the State, We have not seen Mr. Gorman's bill, and therefore cannot speak of its tea tures. We do not hold that the milities laws are perfect, or cannot be amended. But we do say that it is not true, as charged by Gov. Caldwell, that the last Legislature repealed all the effective clauses of the militia law, and we have demonstrated this time and again to the satisfaction of every reasonable mar We propose to day to call in Repub-

lican authority to sustain us. It will be remembered that the NEWS, before and during the Summer cam paign, urged Gov. Caldwell, with earnest importunity to put his "government machinery" in force, and bring to condign punishment the Lowrey gang of outlaws that were committing highhanded atrocities on the innocent and helpless citizens of Robeson county.

Again and again we resterated our appeals, which were not the result of a spirit of partizan rancor, or personal malevolence towards the Governor, but the promptings of our common nature.

The Governor did not merely disre gard the appeals made to him by our selves and others in the interest of humanity, but exhibited a contemptuous disdain wholly incompatible with the high functions with which he was em devolving on him as the Chief Magistrate | spite. of the Commonwealth. While the shricks of the victims who fell into the clutches | Administration is disposed to deal more of the Robeson banditti were reading | leniently with our people than it has the air, we almost fancied that we heard | heretofore done, in that President Grant the shrieks of laughter of his then Accidency and his friends, over a puerile States troops from the States of North and clumsy joke which he attempted to Carolina, South Carolina, Alabama, perpetuate at the expense of ourselves and others who had invoked him to the to Utah and other points where their discharge of a plain duty that his oath of office and the dictates of humanity equally demanded that he should per-

We endeavored to convince the Gov- their pride and honor and argues a ernor by argument, after entreaty had failed, and proved, as we thought, that he was clothed with ample powers to capture the outlaws. He was as impervious to our logic as he had been deaf to our importunities. With a stubborn perverseness in keeping with his political interests, he persisted in adhering to the original opinion which he had expressed, viz: that he was powerless to protect the citizens of Robeson county by reason of the emasculation of the militia laws of the State by the Conservative Legislature.

This was the only prop on which Gov. Caldwell then relied in justification of his failure to redress the wrongs of the unfortunate people of Robeson. We clearly demonstrated at the time, that this device was not sufficient to screen the Governor from the censure of all whose eyes were not blinded by prejudice. It is highly probable that Gov. Caldwell thought our strictures on his neglect of duty were too sweeping and unch critable. We have, however, as he perceives, a complete vindication of our course by the action of some of political and personal friends in the Legislature, who solumnly and emphatically aver, in their capacity as legislators,

"We have governmental machinery adequate, if put VIGOROUSLY IN FORCE, to ARREST ANY OFFENDER against the peace and order of the State."

This language taken from the protest against "blood money," entered on the journal by Mr. Badger and other Republican brethren of Gov. Caldwell, is pointed and comprehensive. I covers the whole ground. It sustains the position we occupied most triumphantly and as effectually knocks the prop from under his Excellency. Messrs. Badger & Co. have not left him a nar row neck of land on which to stand. On the question of his power over the militia, he is garroted by those of his own political faith, and whom we suppose he recognizes as his personal friends. Mr. Badger and the other protestants say :

"We have governmental machinery adequate, if put vigorously in force, to arrest any offender," &c.

Governor Caldwell said he was pow erless to arrest Lowrey and his co-offenders because all the effective clauses o the military law had been repealed.

We repeat again, we are sustained by Mr. Badger, who is a clear headed and able lawyer, and the acknowledged leader of the Republican party in the House, and also by seven other Republicans, in our censures of Gov. Caldwell for dereliction of duty in not having afforded protection to the people of

Robeson county. It Mr. Badger was to undertake to write an impartial history of the times when Lowrey was holding his high carnival of crime and blood, he would tions. be constrained to comment in terms of unequivocal condemnation of Governor

The language we and have used the names of gentlemen quote as a shred of history is a stand- of high character in the State to give ing memorial against Gov. That is ineffaceable, and will not down record at the Governor's bidding. A BETTER SPIRIT, We see daily manifestations of a more liberal spirit on the part of the North towards the South.

We have before referred to the speeches of Farnsworth, Bingham, Willard and B. F. Butler, Republican mem bers of Congress from the North, advocating the repeal of the Act of Congress striking the names of Southern survivors of the war of 1812 from the pension list. Their efforts were successful the House, and the bill has since passed the Senate restoring the name, of the " rebels " who had been deprived of their pensions by Congress, while that body was in an angry mood towards the South. The spirit of the debate in Congress showed very plainly that the Northern Representatives are powered, or the fearful responsibility relaxing their sectional malevolence and

With all these evidences of a better spirit towards the South, will the House of Representatives of the Legislature of North Carolina hesitate to pass the Amnesty Bill now before that body?

POCKET CHARTERS.

In an editorial on the 8th inst, we suggested that the Legislature should look carefully into the character of the strangers who are lobbying all sorts of 1873. Railroad schemes through the Legislature, and asking for extraordinary grants

of power. These schemes are popular, because uo appropriations are asked, and everything looks fair and reasonable on the

But we unhesitatingly assert that we have no faith in the individuals who come here without credentials and represent themselves as agents for capitalists and gentlemen of character at distance. Let them produce their credentials, and convince the Legislature of their ability and readiness to build railroads or to carry out any of their extravagant promises.

We make no attack upon any particular individual, but we think the Representatives of the people cannot be too careful in watching the movements of adventurers and speculators who have no interest in the State, but who are flooding the Legislature with various Railroad projects, asking for extraordinary powers, including banking privi

We have no faith that any of these schemes originating with persons unknown to us, strangers in sentiment and aliens in interest, will be consummated by those who originate them. But as no State aid is demanded, the Legislaure has granted, with great unanimity, the charters asked for.

We again ask the Representatives of the people to be on their guard against these mysterious Railroad projects.

It is rumored that the charter for the New York, Norfolk and Charleston Railway Company, granted by the Legislature belore the recess, is now offered for sale in New York City, but we give this only as a rumor, as we can

not trace it to any reliable source. Certain It is, that Railroad corporations are beginning to exercise great power in several States, and are to some extent controlling legislation. The Southern Security Company and the Pennyslvania Central are gradually extending their lines and augmenting their power, and we cannot be too careful in our efforts to prevent North Carolina from falling a victim to the grasping ambition and greed of foreign corpora-

[From the Hillsboro Recorder. THE AMNESTY BILL AGAIN .- The News thinks we were rather harsh in our condemnation of our own party made against his Administration by his who might not unite with us in the support of this measure. Perhaps we were too intolerant of an honest difference of opinion, and forgetful that all stand-point. But when we know the bitter and uncompromising hostility of the radical party to the measure, and when we hear of the efforts made by radical Judge to push through measures of vengeance at the sacrifice of peace harmony and justice, we may be pardoned if feeling was stronger than reason, and that we were prompt to condemn those, who stood ready 'to give aid and comfort to the enemy.

SOLUBLE SEA ISLAND GUANO!

GOLDSBORO, Wayne County, N. C., November 23rd, 1872.

JOHN H. POWELL, Esq.: DEAR SIR—The Soluble Sea Island Guano purchased of you this season was used by the side of three others, and has given me more satisfaction than any of the oth-ers. The Soluble Sea Island Guano was the one used upon the acre of land upon which son raised the cotton upon which he took his State premium for the greatest amount cotton to an acre; and I am informed by the Chairman of the Committee that had he entered for the largest amount of cotton to the acre, premiums open to all ages, he would have also taken that premium, beating all 150 lbs. I am better pleased with it than any other Guano I have ever used on cotton, and I shall use it in preference to others next season for my cotton crop.

Branch, Herbeit & Co., last Spring, one ton of your Soluble Sea Island Guano for myself and three tons for other parties, and I find them all well pleased with it, and say it is the best Guano, and paid them better than any they ever used. The ton I used myself was put in cotton by the side of two other guanos, and I am willing to say that I should buy the Soluble Sea Island Guano in preference to any that I have used since the war.

HENDERSON, Granville County, N. C., November 29th, 1872.

To S. J. PARHAM:

The Soluble Sea Island Guano purchased of y u was used on tobacco and cotton by me by the side of Peruvian Guano, Stonewall & \* \* \* \* I like it much better than either, and I observed a marked difference in favor of the Sea Island. Shall use in the S. S. ROYSTER.

HENDERSON, Granvitle county. HENRY BURRELL, Esq., has stated to us that he made a test this present year's obacco crop, using two other higher-priced guanos, but is convinced that the Soluble sea Island Guano is the cheapest guano he has ever purchased, and shall use it again.

YANCEYVILLE, Caswell County, N. C. December 6th, 1872.

DEAR SIE-In reply to your inquiry as to how I liked the Sea Island Guano I got of you, I wish to say that I applied it, 200 pounds to the acre, alongside of Peruvian, Pacific Guano and Gilham's Tobacco Fertilizer in equal quantities; it stands the drouth better than either of the above fertilizers. It matured better on the hill and cured better and more yellow than either of the other fertilizers used. I think it is a splendid fertilizer and I expect to use it next season. Yours, respectfully, MARCELLUS MIMMS.
