upon that." "I am willing." she replied, " if you

OUR STATE MANUFACTURIES .- One Third Assistant Postmaster General, has of the main objects contemplated by just issued the following important the Proprietors of the News in sending regulations concerning the Postal Card | us to the various counties of the State is to have reported the location, condition, capacity, history and prospects of Prices .- Postal Cards will be sold for our State manufacturies, so far as time convenience of location, and accessibility of the same would permit.

While at Alamance court we visited the large GRANITE COTTON MILLS of Messrs. Holt & Moore, at Haw River Station on the North Carolina Railroad, but a full description of this mammoth establishment could not be given by one so little experienced in machinery, and

The Granite Mills were established by the Senior partner, Col. Thos. M. Holt, long before the war, but on a comparatively small scale with the present. are to be regarded by Postmasters the Cotton yarns were only made prior to. same as scaled letters, and not as printed and during the war, and the goods had the amount over \$10,000. The whole

associated with him in business Capt. the time of receipt they will be burned A. G. Moore, one of the most energetic and enterprising men in the State, who devotes his entire time and energies to the business.

The new firm at once commenced the work of pulling down old buildings and to day would not be known to a visitor | this means it is thought several thouse that saw it in 1865.

In our visit we were first shown by Captain Moore the "town" built by the firm for the factory operatives. The streets are beautifully laid out, and will The houses large, airy, and comfortable frame cottages, neatly painted and subroom both for yard and garden, and follows: lance, and cleanliness, above all things, is strictly enjoined and rules for this

Leaving the "town," we next visited the principal factory building, situated Individuals desiring Postal Cards will immediately on the banks of Haw River. purchase them of a postmaster, as in about eighty yards from the railroad no case can they obtain them upon di- depot and about the same distance from the Falls of the river.

This building is one hundred and seventy feet in length, fifty-six wide, (clear) four stories high, and made of brick. The first floor is the weaving department, in which are sixty-six the Chief Marshal to be authorized to the Peace Institute, in this city, on Fri- looms, with warp mills, spoolers, quilday evening next, upon the subject of lers and beamers for same. In this the Anglo-Saxon race. He recently de department the employees are all years of age, each one performing her "To sag that we were pleased with separate task, and clock work could

On the third floor is an Engquent, scholarly, bold in its deductions, lish Opener of the most approved style, and in portions, ingenious and original. and imported from England by this It is impossible to give even an outline firm. There are also two lappers or in the small space left to us, and it pickers. There are thirty cards in were unjust to Major Bingham to at operation on this floor with rail-way ma," the Richmond correspondent of the tempt, it, since we would not dwart his heads, drawings and speeders for same. Norfolk Journal, in his letter of Monday arrived yesterday morning on a visit to grand ideas or copious illustrations. In this department men, boys and girls do the work.

On the fourth story are spoolers and warp mills, upon which are manufacthanks of our community for his ad- tured warps which are shpiped in quantities to Northern markets, much supplied by these mills.

All of the machinery in the mills are entirely new, of the very best and most charming lecturess. To night she gives not reach them. able gracefully to wear the mantle approved style. Each department has her last lecture here, on the "Passions," an overseer. Regular hours for work and she will have another full house if prise complete and terribie. assert that no Northern mills are con- appearance." ducted on a more systematic plan and at less expense. The work turned out is, brown sheetings and shirtings, osna-NEWS" TO LONDON-A MEETING OF burgs, ginghams, licks, drills, cottonades, domestic plaids and stripes, cot ton yarns and warps.

The dyeing department is separate with improved machinery and the best of materials used, but few manufactured Northern goods can compare with the colors of these mills.

The flouring mills are also situated on the river bank and immediately men have won the field, and victory alongside the railroad. Cars are loaded and unloaded on the fifty story of the building. This is said to be the largest flouring mill in the State, averaging daily one hundred barrels. The "Morning Star" brand, so popular with hotel proprietors and families, not only in this but other States, is manufactured

This is also an immense building, well arranged with elevators and convevors which work by water power. The business of this mill is strictly wheat is ground for merchant trade. On the opposite bank of the river is Raleigh. also another grist and flouring mill for neighborhood business.

More we could say of the "Granite Mills" of Haw River, but this we regard as sufficient. Let our merchants try the goods of this firm for one season, and our word for it, they will see no necessity for sending their money North. RETRAXIT.-Ex Governor, Ex-Con-

federate soldier, Jonas Medlin, now the very worthy Mayor of Rhamkatte, in company with his friend and Attorney, honored our sanctum with a visit yesterday evening and publicly demanded a retraxit of our article in yesterday's issue in which we put him in the guard (he stood erect six feet two, in his stockings,) together with our appreciation of his staff of office, (a green hickory stick,) we felt in duty bound to say in to-day's issue that the Mayor stepped in the guard house through mistake, was not drunk, only gentlemanly merry, and moreover he is spoken of prominently as the President of the great moderate drinkers mass-meeting tonight at the Baptist Grove.

(2) A pure stimulant, Century Whiskey!

MEETING OF THE EXECUTIVE COM-MITTEE OF THE STATE AGRICULTURAL Society.-The regular meeting of the Executive Committee of the State Agricultural Society, President Holt presiding was held yesterday, and various matters of importance to the success of the Fair this fall was considered and acted upon. The Building Committee is now going forward with the important work they have in hand, and the original plans, as exhibited by the Committee, will be carried out, the whole when completed forming doubtless the most handsome grounds in the South. The meeting of the Committee "never in his born days seed sich a site | yesterday was full, and an evidence of earnestness was manifested that we were

The Secretary reported some \$9,300 as having been subscribed by the city of Raleigh, and that a committee was still at work with a prospect of carrying a reputation second to none made North | grounds, when completed, will have cost some \$32,000, and the Committee hope Immediately after the war, Col. Holt to reach this end without leaving the Society in debt any more than it was before the change of grounds was proposed.

The work of erecting the buildings and arranging the grounds will not be given out by contract, but will be done under the immediate supervision of the erecting in stead larger ones on a mod- Building Committee with the assistance ern and improved plan, and Haw River of our efficient Superintendent.
