

LOCAL MATTER.

E. C. WOODSON, Editor.

OXFORD ITEMS.—Our Oxford correspondent, under date of yesterday gives us the following items:
The town and vicinity has just undergone a terrible small pox excitement, caused by the report that a man by the name of John Doyl living near Hall's X Roads, eight miles from the city. A severe excitement was however allayed by the report of the attending Physician Dr. W. M. Crenshaw, who stated the death of Mr. Doyl was from typhoid dysentery with confluent measles.

St. John's College.—The prospect of having this beautiful edifice opened as an Orphan Asylum, with Mr. J. H. Mills as Superintendent, is hailed with delight by all classes of our citizens. It is hoped that the Legislature will come forward with a proper liberality in aid of the plan proposed by the Grand Lodge.

The success of the People's Building and Loan Association is exceeding the expectations of many of its members, some of whom are taking a double quantity of stock, and new members are joining at almost every meeting. The meetings of the Association which take place at the C. H., the third Friday night, in every month, are open to the public, and the building for the money is often quite spirited. This institution thus far has been managed with great economy and is paying good interest to the stock-holders.

Your many readers in Granville and other parts of the State, will regret to hear of the illness of Mr. John C. Taylor, who by one of our most intelligent citizens. He formerly represented this county in the Legislature, and is at present, President of the Goodwyn Agricultural Club.

A very prudent farmer residing eight or ten miles from Oxford, walked to town the other day, being unwilling for his horses to come in contact with the epizooty. He even took the precaution to build a very high fence, and put them in the enclosure, feeling assured that they were clear of the reach of all danger of catching the much dreaded disease. To his mortification, however, on his arrival at home after a fatiguing trip with light shoes, he found every one of them suffering with decided indications of the malady.

The exercises in declamation and compositions at Messrs. Horner & Co.'s Classical and Commercial School on Thursday evening were of the most interesting character. The accomplished Miss Patterson was observed among the spectators. The Rev. Dr. E. Jordan, the very efficient and popular pastor of the Presbyterian Church, delivered a chaste and pertinent address which was distinguished for the practicability of its suggestions.

Mr. Jonathan Osborn, who not long since sustained the fracture of one of his thighs by falling from the top of a load of fodder, is getting on very well. He is able to walk a little on crutches. Mr. Osborn was an old inhabitant of Oxford, and has been for many years a member of the Presbyterian Church.

LOCALS FROM TRINITY COLLEGE.—Our correspondent from Trinity College, under date of Tuesday, gives us the following items:
The weather at Trinity is said to be colder than it has been in three years.

The Christmas speaking began last night—the first division of the Preparatory spoke, J. N. Petty, of Pittsburg, making the greatest display of eloquence we expect to see Mr. Petty in after life moving among the first men of the State.

The Hesperian and Columbian Societies have determined to build new Halls, each Society giving \$4,000 apiece and the President, Dr. Craven, pledging himself for \$2,000, hence the two Halls will cost \$12,000.

The horse rally is here, putting the citizens to a great deal of inconvenience. The mail is carried from High Point to Trinity with one of Leach's little speckled bulls.

The new College building in erection now, will be the largest in the State when completed.

There are 137 students in attendance this session. Several from Davidson College, and more expected after Christmas.

Dr. Craven is absent at the Conference. We hope he will return at an early day. Prof. Gannaway is officiating in his stead.

About half a dozen young men have handed themselves together as vocal serenaders of the young ladies. We have had the pleasure of listening to them, and the atmosphere is rendered more by their exquisite voices. They were treated heavily to cake and father Bacchus Saturday night. W. P. Craven is leader of these siren-like serenaders.

Father James Leach is at the point of death. His illness has been protracted.

WARRENTON ITEMS.—Our Warrenton correspondent under date of yesterday, says:
The matrimonial fever is "up and raging," enclosed find three victims from old Warren in one week.

There is universal indignation here in regard to cutting off of a piece of our county to form the proposed new county of "Gilliam." Warren you know is a small county, only 23 miles square, formed in 1799, and our attachment to every inch of it is necessarily dear. We hope the Legislature will let us remain as we are.

Warrenton as a cotton market, is proving quite a success. Main street is blocked daily with cotton bales, and much resembles Sycamore street, Petersburg. Our enterprising merchants paid 17 cents for the staple yesterday, and the farmers find that this is better than shipping it to Northern markets.

The snow, the beautiful snow, came thick and fast yesterday and last night, and to-day many of our young sportsmen are out providing themselves with a supply of "small-bone" bacon. One young man, doubtless more expert of more lucky than others, has already reported with fifteen "chickens" the trophy of a few hours hunt.

The epizootic still prevails in this county but in a mild form.

I am glad to state that as the holidays approach business with our merchants and tradesmen is on the increase.

CLASSICAL AND MATHEMATICAL SCHOOL.—Mr. T. J. Horner, Principal of the Tally Ho School, announces this morning that the Spring session of that school will commence on the third Monday in January. See notice.

VOL. I.

ESTIMATING RETURNS.—This is the age of innovations. Almost every day develops some unlearned strategy invented by the fertile brain of Radical ingenuity and chicanery.

The latest system of electing members of the Legislature and other officers is that which has recently been put in operation by the Pinchback conspirators in Louisiana. The Pinchback or Custom House Returning Board, which has undertaken the work of passing upon the election returns and counting in such members of the Legislature and State officers as suited their Radical notions of propriety, adopted the novel plan of giving majorities not only to those whose candidates who actually received them, but also those who ought to have received them but who failed to do so. In other words, the Custom House or Pinchback Board estimates the returns—not upon the official reports but upon "other evidence," such as the testimony of negroes who did not vote and who furnished affidavits that they were prevented from doing so by intimidation or fear of bodily harm.

Mr. R. T. Ballard has lost a valuable horse from the epizooty.
Mr. A. J. Carr, of this county, had his grain house, with several bales of cotton, burned one day last week. The fire is supposed to have originated from a match.

The Rev. Dr. Pritchard, of your city, is continuing his interesting revival of Religion here with great success. Notwithstanding the exceeding inclement weather, large congregations greet his laudable efforts, and much good is being accomplished. So far, eighteen persons have made a profession of religion, and the number of enquirers are increasing.

Dr. Pritchard preached in the Baptist Church here yesterday to a large congregation. The protracted meeting at that Church is progressing well.

DEATH OF FATHER MULVEY.—With profound regret, we learn by telegram that the Very Rev. Thomas Mulvey, V. G. pastor of the Roman Catholic Church of Petersburg, and Vicar General of the Diocese of Richmond, departed this life on Sunday.

The Catholic people have received in the death of this excellent Priest a stroke which they will feel most acutely, and the citizens of Petersburg will mourn his loss for a long time to come. Father Mulvey was widely known, and where known he was beloved. He was one of the kindest and most warm-hearted gentlemen that could be met with. He was a man of fine attainments, and of a sociability of character unassumed. Pious and gentle in soul, his beautiful spirit gave a warmth and an interest to every conversation. In fact the excellence of his character knit into friendship for the man every heart that came within reach of his influence. Among the Roman Catholic clergy, Father Mulvey held an exalted position, and we have abundant knowledge of the fact that the Priesthood held him in the highest esteem. He was the warm friend of the great and lamented Father Plunket, of Portsmouth, and both of these beautiful characters were learned, pious and gentle.

OUTRAGE UPON THE HOUSE OF REPRESENTATIVES.—The seat of Mabson, colored, a Representative from Edgecombe, has been contested, upon the ground that he had not been at the time of his election a citizen of the county twelve months. Dick Johnson, colored, a representative from the county of Edgecombe in the last Legislature, was summoned as a witness and testified before the House Committee on Privileges and Elections.

On yesterday, Senator Mabson, col. of New Hanover, a brother of the other Mabson, approached Johnson in the Capitol, and mentioning his testimony before the committee, at once fell upon him. Before he could be stopped, Johnson was struck several blows, his head badly cut, and severe injuries inflicted.

Johnson is here as a witness before a committee of the House of Representatives and under its protection. Mabson has been guilty of a gross contempt of the House, and the matter will doubtless at once be investigated. If the facts above be as stated above, the Senate will doubtless take decisive action in the matter. We shall see.

INDEPENDENT ORDER OF GOOD TEMPLARS.—We learn from Theo. N. Ramsay, General Deputy, that the order of Good Templars in North Carolina is making rapid progress. The order has only been in operation in this State about four months, and numbers to-day upwards of fifteen hundred souls. This is an international order—existing not only in the United States, but in Europe. It numbers in all over half a million members, and is regarded the best and most substantial order in the world. It admits ladies to social position; has three Degrees, besides many other attractive features. The Lodge in this City is the banner Lodge of the world, numbering nearly three hundred members. We are told that the regular meetings of this Lodge are well attended. This is attributed to the fact that the meetings are highly interesting and attractive, besides being very impressive. We wish our friends in this good cause abundant success.

HOW THE ELECTORAL VOTE WAS CAST.—The Greeley States voted as follows at their respective capitals for President: Maryland for Hendricks, unanimously—Kentucky, Hendricks 8, Breckinridge 1—Tennessee, Hendricks unanimously—Georgia, Brown 6, Greeley 2, Jenkins 2—Missouri, Brown 8, Hendricks 5, D. Davis 1—Louisiana, blank. These States passed resolutions of respect to Mr. Greeley's memory. The unanimous vote for Vice President was given to Gov. Brown in Maryland, Tennessee and Louisiana.

A famous skater died at New York the other day, and while preparing the funeral service the minister said he had gone "where there is no ice," thus leaving the friends of this poor fellow the melancholy reflection that he must either come down to roller skates or abandon the business altogether.

A HISTORY OF THE TROUBLES IN LOUISIANA.

In order that our readers may understand fully the cause of the disturbances that are now prevailing in Louisiana we give below a full statement of the case, written by Edwin L. Jewell, of New Orleans, for the New York Herald.

From this plain, comprehensive statement, it will be seen that the whole trouble originated through the conduct of Federal officials and negroes, who in their wild hunt after office, have attempted to thwart the popular will, and by conspiracy and fraud gain control of the State Government of Louisiana.

The attempt to overthrow the legitimate State government of Louisiana is confined exclusively to the Federal office-holders, backed by the negroes. The principal actors in this drama are Senator W. P. Kellogg, United States Marshal Packard, United States Deputy Collector Meriwig, United States Naval Officer Ingraham, (colored.) United States District Attorney Beckwith, C. G. Antonio, (colored.) United States Collector at Port Charles, B. S. Pinchback, (colored.) defeated candidate for Congressman at large; United States District Judge Durell, candidate for United States Senate, and E. C. Billings, Attorney for E. E. Norton, universal assigee in bankruptcy and applicant for the successorship of Judge Durell. Here you have the entire list of conspirators against the State government.

In an election remarkable for its good order and fairness all over the State the Custom House party, as they are termed with us, was defeated by a large majority, by the liberal fusion ticket. Their defeat was owing in a great measure to the dissensions in their own ranks. Their party was split up into no less than three factions, while the Liberal fusionists presented an unbroken front and thus marched on to victory, scattering their demoralized and disorganized opponents to the four winds of heaven.

Humiliated and chagrined by their discomfiture they conceived a desperate plot to rob the people of Louisiana and thus march on to victory, scattering the organic law of the land. To accomplish their design the co-operation of Judge Durell must be secured. By those who are at all familiar with the administration of the bankrupt Court at New Orleans, the Gaited States official it will be readily understood how easy it is to enlist him on any side of a judicial question. The United States Senatorship was a choice morsel and the tempting bait was no sooner thrown out to this most righteous Judge than he gobbled it down, look, hole and all, at one swallow. This arranged, Mr. E. C. Billings, the *fidus Achates* of the Judge, must also be provided for. The able counsellor was still smarting under his defeat for the republican nomination for Governor, brought about by Packard, the Gaited States Custom House official. Hence Mr. Billings was loud and deep in his denunciations of the Custom House Ring of corruptionists, and at one time threatened to support and vote for Colonel Meyers, an opponent of W. P. Kellogg. A reconciliation was therefore indispensable, and so Mr. Billings was promised the Judgeship of the United States Court, or a seat on the Supreme Bench of the State. So Mr. Billings suddenly became as gentle as a loving swain and as tractable as a piece of wax. He pleaded long and eloquently before Judge Durell in favor of issuing such an order as to organize a Legislature that would elect the Judge himself United States Senator and declare elected a Governor that would appoint the Attorney General and the Supreme Court. And Judge Durell granted the order upon which an unauthorized bill is now presuming to act as the Legislature of Louisiana.

How the Custom House party make the election returns. Notwithstanding the returns of the State and city election have always been and are still in possession of Governor Warmoth, the only legal custodian, the returns based simply upon memoranda kept by the republican United States supervisors of the election appointed under the recent act of Congress, were introduced in this way in the minority Custom House Board would add, by way of a foot note,
