

LOUISIANA'S CUP.

A horde of plunderers has seized upon the State of Louisiana, under the authority and by the consent of the Federal Government.

A party faction, headed by bold, bad men, have organized a Government in direct opposition to the popular will as expressed at the ballot-box, and, under the guise of law, are attempting to administer the affairs of State.

Defeated before the people by a majority of ten thousand votes at the last election, Kellogg has been proclaimed the lawful Governor by an unscrupulous and corrupt Federal Judge, whose conduct was denounced in unmeasured terms by the United States Senate Committee, composed of a majority of his own political party.

Governor McEnery, the rightful Governor—chosen by the people, is to be displaced by Federal bayonets, and the despotism inaugurated by Kellogg and Durell, is to be upheld and continued by the President of the United States.

The people who have asked to be let alone—who have refused to take any part in sustaining this mockery of law and justice—who have declined to pay taxes to the officers of the usurping plunderers—who have protested against being bound hand and foot and turned over to a set of graceless wretches they have utterly repudiated at the polls—who despise the rascality and villainy of the men that have foisted themselves into high positions against their consent and in defiance of their will—the honest, substantial, taxpaying people of the State, are to be forced by the military power of the nation, to yield their allegiance to a minority Governor and to submit to the overthrow of every right guaranteed by the American Constitution.

Is this the boasted land of free institutions and popular rights?

Are these some of the blessings vouchsafed to its citizens by "the best Government in the world"?

Is military law the olive branch which the National Government offers to a people who will not bow to the lawless rule of a lawless set of upstarts—bent only on their own promotion and the spoils of office?

Will the masses at the North look on unmoved at the spectacle in Louisiana—the domination of the sword—the reign of despotism—the downfall of civil government and the annihilation of the liberties of a free people?

Louisiana's cup of bitterness is full. How soon the poisoned chalice will be commended to the lips of those who gloat over her calamities and mock at her misfortunes, the future only can determine.

But the blow under which Louisiana reels and totters this day, recoils upon the people of every State of the American Union.

It is a blow which falls not alone on one State—it rebounds upon all alike.

It is a blow at the fundamental principles of our government—it is a blow against the rights and liberties of every American citizen in the land, rich or poor, high or low—it is a fatal stab to the Constitution which pierces through every safeguard of that instrument and leaves it lifeless, WITHERED, DEAD!

WHY KELLOGG REFUSES TO MAKE A REQUISITION.

Much surprise was expressed during the consultation between Grant, Sherman and Attorney General Williams, because Kellogg had not made requisition upon Gen. Emory for sufficient force to keep the peace in Louisiana.

The dispatch yesterday stated that the Administration was unable to understand why Kellogg did not ask for Federal troops, as they would be promptly furnished by the President.

But Kellogg has all along avowed in the most positive terms that he was able to take care of Louisiana without any assistance from any quarter. He has ridiculed the McEnery Government as being without any support or influence, and hooted at the idea that it would offer any resistance to his authority.

For Kellogg to call on the Administration now for assistance would be a confession of weakness utterly inconsistent with all his previous assurances, and would convict him of misrepresentation and falsehood.

So he is placed in a very awkward dilemma.

If he asks for troops, that would be an acknowledgment that his Government is a failure and is unable to maintain the peace and dignity of the Commonwealth of Louisiana.

If he does not ask for troops to prop his falling fortunes, the McEnery Government will triumph and live.

THE PRESIDENT'S DENIAL.

President Grant denies that he has threatened to use high-handed measures toward the people of Louisiana, as reported yesterday.

Of course, the President would not consider any line of conduct he might pursue high-handed. But his course will speak for itself.

A wedding at Des Moines was lately postponed on account of the bridegroom being arrested for horse stealing.

ANOTHER MODOC VICTORY—THE REDS TRIUMPHANT.

Our dispatches to-day give the results of a fight between the Modocs and a scouting party of United States troops, under Capt. Hasbrouck.

The scouts were surprised by an unexpected attack by the Modocs, which resulted disastrously to the Federals.

It is not known that any of the Modocs were wounded or killed. The casualties on our side were, four soldiers and one Warm Spring Indian killed, and six soldiers and one Warm Spring Indian wounded.

Captain Hasbrouck seems to have behaved gallantly. The Indians were charged and scattered through the woods—the troops capturing twenty-five horses.

CAP. JACK NO. 1, GER.

In the fight between Jack's forces and the United States troops reported in to-day's paper, Jack appeared on the battle-field arrayed in the uniform of the dead Canby—sporting the stars of a Major General!

We think Jack has now won enough military fame by his successes in battle to entitle him to the title *General Jack*, and deserves to be ranked and respected accordingly.

SPIRIT OF THE STATE PRESS.

The Hillsboro Recorder speaking of Louisiana affairs, says that "if the country drifts again into the horrors of war—and this war, if it begins will be the most horrid of all, because it will be one of races—it will be directly chargeable to the President of the United States, whose petty ambition is gratified by the maintenance of party ascendancy in Louisiana, and to a servile Congress, too obsequious to oppose the will of a master. We may look for the interposition of the General Government after awhile, and we know full well on which side it will act, but we may look also after awhile to see the attention of the American people aroused to the proper contemplation of a position of difference."

On "Radical Progress" the Goldsboro Messenger says, "it is amusing to read the ridiculous panes of the Administration organs to the beneficence and progressiveness of the Radical despotism which has subverted the people's liberties, and converted a republic into a condition of serfdom. The aforesaid 'organs,' be it remembered, are supported by government pap, and are never read by any body except their 'loyal' editors and the persecuted proof-readers."

The Shelby Danner alluding to the "Educational Convention" for Cleveland, which meets in Shelby on the 24th, and which will be addressed by Hon. John Kerr, says:

"A great upheaval is being made throughout the State in favor of general education. The most distinguished speakers of the State, regardless of party or denomination, are engaged in the canvass. From the sea coast to the mountains and beyond the people are being addressed by eminent speakers on this all-important subject."

The Statesville Intelligencer discusses the Statesville and Mount Airy Turnpike, Tobacco, Dog vs. Sheep, John Pool's new party, Office-Holders, &c.

The Charlotte Democrat editorializes Col. Evins' address at Charlotte on Memorial Day, the Sunday School Society, County Matters and the Carolina Central Railway. On the last subject it says: "With a desire to do all in our power to secure the completion of the Central Railway to Charlotte (formerly the Wilmington, Charlotte and Rutherford Railroad) we were absent from our office during the past week in attendance upon a meeting of the Directors in New York, and therefore could not meet our friends and patrons at Gaston Court as usual, or promptly answer business letters, nor prepare much matter for this issue of the Democrat."

It is a matter of great gratification to us to feel assured that the Road will be completed to Charlotte at an early day. The gentlemen who now have it in charge mean work and speedy work; and that is our excuse for accepting a position which will often require absence from our office without compensation and probably without many thanks from the public generally."

On the subject of Louisiana Riots the Democrat says:

The negroes, having a majority in Louisiana, have been used by mean white men to stir up strife and assalt the white population. Instead of killing negroes, their villainous white leaders should be put out of the way first, and then the people might have peace.

The Southern Home publishes some more valuable correspondence relating to the Mecklenburg Declaration of Independence, and also the evidence against Sherman, convicting him of burning Columbia.

The last Newbern Journal of Commerce is devoted MEMORIAL DAY.

The Wilmington Post gives a brief sketch of Oakes Ames, and has an editorial on the editorial Convention which meets to-day in Goldsboro.

The Wilmington Journal discusses the "Change of Gauge," showing the benefits that will accrue to Wilmington section if the change is made. The Journal publishes the letter of Ex President Jefferson Davis, accepting the invitation of the Legislature to visit the capital of that State. The Journal thinks the Legislature of Texas has

honored itself in extending the invitation.

The Wilmington Star on "What will he do with it?" thinks "the President has drawn the black elephant in the grand Louisiana lottery and is now vainly asking his counselors what he shall do with it?" The Star paragraphs a recent Railroad editorial in the Journal and comments in detail—taking the other side.

In Washington the other day, a female member of a colored theatrical troupe went into a dry goods store and called for some flesh-colored hose. The clerk placed before her a box of black stockings, and that impudent young man has never been able to tell whether he was blown up by nitroglycerine or was struck by a shot from a seventy-two pounder.

A new method of preparing coffee for the market, invented by Dr. Doyno, of Paris, is now very popular in France. After burning, the coffee is ground to a very fine flour, which is then slightly moistened, mixed with twice its weight of powdered sugar and pressed into tablets. Coffee prepared for use in this manner is claimed, pound for pound, to be susceptible of far more complete utilization.

Fifty years ago the hair trade scarcely had a name in New York, but it is now of enormous extent and employs a vast amount of capital. There are twenty or more wholesale houses thus engaged, some of which are importers, while others are jobbers and manufacturers.

A San Bernardino (Cal.) assessor asked a woman how many chickens she had, and doubting her word, proceeded to count them. She took him to the bee-hive, kicked it over, and invited him to count the bees. He'll take a woman's word next time.

According to foreign papers, Mme. Adelina Patti was so overcome by the warmth of her reception on the occasion of her farewell performance in St. Petersburg that she fainted.

We hear much, at times, about the expense of "carrying on" the government. Pretty soon we shall be counting the cost of carrying it about.

A Louisville woman bought a feather bed the other day and found a shot bag in it containing four hundred and seventy dollars in bank notes.

Striped stockings will be fashionable for croquet parties during the summer.

Stray cows are known as "automatic lawn mowers" around Peoria.

NEW ADVERTISEMENTS.

1873. 1873.

GUANO! GUANO! GUANO!

BUY THE BEST SOLUBLE SEA ISLAND GUANO!

State Fair Premium at Wilmington for the Largest Amount of Cotton to an Acre.

GOLDSBORO, Wayne County, N. C., November 23rd, 1872.

JOHN H. POWELL, Esq., DEAR SIR—The Soluble Sea Island Guano purchased of you this season was used by the side of three others, and has given me more satisfaction than any of the others.

The Soluble Sea Island Guano was the one used upon the acre upon which my son raised the cotton upon which he took his state premium for the greatest amount of cotton to an acre; and I am informed by the Chairman of the Committee that had he entered for the largest amount of cotton to the acre, premiums open to all ages, he would have also taken that premium, beating all 150 lbs. I am better pleased with it than any other Guano I have ever used on cotton, and I shall use it in preference to others next season for my cotton crop.

T. A. GRANGER, ALSO EIGHT PREMIUMS AT WAYNE COUNTY FAIR.

The Amount of Seed Cotton made on an Acre of Upland by Mr. Granger was Three Thousand Six Hundred and Thirty-three Pounds.

EDGECOMBE COUNTY, N. C., December 12th, 1872.

Messrs. R. W. L. RAISIN & Co., Baltimore: I bought of Messrs. Branch, Herbert & Co., last Spring, one ton of your Soluble Sea Island Guano for myself and three tons for other parties, and I find them all well pleased with it, and say it is the best Guano, and paid them better than any I ever used.

The ton I used myself was put in cotton by the side of two other guanos, and I am willing to say that I should buy the Soluble Sea Island Guano in preference to any that I have used since the war.

Very respectfully, J. R. GREEN.

SELMA, N. C., November 12th, 1872.

DEAR SIR—The ten bags Soluble Sea Island Guano more than met my expectations. I consider it equal to Peruvian for cotton. It paid me over 100 per cent. I more than doubled the crop. My neighbors who bought it are highly pleased, and will use it in preference to any other when it can be had. Hope you will keep a supply the coming Spring.

Truly yours, R. HARE.

LOUISBURG, N. C., December 4th, 1872.

E. W. FULLER, Esq.: DEAR SIR—I tested your Guano this year, and the result is, I will use it on my whole cotton crop next year.

Yours, &c., ELLIS MALONE.

HENDERSON, Granville County, N. C., November 29th 1872.

To S. J. PARHAM: The Soluble Sea Island Guano purchased of you was used on tobacco and cotton by me by the side of Peruvian Guano, Stonewall & Co. I like it much better than either, and I observed a marked difference in favor of the Sea Island. Shall use it in the future.

S. S. ROYSTER, HENDERSON, Granville county.

HENRY BURRELL, Esq., has stated to us that he made a test this present year's tobacco crop, using two other higher-priced guanos, but is convinced that the Soluble Sea Island Guano is the cheapest guano he has ever purchased, and shall use it again.

YANCEYVILLE, Caswell County, N. C., December 6th, 1872.

Captain W. P. ROBINSON, DEAR SIR—In reply to your inquiry as to how I liked the Sea Island Guano I got of you, I wish to say that I applied it, 200 pounds to the acre, alongside of Peruvian, Pacific Guano and Gilham's Tobacco Fertilizer in equal quantities; it stands the drought better than either of the above fertilizers. It matured better on the hill and cured better and more yellow than either of the other fertilizers used. I think it is a splendid fertilizer and I expect to use it next season.

Yours, respectfully, MARCELLUS MIMMS.

Messrs. HARRISS & BLACKWELL: GENTS—I used this season, on my cotton crops about 15 tons of your Soluble Sea Island Guano, testing it by the side of Guanape and Vegetator, and up to the time of the heavy washing rains last of June, I was equally pleased with its action as of the Guanape and better pleased than with the Vegetator.

SPECIAL NOTICES.

Letter, Salt Rheum and all Skin Diseases cured by Dr. Pierce's Golden Medical Discovery.

THE PEOPLE'S STAMP OF VALUE.—The Government endorsement, which legalizes the sale of PLANTATION BITTERS, is not the only stamp affixed to this famous Vegetable Tonic. It bears, in addition to its official sanction, the still more valuable stamp of public approbation. This valuable voucher of its rare properties is furnished earlier date than the Government endorsement; for millions of sick persons had testified to the full particulars of its virtues, as the general Public. Ask those who have tried it as a remedy for dyspepsia, constipation, biliousness, intermitting fevers, nervous debility, rheumatism, sea sickness, low spirits or loss of vital power. Plantation Bitters has done for them, and be governed by the response they make to your inquiries.

The following statement, from one of the oldest and most respectable merchants of the city of Petersburg, speaks for itself, and needs no comment:

I have for many years used "PLANTATION BITTERS" as a family medicine and also in my own case, and I have no hesitation in pronouncing it the most valuable and pleasant medicine with which I am acquainted. It promptly relieves Dyspepsia and its various accompaniments, such as flatulency, Headache,
