply say that Cobb was not only applauded, but as a politician, literally applauded. Col. Carter has made a deep impression throughout the entire district and his election, I think, is a certainty.

Our delegation had a rich time in Baltimore, and all of them were highly pleased with the proceedings and result of the Convention. The Northern Democracy is in a blaze for Greeley, and evidently determined to make a common and faithful struggle with the liberal Republicans and Southern Democrats.

The Northern people say his throne of iniquity and usurpation has assumed such a lofty position, that they are determined to see it fall, and that they are confident that they will see it fall.

Dr. Ramsey is the Republican candidate for the Senate from this county, and he has been very successful in his efforts to secure the support of the people.

On Monday, the crowd began to assemble early for the purpose of hearing our candidate at this place, and at the time of the speaking, over six hundred people had assembled in the large Court house, and the speaker was greeted with prolonged and loud applause.

Our friends are in high spirits and were very much gratified with Judge Merrimon's effort here and Gold Hill, and the impression he has created elsewhere is not easily to be eradicated.

Rowan, as a matter of course, is all right for our ticket, and you may expect good news in August. The Democratic ticket is composed of the following gentlemen: For the Senate from the District of North Carolina, Judge Merrimon, Charles Price, for the House of Representatives, Dr. F. N. Luckey, who was a member of the last Legislature, and Kerr Craigie, Dr. J. G. Ramsey, for the Senate, and J. A. Ramsey and Levi Trexler for the House, are their appointments.

The Radical ticket stands no chance whatever, the county being largely Democratic.

We start from here to-night to Brower's Mills, in Randolph county, having spent a most pleasant time in Salisbury and leaving it with much regret.

As I do not remember any one of them except Gen. Clingman, and Gov. Vance, I hope you will get all the names and addresses from Gen. Barringer and publish them, so as to enable us to communicate with each other.

No other news of special interest except nearly all the Eastern counties are aroused and alive to a sense of their duty, and I believe determined to make a faithful struggle, to triumph in August and triumph in November, that they may once inhale the air of freedom, and to avert the impending evils in our midst.

Our delegation at Baltimore appointed a Committee of five of its members, myself being one, to correspond with Northern gentlemen, and make other arrangements to get quite a number of them to come to our State, and aid us in canvassing.

Judge Merrimon was to speak that day.

As the time for the speeches had not arrived, your correspondent availed himself of this opportunity to visit the gold mines.

These mines are operated by a Northern Company and are said to be a fruitful source of wealth. One of the shafts is seven hundred feet deep and the other two hundred. Not being very inquisitive in regard to the operations below the surface, we did not go down to see the machinery, but the machinery by which the gold is separated from its place of deposit, which was quite interesting. I have not space to relate the process by which it is done; and, besides, many of your readers are already familiar with it.

Our delegation of four hundred people had congregated on the ground to hear our candidate for Governor speak; the place set apart being the porch of the hotel, which was festooned with evergreen, roses, &c., the work of ladies, and presented a very pretty appearance.

THE RADICAL KU KLUX.

Read the account in our local columns of the disgraceful conduct of the Radical Ku Klux negroes, in recently assaulting in this city, Cravon and Cross, two colored Greeley Republicans.

It will be seen that the perpetrators have been bound over to Court.

Let prudence and discretion be exhibited by our party in this contest.

Everything will be done to provoke collisions and disorder. Nothing would please the Radicals better than to see riots and bloodshed.

Democrats, be calm—quiet, but maintain your rights firmly.

WHERE is the Agricultural College for which Congress gave us land scrip, that was sold for \$125,000? It went into Radical hands. They invested it in special Tax Bonds, for the benefit of the swindlers.
