HERE AND THERE.

When is the book of Nature studied? When autumn turns the leaves, and they are red. Clouds are the veil behind which the face of day coquettishly hides itself, to enhance its beauty.

Most of the shadows that cross our path through life are caused by standing in our own light. "No crows, no cream," was the way an intelligent compositor set up the words "No cross, no crown."

The pleasantest things in the world are pleasant thoughts, and the greatest art in life is to have as many of them as possible. The man who would shine in conversation must possess original ideas and strong sympathies—be able both to communicate and to listen.

With and gaiety answers the same purpose that a fire does in a damp house—dispersing chills and drying up mould, and making all wholesome. A gentle heat is like ripe fruit, which bends so low that it is at the mercy of every one who chooses to pluck it, while the harder fruits keep out of reach.

An old bachelor, who bears his lonely state with much equanimity, says: "It is better to be laughed at for not being married, than to be unable to laugh because you are."

THE PHOENIX FIRE INSURANCE COMPANY.—We were pleased to meet in this city on Saturday, Mr. T. H. Dashiell, chief of the general Supervising Agent of the Phoenix Fire Insurance Company, of Brooklyn, New York.

MR. DOUGLAS BELL, late the Agent of this Company, having resigned, Mr. Dashiell is engaged in closing up the business of the last twelve months, and has appointed Col. J. M. Tate as Agent.

WORK DONE AT THE INSANE ASYLUM.—We are requested by the Steward of the Insane Asylum to say, in answer to a suggestion of "An Advocate for Work," in a communication of the 9th of the 28th, in regard to giving "the work of the Penitentiary and the Asylums to the poor, instead of appropriating the funds of those institutions to enrich a few already thriving persons," that all the work of that institution, appropriate to females, such as sewing, knitting, &c., is done by the inmates. The female attendants and patients make all the new garments, and mend all the old ones for the entire institution.

NATIVE TALENT.—We were shown yesterday a beautiful specimen of worsted work, representing a large bouquet of flowers, nicely encased into a beautiful walnut frame, the hand-work of Miss Florence McGowan of this city.

A MOVE IN THE RIGHT DIRECTION.—Some of the members of our coming Legislature, fully appreciating the depleted, worn out and exhausted situation of our good old State, and the complete blindness of the farmers who should use common sense for her restoration, have determined to use the following mode of convincing them of their folly: They propose to lessen the tax on all farmers, who are not only alive to their own interest but whose State pride prompts them to promote the general welfare of the people and decrease their tax in proportion to the quantity of clover or grass seed sown, and in like proportion increase the tax on those who seem evidently determined to exhaust their lands with all possible speed, and then sell out and leave. We are glad to see our grocery merchants anticipate the move and laying in a large stock of seeds to supply the demand.

APPOINTMENTS.—The General Agent for the North Carolina Masonic Temple Association has made the following appointments for Alamance county—Worshipful Masters are requested to call their Lodges together at the times appointed: Eureka Lodge No. 208, Tuesday October 1st.

INDUSTRIAL LODGE NO. 212, Wednesday, October 2nd. M. E. Herman Lodge No. 247, Thursday, October 3rd. Cane Creek Lodge No. 142, Friday, October 4th. Pleasant Hill Lodge No. 168, Saturday, October 5th.

"THE SPIRIT OF THE AGE."—This is the name of a new weekly, published by Messrs. Edwards & Broughton, in this city, the first number making its appearance on Saturday. It is published in the interest of the order of Good Templars, and has for its contributing editors the Revs. T. H. Pritchard and H. T. Hudson. The Spirit of the Age, succeeds the Banner of Temperance, recently published by Theo. N. Ramsey, Esq. We wish the new enterprise much success.

COLORED MEMBERS OF THE NEXT LEGISLATURE.—There will be in the next Legislature, as far as we can ascertain, 16 colored members—4 in the Senate and 12 in the House. This is a gain of one in the Senate and a loss of some four in the House.
