We have no reference now to the gentlemen who have been appointed honorary commissioners to Vienna by Gov. Caldwell.

We have no reference to individual citizens of our State who may attend the grand exposition from motives of curiosity or for their own pleasure and instruction.

But we ask, shall the State of North Carolina be represented at Vienna? By the State we mean the State's resources -her productions, her mineral wealth, her advantages of climate and soil and her manufacturing, mechanical and agricultural interests.

It is useless to send representatives to Vienna unless they go there with the purpose of benefiting the State and our whole people.

We want Professor Kerr to go, but we want him to take with him a full supply of specimens of our resources. We want him to lay before the world the advantages which North Carolina offers to emigrants in search of comfortable homes. We want him to make an exhibition worthy of the State-of its exhaustless mineral wealth-of its magnificent mountain scenery-of its unequalled water power in the Westof its fertile soil in the East-of its salubrious climate-and of its varied productions.

If Professor Kerr, as we understand it is his purpose to do, shall represent the State creditably and truly at Vienna, we can reasonably anticipate the most advantageous results from his trip.

We understand he is preparing a large map of the State which will be exhibition, and which will show at a homes in our midst, it would more glance the advantages and peculiarities than pay for the amount of his of every section of North Carolina.

company this map, and Prof. Kerr should be at Vienna in person to give reliable and full explanations of the map and specimens to be sent, and to answer all questions that are asked concerning the State, by those whose curiosity may be on exhibition.

SLEEP-ITS IMPORTANCE.

We call attention to an article in another column from the pen of Dr. Charles F. Deems, Pastor of the Church of the Strangers, on the subject of sleep. It is evident that Dr. Deems has given

the subject careful thought, and his suggestions deserve the serious consideration of our readers.

He thinks every person ought to sleep at least eight hours out of twenty-four, and the warnings pointed out to those who keep late hours and rise early for the next day's work, are solemn and should be heeded.

SOLUBLE SEA ISLAND GUANO!

GOLDSBORO, Wayne County, N. C., November 23rd, 1872.

State Fair Premium at Wilmington for the Largest Amount of Cotton to an Acre.

JOHN H. POWELL, Esq.: DEAR SIR—The Soluble Sea Island Guano purchased of you this season was used by the side of three others, and has given me more satisfaction than any of the others. The Soluble Sea Island Guano was the one used upon the acre of land upon which my son raised the cotton upon which he took his State premium for the greatest amount of cotton to an acre; and I am informed by the Chairman of the Committee that had he entered for the largest amount of cotton to the acre, premiums open to all ages, he would have also taken that premium, beating all 150 lbs. I am better pleased with it than any other Guano I have ever used on cotton, and I shall use it in preference to others next season for my cotton crop.

T. A. GRANGER, others next season for my cotton crop.

ALSO EIGHT PREMIUMS AT WAYNE COUNTY FAIR.

The Amount of Seed Cotton made on an Acre of Upland by Mr. Granger was Three Thousand Six Hundred and Thirty-three Pounds.

EDGECOMBE COUNTY, N. C., December 12th, 1872.

Messrs. R. W. L. RAISIN & Co., Baltimore;
I bought of Messrs. Branch, Herbert & Co., last Spring, one ton of your Soluble Sea
Island Guano for myself and three tons for other parties, and I find them all well
pleased with it, and say it is the best Guano, and paid them better than any they ever
used. The ton I used myself was put in cotton by the side of two other guanos, and I am willing to say that I should buy the Soluble Sea Island Guano in preference to any that I have used since the war. Very respectfully. J. R. GREEN.

R. HARE.

SELMA, N. C., November 12th, 1872, W. H. AVERA, Fsq.:

DEAR SIR—The ten bags Soluble Sea Island Guano more than met my expectations
I consider it equal to Peruvian for cotton. It paid me over 100 per cent. I more than
doubled the crop. My neighbors who bought it are highly pleased, and will use it in mander of the ill fated Congress in the preference to any other when it can be had. Hope you will keep a supply the coming

Truly yours, ,

LOUISBURG, N. C., December 4th, 1872.

DEAR SIR-I tested your Guano this year, and the result is, I will use it on ay whole cotton crop next year. Yours, &c... ELLIS MALONE.

HENDERSON, Granville County, N C., November 29th 1872.

To S. J. PARHAM:
The Soluble Sea Island Guano purchased of y u was used on tobacco and cotton by
me by the side of Peruvian Guano, Stonewall & \* \* \* \*. I like it much better than either, and I observed a marked difference in favor of the Sea Island. Shall use in the S. S. ROYSTER.

HENDERSON, Granvitle county. HENRY BURRELL, Esq., has stated to us that he made a test this present year's tobacco crop, using two other higher-priced guanos, but 's convinced that the Soluble Sea Island Guano is the cheapest guano he has ever purchased, and shall use it again.

YANCEYVILLE, Caswell County, N. C. December 6th, 1872,

Captain W. P. ROBINSON, DEAR SIR-In reply to your inquiry as to how I liked the Sea Island Guano I got of you, I wish to say that I applied it, 200 pounds to the acre, alongside of Peruvian, Pacific Guano and Gilham's Tobacco Fertilizer in equal quantities; it stands the drouth better than either of the above fertilizers. It matured better on the hill and cured better and more yellow than either of the other fertilizers used. I think it is a splendid fertilizer and I expect to use it next season.

Yours, respectfully,

MARCELLUS MIMMS. and I expect to use it next season.

WILSON, N. C., January 11th, 1873.

Messrs. HARRISS & BLACKWELL: GENTS-I used this season, on my cotton crops about 15 tons of your Soluble Sea Island Guano, testing it by the side of Guanape and Vegitator, and up to the time of the heavy washing rains last of June, I was equally pleased with its action as of the Guanape and better pleased than with the Vegitator.
