

HORACE GREELEY'S LIFE POLICY. Horace Greeley's life was insured for one hundred thousand dollars at the time of his death. The dispatches to-day announce that the policy has been paid in full—the largest in the last decade. This is a good advertisement for life insurance companies—gratis.

SALE OF WILMINGTON, RUTHERFORD AND CHARLOTTE ROAD. This Road was sold yesterday at Wilmington to the highest bidder, under decree of New Hanover Court, for the sum of eleven hundred thousand dollars. The purchaser is Edward Mathews, who is the trustee of the first mortgage bond holders.

What has become of Judge Logan's injunction, obtained a few days ago, to prevent the sale of the Road on the 10th?

WE HAVE CAUSE TO REJOICE. The recent magnificent victory in Connecticut gives cause for sincere congratulation among honest men throughout the country.

It is a rebuke of Radical corruption and crime. It is a protest against the frauds and swindling perpetrated by leading Radical Congressmen. It is a condemnation of the Radical policy in Louisiana—which puts the rights and liberties of the people of that State in the hands of a corrupt and lawless faction.

All patriots should rejoice at the prospect of putting an end to the pernicious rule and ruin of Radicalism.

THE FRUITS OF CREDIT MOBILIER.

Nearly all of the municipal elections in the Northern cities which have taken place since the adjournment of Congress, have gone for the Democratic candidates.

These local elections, while comparatively unimportant in themselves, are very significant as showing the dissatisfaction of the masses with the rule of the Republican party.

The country is tired and sick of Radicalism.

The Credit Mobilier Congress doomed it to political death.

JAMES BARRON HOPE, ESQ.

We are pleased to learn that this talented gentleman, Editor of the Norfolk Virginian, has consented to lecture in Raleigh, about the first of May.

Capt. Hope's Lecture, "THE PRESS, AND THE PRINTER'S DEVIL," has been well received by the literary public in his own State, and we bespeak for him a large audience in the City of Oaks.

Capt. Hope is a finished scholar, and the author of several beautiful poems. He is a most estimable and high-toned gentleman, and a strong friend of our State.

We hope to be able to announce in a short time the day and place for the lecture.

GOV. HENDRICK'S VISIT.

Several weeks ago, Gov. Hendricks, of Indiana, made a visit to Washington, and forthwith some of the sensational newspaper correspondents at the Capital gave out the intelligence that the visit was one of great political significance—that Gov. Hendricks had a programme on foot to change the name of the National Democratic party for one less odious to the masses at the North, and that the matter was under consideration by leading Democrats in Congress.

Gov. Hendricks denies in the most emphatic manner that he had any such purpose in view, and pronounces the whole story a fabrication.

From the result in Connecticut last Monday, it would seem that the Northern people think there is less odium attached to the name of Democrat than to that of Credit Mobilier—and voted accordingly.

THE FEATHER THAT BROKE THE CAMEL'S BACK.

When the Republican majority in Congress determined to make terms with the corrupt members who had soiled their hands with Credit Mobilier dividends, by allowing the halls of the National Legislature to continue as a refuge for the swindlers and thieves, the late of the Radical party was sealed.

The honor of Congress and the honor of the country demanded the expulsion of the Congressional culprits.

Prominent and leading Republicans were implicated in the Credit Mobilier infamy. Colfax and Wilson—the former the late Vice President, the latter now occupying the second office in the gift of the American people, were involved along with others almost as conspicuous, in corrupt speculations in the Pacific Railroad schemes.

By refusing to vindicate the integrity of Congress—by refusing to cast out the corruptionists who sold themselves to measureless infamy by their connection with the most stupendous swindle of the age, the Radical majority has sounded the death-knell of their party.

There were 84 deaths in Richmond, Va., last week.

LIGHT FROM THE EAST!

Connecticut sends greeting with five thousand and seven hundred majority over the Radical nominee for Governor, and eighteen Democratic majority on joint ballot in the Legislature!

Light breaks in from the East!

RESPONSE FROM THE WEST. Ohio re-echoes the voice of Connecticut.

In the recent elections for municipal officers in that State, nearly all the large cities give Democratic majorities. The people are combining against Radicalism to compass its destruction.

WHAT WILL THE MORMONS DO FOR A LEADER?

The resignation of Brigham Young, the great Mormon chief, announced yesterday, will be received by the country with great surprise.

Brigham has held absolute sway in the Mormon Kingdom, and his retirement from the office of chief ruler, may produce disorder and confusion among the Saints.

What the final effect will be cannot be easily foreshadowed.

ERRORS.

The Warrenton Gazette announces that the Editorial Convention will take place at Greensboro, May the 14th.

The Hillsboro Recorder, in copying our article, perpetrates a typographical error by announcing the meeting on May the 4th, at Goldsboro.

The Gazette is mistaken as to the place, and the Recorder as to the time.

The Convention will be held at Goldsboro, on Wednesday, May the 14th.

THE GOLDSBORO MESSENGER.

A late issue of the Goldsboro Messenger announces that A. J. DeWitt, Esq., of Lynchburg, Va., has assumed the position of Associate editor of that paper. Mr. Bonitz, the proprietor and editor-in-chief, is a very enterprising and successful newspaper manager, and with this additional force in the editorial department the popularity and influence of his paper, will be correspondingly enhanced—Lumberton Robesonian.

We endorse the above from the Lumberton Robesonian. The Goldsboro Messenger is one of the most enterprising papers in the State.

Mr. Bonitz deserves much credit for the zeal and efficiency he has brought to bear on the columns of his paper, and to him Goldsboro is much indebted for the services which the Messenger has rendered in infusing a spirit of energy among her people.

The accession of Mr. DeWitt to the editorial department of the Messenger will add to its usefulness and interest. He has a fine reputation as a writer.

THE EFFECTS OF THE WAR.

The census of 1870 gives some interesting statistics concerning the effects of the late war.

These statistics show how the South has suffered and how the North has fattened on the calamities of the country.

The taxable real and personal property in the United States, according to the census of 1860, was valued at sixteen billions of dollars. In 1870, this valuation is increased to thirty billions—being an increase of fourteen billions of dollars in ten years. In other words, the wealth of the country has been nearly doubled in that period.

When we consider that during five years of that time, the country was engaged in one of the most gigantic wars of modern times, in which hundreds of thousands of human lives and many millions worth of property were destroyed, the great increase in the value of taxables is noteworthy and almost inconceivable.

A comparison of the different effects of the war upon the fortunes of the two sections of the country, shows that while the Northern States have increased their wealth sixteen billions of dollars, the South has lost over two billions of its taxable wealth, from 1860 to 1870.

The New York News commenting on the above statistics, adds:

The most noteworthy point brought out by the census relative to the condition of the Southern States, is that while their wealth has decreased immensely, taxation, under the military reconstruction and carpet bag governments, has increased with still greater rapidity. Excluding Delaware, Maryland and Missouri, which from their proximity to the North shared in the prosperity consequent upon a triumph of the North in the war, the Southern States were taxed by their own authorities \$21,000,000 more in 1870 than in 1860. In other words, while property has depreciated almost one hundred per cent., taxation has increased nearly three hundred per cent. No wonder the South is sick of Radicalism.

The following are Commissioners from Virginia to the Vienna Exposition: Gen. Bradley T. Johnson, Capt. Charles J. Anderson, Lieut. Enders Robinson, Major Frederick R. Scott and J. R. W. Daniel, of Richmond; Prof. W. V. Humphreys, of Lexington; Alexander McDonald, of Lynchburg; Simon H. Hill, of Staunton, and Prof. J. C. Poersch, of Alexandria. One is yet to be appointed.

Take Simmons' Regulator regularly, enjoy health yourself and give gratification to those about you.

You will have cause to bless the day you heard of Simmons' Liver Regulator.

One Cranston, of Newport, Rhode Island, being benevolently inclined, has made a bequest of \$75,000 to be held in trust and the interest on the same to be paid to those of that city "too proud to beg and too honest to steal."

AMUSEMENTS.

TUCKER HALL.

FURNISHED BY OUR AGENTS

AT

FACTORY PRICES,

FREIGHTS ADDED

Your attention is called to the "Opinions of the Press," and the reports of disinterested Newspaper Correspondents from various sections throughout Eastern and Middle North Carolina, and Southeastern Virginia, where it has been extensively used, stating the high repute in which this Fertilizer is held by the Planters, as matter of public concern and benefit.

Enquire for Pamphlet containing these Testimonials and Opinions of the Press and other Useful Matter of General Information and Interest to the Farmer.

It has been so extensively used and universally praised that it requires no commendation at our hand. The Cotton Planters using it affirm that it matures the Cotton earlier by Several Weeks, and nearly doubles the yield. Many say it is equaled by no manipulated Guano on the market; and prefer it for many reasons to the Peruvian Guano.

There will be only a limited amount of this Fertilizer manufactured especially for our supply and trade, and we desire that the Cotton Planters in the section of country tributary to this market, should FIRST BE SUPPLIED, with what they may need. After supplying the needs of the Planter, in the region named, the remainder, if any over, will go to fill the orders of the trade a large, throughout the wide district of territory assigned to us.

Some of the ingredients for this Fertilizer, the "Southern Fertilizing Company" had to import from Germany at a great cost, and this stock had to be laid in and prepared beforehand. The Company, therefore, required us to inform them at the beginning of the season, the probable amount our trade would require, which we did accordingly and we feel confident from the numerous inquiries and large orders received that the demand will far exceed our stock, or ability to supply, and therefore we bespeak our Planter friends to send in their orders at once, (that we may book them, and thereby give them the preference,)—and then, they can order the Fertilizer to be shipped, to them whenever they need it.

The Fertilizer will cost the Planter no more to order it early in the season. Time Price \$65, Free of Interest—Cash Price \$60—at our Warehouse in Norfolk. It is put up in new, strong bags of 200 lbs to the cng. "FIRST COME, FIRST SERVED," is the old adage. If our friends neglect to avail themselves of the opportunity presented, and hereby duly notified, they cannot blame us if, their orders later in the season have to be turned off.

C. W. GRANDY & SONS, NORFOLK, VA.
