If he had power as Mr. Badger says he had, to arrest the Robeson banditti, and did not use it, then he should be held to a strict accountability for nonfeasance in office.

If the Legislature was compelled to offer rewards for the capture of the Lowreys, by the failure of the Chief Executive of the State to put the gov ernmental machinery in force, then the necessity for the action of the Legislature was due to the failure of the Goyernor to discharge his duty.

DEAR SIR—In reply to your inquiry as to how I liked the Sea Island Guano I got of you, I wish to say that I applied it, 200 pounds to the acre, alongside of Peruvian, Pacific Guano and Gilham's Tobacco Fertilizer in equal quantities; it stands the drouth better than either of the above fertilizers. It matured better on the hill and cured better and more yellow than either of the other fertilizers used. I think it is a splendid fertilizer and I expect to use it next season.
