CENTURY WHISKEY! Persons in delicate health, often find it difficult to obtain a Pure Stimulant when prescribed by their Physicians, and it is for Druggists and other first-class trade that this

CENTURY WHISKEY is particularly designed. It is differently prepared from ANY WHISKEY IN MARKET, and is driving many old brands out of market, because the "principle upon which it is made is superior.

The drawings of the proposed government building in this city have been made out at Washington. Those who have seen them, say that the design promises a beautiful structure.

In our last issue we said that "Mr." Taylor had been re-elected House-keeper of the Deaf, Dumb & Blind Institution. It should have been "Mrs." Taylor. The necessary apology is here with rendered.

The small politicians are now busy themselves over the coming municipal election. The slate has been made out, but we have only heard a portion of it. We hear that the temperance fraternity are going to have a candidate in the field for Mayor.

The membership of Edenton Street Methodist Church is still increasing. Four new members were received on last Sabbath, six on the Sabbath preceding. The pulpit has been handsomely reconstructed and the congregation are hopefully moving to extensive improvement.

LOUISBURG ITEMS.—Since the visit of your local Editor to this place, but little of interest has transpired. The charge of Judge Watts to the Grand Jury on the first morning of the Court, and a few hours before the arrival of Woodson, was nearly the same old change with only a few slight variations. As some time has elapsed, since its delivery I will not attempt even a synopsis now. I can only add to the account of Franklin Court already given in your columns, that Judge Watts presided with more dignity, despatched more business in a shorter time and gave more general satisfaction than on any previous occasion.

The repairs on the Courthouse have been completed, and also much needed repairs and alterations have been made on the county jail. It is believed that no prisoner could now escape from its walls, unless aided by outside help.

Manufacturers are still springing up in and around our rapidly growing town. Messrs. Wilder & Williams' Plow Foundry recently completed, is one of the largest of its kind in the State, being 100 feet long and 28 wide. The engine used is a 24 horse power, and all the arrangements of the entire building and foundry are complete. They are also prepared to turn out castings of any pattern, including mill irons, &c.

NORTH CAROLINA AT THE VIENNA EXPOSITION.—We learn that Prof. W. C. Kerr, our State Geologist, is preparing a large agricultural and mineralogical map of this State for exhibition at the grand International Exposition at Vienna. The topography of the State will be delineated. Its valleys, mountains, rivers, etc., will be shown, together with the divisions of the soil etc. In short all statistics necessary to a complete knowledge of the State will be printed in both the English and German languages. The map will be finished in the course of the next three weeks. We learn that the work of copying the map is to be done at army headquarters in New York. We trust that Prof. Kerr's arduous labors in this direction may be rewarded by a tide of German immigration to this sparsely settled land of ours.

THE BERGER FAMILY.—The Berger family gave a matinee and evening performance at Tucker Hall yesterday afternoon and last evening to a large and highly appreciative audience, on both occasions. We have only to say that this excellent troupe sustained the well earned reputation as artists of more than ordinary attainments. They leave here Monday for Danville, where we bespeak for them crowded houses, that is, if the citizens of that city are disposed to encourage first-class entertainments.

"EDUCATION—THE NATION'S HOPE."—We are pleased to learn that Rev. Dr. York, Professor of Rhetoric in Rutherford College, will deliver a free lecture in Metropolitan Hall, on the above subject, on Wednesday night next. Dr. York has been blind for twenty years or more, but thoroughly understands his theme, and is a most interesting and instructive lecturer. Let everybody hear him on Wednesday night.

FIRE IN FAYETTEVILLE.—When the train left Fayetteville yesterday morning a fire was raging near the Depot. One dwelling house had already been entirely consumed, and another one had taken fire and was rapidly burning up when the train left. We trust that the flames were subdued before other damage was done.

MISS JEANIE PATTERSON.—We see from our exchanges that Miss Jeanie Patterson gave readings and recitations in Griffin last week, and on Macon on Thursday and Friday evenings last.

(1) Pure and mellow! Century Whiskey!

JOHN G. SAXE, THE POET—TUCKER HALL TO-MORROW NIGHT.—John G. Saxe, the Tom Hood of America, will arrive in this city to-morrow morning from Savannah, Georgia, and lecture at Tucker Hall at night. The doors will be opened at 7 o'clock, and the lecture to begin at 8 o'clock. We hope and trust our citizens generally will turn out in large numbers, and crowd the hall. We clip the following from the Chicago Times:

"Saxe's poem on 'Love,' last Saturday evening, at Metropolitan Hall, more than made good the expectations of his warmest admirers. It was dignified and chaste in its diction, although bubbling over with the richest humor; and the reception of the poem was genial and enthusiastic to the end."

A RUNAWAY.—A team of mules ran away with a wagon loaded with hay yesterday on Wilmington street, and the head of one of the mules coming in contact with a tree near the office of Dr. W. H. McKee, the tree proved the most stubborn and the mule was killed. The team belonged to Henry Mordecai, who sustains a loss of about \$175 by the accident.

THE KEEPER OF THE CAPITOL.—Mr. I. W. Rogers, the Keeper of the Capitol, desires us to say that the well in the Capitol Square is in perfect order, and any child can draw water from it. He complains of the article in the Sentinel charging him with a dereliction of duty in not keeping the wells in order, when such is not the case. In justice to Mr. Rogers we make the statement.

CONVALESCENT.—We were pleased to see on the streets yesterday, Mr. J. M. Monie, the popular Fayetteville street commission merchant, who has been confined to his bed by sickness for ten days or more past. He is yet feeble, but with no relapse will be able for duty the coming week.

PROMPT.—Andrew Syme, Esq., the General Agent of the Guyard Mutual Life Insurance Company, on yesterday paid to the heirs of M. J. Myers, Esq., who was killed a short time since on the Seaboard & Roanoke Railroad, \$1000, it being the amount of his insurance policy in said Company.

MEETING.—There will be another meeting of the citizens of Raleigh, at Metropolitan Hall, on Thursday evening next, to take into consideration matters pertaining to the next Fair.

Mr. Saxe's Lecture.

Messrs. Editor:—Those who are thoughtful of the better interests of our city, can but be gratified that the poet-humorist of America is to deliver a lecture to our citizens. It augurs well for the improvement of our people on the subject of public entertainments, when they substitute the intellectual and refined for the unprofitable and often times vitating exhibitions of the miscellaneous drama. We ought to have frequent lectures on popular themes from the accomplished talent of the land. It would not cost the community as much money, it would benefit it vastly more. Let the good system of lectures, now inaugurated, be liberally sustained. A. W. M.

TELEGRAPHIC NEWS.

NOON DISPATCHES.

FOSTER POISONED HIMSELF.

His Sickness Friday Morning—His Confession of having taken Poison—He could not have lived till 10 o'clock—The cause of his Prostration at the Gallows.

New York, March 22.—A statement is published to-day based on information derived from a Tomb's official, that Foster took poison the night before the execution. About 8 o'clock yesterday morning, the matron of the Tombs found Foster sick, and in explanation he then admitted that he had taken poison. The man's symptoms in every way confirmed the suspicion. On this account, the Sheriff hastened the execution, and while many believed the duration of the religious exercises were telling on Foster's nerves, it was in reality weakness caused by poison which had seized him. The tomb's physician says Foster would have died if the execution had been delayed until ten o'clock.

A Havana dispatch says the Spaniards are becoming seriously embarrassed for want of funds to meet the expenses of the prolonged conflict with the insurgents.

Arrest of Supposed Bank of England Forgers. New York, March 22d.—Judson Jarvis, clerk of arrests bureau, claims that he discovered to-day strong proof that George McDonald arrested yesterday is either A. Warren himself, or one of his principal confederates in the late heavy forgeries on the Bank of England. Letters and packages have been found here addressed to Austin Bidwell, and here by Bidwell, and Geo. McDonald. The last mentioned came to Duncan, Sherman & Co., and they knew nothing of its owner.

Marine Disaster. SAVANNAH, Ga., March 22.—The Ship Cadash, ashore on Sapelo Island, will be a total wreck. The captain and the crew have arrived here.

MIDNIGHT DISPATCHES. Foster Still Talked About—Tweed's Case, &c. New York, March 22.—William Foster was buried this morning at Greenwood, Rev. Drs. Walker and Tyng officiating. After the service Dr. Tyng said he felt it his duty to state his belief that the report that Foster had taken poison and was dying at the time of his execution was false; that he and Dr. Walker were alone with Foster for three-quarters of an hour immediately previous to his going to the scaffold; that he seemed in good health and strength, and had a remarkable self-possession of mind; that he dressed himself with minute care, conversed jolly and freely, and on being visited by the Sheriff at 9 o'clock announced his readiness in a full and cheerful voice, and although pinioned walked with a firm step and without assistance to the scaffold where he stood until the fatal moment. Both clergymen declared the idea that he attempted or contemplated suicide as entirely inconsistent with their observation of his physical and moral conduct during the last hours of his life.

Tweed's counsel, before the Senate investigating Committee, has taken the ground that the committee has no jurisdiction, Tweed not having been, nor intended being a member of the Senate. The Committee decided that the question was not within their province and proceeded to examine the witnesses.

Washington News—Confirmations and Nominations—President Sick, &c. WASHINGTON, March 22.—Confirmations: Casper, Collector of Customs at New Orleans; Shaw, Postmaster at Tarboro, N. C.; Adams, Postmaster at Pensacola.

The President is indisposed, and no visitors were admitted. No Executive business.

The Senate, after a brief open session, went into Executive session. Casey occupied them two and a half hours. It is understood that Democrats generally voted for Casey upon the ground that he was more acceptable to the people of New Orleans than any person the President would nominate in his stead. The exact figures and names are inaccessible, but it is understood Casey was confirmed by a respectable majority.

Nominations: Wm. P. Dockery, Collector at St. John's, Fla.; Joseph J. Gensler, Collector at Petersburg, Va.

Washington Affairs. WASHINGTON, March 22.—The letters and packages which have been addressed to Bidwell, care of Duncan Sherman & Co., Bankers, and the Safe Deposit company are supposed to contain missing bonds of the Bank of England. Proceedings to attach these letters were commenced to-day. Bidwell is an accomplice of McDowell's.

From Philadelphia. PHILADELPHIA, March 22.—John Lewis Baker, a well-known actor at Mrs. J. Schanfrau, and married Miss Alexina Fisher, daughter of Mrs. E. N. Thayer. Was President of Actors Order of Friendship.

Royal Birthday. BERLIN, March 22.—To-day is a holiday in Berlin, it being the anniversary of the birth of Emperor William. Flags are flying from public and private buildings and the city will be illuminated to-night. The Emperor is seventy-six years old to-day.

Bishops' Appointments. ROME, March 22.—The appointment by the Pope of the following Bishops to the United States is announced to-day: Very Rev. M. A. Corrigan for the Diocese of Newark, and Rev. Mr. Gross for the Diocese of Savannah.

Weather Report.

WASHINGTON, March 22.—For Sunday in Gulf States increasing southerly winds, cloudy and threatening weather; for the South-Atlantic and southern portion of Middle States, light southerly winds and generally clear weather.

Foreign News. MADRID, March 22.—The Radicals are determined to prevent any demonstration of the extreme Republicans and a crisis is expected to-morrow.
