is now going the rounds of the press, and as it is a "good thing," we repro-

duce it in our local column : "Calling a boy up in the morning can be classed under the head of "pastimes,"

especially if the boy is foud of exercise the day before. And it is a little singular that the next hardest thing to gets ting a boy out of his bed is getting him into it. There is hardly a mother who Royall stands deservedly high as a is a success at raising a boy. All mothers know this, so do their boys. And yet

the mother seems to go at it in the right way. She opens the stair door and insinuatingly observes : "Johnny." There is no response. "Johnny." Still no

several times. A father knows nothing about this trouble. He merely opens evening this troupe gave a capital cork, and the "John Henry" that cleaves the air of that stairway goes into that like electricity, and pierces the deepest recesses of his very nature. And he pops out of that bed and into his clothes. down the stairs, with a promptness that (none of whom are now living) at the is commendable. It is rarely a boy Mr. Sol. J. thoughtfulness."

CORRT HOUSE IMPROVEMENTS.- We are glad to see that this matter is exciting general interest. We have for months directed public attention to the inade-

quacy of the present building and commented freely upon its unsightiness in

connection it will be proper to state that Messrs. K. P. Battle, T. H. Briggs and Thos. Coats, the Committee appointed by the Board of County Commissioners to examine into the matter, desire that

members of the bar should send them suggestions as to how the proposed improvements should be made. At another time we will have something more to say about this matter.

Second to old Joe Sweeney's, this is the best minstrel performance we ever saw South; and to be [candid, we will admit, that we are actuated more by a spirit of home pride in putting old Joe's troupe,

head of the list, The spectator constantly finds himself disposed to enquire why such excellent artists and vocalists should deem it necessary to avail themselves of burnt cork.

In the excellent performance given last evening, there were many conspicu-

ous displays of real artistic merit, and we do not feel called upon to dwell with special emphasis upon either the drolle-

ries of the Hall, the admirable humor of Cal Wagner, or the dancing of Canfield and Booker. All are excellent, if not quite unequalled in their respective

lines. A specially commendable teature of the Cal Wagner 'roupe is the fine music, both vocal and instrumental, with which it projusely entertained the audience.

A second and last performance will e given to night, and we have only to say that those wanting to laugh heartily should go to see the Cal Wagner troupe. Ladies can attend with full propriety, as the entertainment is strictly chaste. There is to be an entire change of programme.
