BOARDING HOUSE FOR RENT .-

The eligibly located boarding house of Mrs Henry W. Miller on the corner of Newbern Avenue and Person street, is advertised for rent in another column. It is conveniently and pleasantly located, is large and airy, and has been used as a boarding house for thirteen years. Mrs Miller will continue to entertain boarders, and would be pleased to have some additional boarders at present. See advertisement.

COMMENDABLE.-While strolling through the city Sunday afternoon in the vicinity of the Deaf and Dumb Asylum we were attracted by the sound of vocal music, and on reaching the house of Mrs. Weddon, an aged lady whose afflictions have prevented her from attending church for a large number of years, we found the members of the choir of Edenton Street M. E. Church, who had met there for the purpose of singing a few of their songs for the benefit of the aged lady. This choir, we learn, have formed themselves into an organization for the purpose of visiting such members of their church as are un-

In this connection we would mention that Mr. R. W. Best, one of the choir, has the strongest bass voice we ever heard, while at the same time it is possessed of much music.

"A PEDESTRIAN LOCAL."-The Piedmont Press says of Capt. Woodson, who has been on the line of the Western road for some weeks:

"The above title is applicable to Capt. Woodson, of the News, for when he wants to go and no conveyance is convenient he puts out on foot. Last Tuesday the hacks left him at the White Sulphur Springs, but he, possessing too much go-shead-ativeness to spend another day idle, walked to Hickory, a distance of eight miles, in time to take the Western bound train. Pretty good for a Local with the thermometer at SSo."

AN OUTRAGE IN JOHNSTON COUN-TY.-We learn of a most heinous outrage which recently occurred in the north-western portion of Johnston county. A white man named Buck Suggs committed rape on a little white girl some nine years of age. The fiend is still at large. The authorities of that county should take steps to put it out of his power to committ another such outrage. He was indicted once before for the committal of a similar outrage in Harnett county, but got clear upon some

THE ORPHANS AT METROPOLITAN HALL. - Notwithstanding the threatening character of the evening, the little band of Orphan children from Oxford was greeted at Metropolitan Hall last night with a crowded house. The band is comprised of six little girls and six little boys, and they entertained their audience with full satisfaction by the rendition of a goodly number of songs. Some of the voices of the little children were really sweet, and we were pleased to see them receive oft and merited applause.

AN ENTERPRISE THAT SHOULD BE ENCOURAGED .- We are again inedebted to Dr. Ellis, the Steward of the Deaf and Dumb Asylum, for some specimens of those splendid brooms which are manufactured in his institution by the unfortuate inmates. The broom is unsurpassed by anything of the kind we have ever seen. both in appearance and for durability. They are sold to the wholesale trade at as low figures as they can be obtained elsewhere. This is an enterprise that should be encouraged.

POSTAL CARDS AND STAMPS .- Reports just made by Third Assistant Postmaster General Barber show that 107,619,000 postal cards were issued during the fiscal year which ended June 30 last, against 61,079,000 issued for the year which ended June 30, 1874. The increase is equivalent to about 181-5 per cent, which shows that the postal cards are growing in popular favor. The value of the issue of ordinary postage stams during the year ending June 30, 1875, was are invited to attend the sessions of \$18,271,479; an increase of \$996,237 over the previous year; of newspaper and periodical postage stamps, \$815,902 47; of ordinary stamped envelopes and wrapers, \$4,124,477 84, an increase of \$242,284 58; of postal cards \$1,076,160; of total issues for sale to the public, \$24,288,018 17, an increase of \$2,218,794 05 over the fiscal year ended June 80, 1874. State Expenses, Conservative Vs. Radical-Let the People Read. Proper care and economy in handing the people's money is a great virtue in any political party. Extravagance, waste and peculation should crush it in the eyes of all

good citizens. North Carolina is poor, and the party that practices economy in her administration seeks her greatest good. The following carefully prepared table shows who are the political friends of our Commonwealth:

It will be seen from the above con mates that the last four years when the administration of the State affairs has been to some extent controlled by conservatives, the public expenses have been less by \$35,775.81 than that spent by the radicals in two. a difference sufficient in itself to defray the entire cost of a Constitutional Convention. By an amendment already made to the Constitution the General Assembly meets only once in two years, (an amendment passed by Conservative effort) so that the expense of the last Legislature, \$109,168.80, should be divided by two to show a proper per annum expense.

Now let us estimate the probable cost of the Constitutional Convention:

120 delegates at \$5 00 per diem, \$600.0 2 Door-keepers, \$5,00 per dlem 2 Clerks, at \$5,00 per dlem, 2 Pages, at \$2,50 per dlem, \$635.00

Estimate the duration of the Con-18,050.00 vention at 3) days and we have Mileage, Printing, &c., 5,000,00 Total cust of Convention, \$30,050,00

The voting population is about

200,000, so that the cost of Convention will be fifteen cents to the voter. The property however pays the tax. and estimating the taxable value of the property of the State at \$150,000,-000 we find the cost of Convention but 20 cents on the thousand dollars. In alluding to the four years of Conservative rule we "say to some extent" because they have not had the entire control of the State. If so much is saved when only the Legislative branch is conservative what would be the result if all were in their hands? Much of this expense also could be saved were it not forced on us by our ill advised Constitution. It is hard to give figures a party bias. They are inflexible, but stand out a stern truth, a rigid fact, and if

the people of North Carolina are wise

they will heed the lesson they teach.

THE FOLLY OF NEGLECT.-It is the height of folly to neglect precautionary measures for the preservation of health, when they come necessary in consequence of hurt ful influences. Among these influences are the unavoidable inhalation of malarious or fetid air, exposure in bad weather, unhealthy occupations and habitual late hours, all of which tend to produce disease. To guard against their effects a vigorous and regular discharge of the bodily functions should be kept up. Hostelter's Stomach Bitters is the tonic, of all others, best calculated to perpetuate bodily vigor and regularity. The experience of denizens of unbe-lthy localities, out-door laborers, employees in manufactories, and late workers of all kinds, has shown that a wineglassful of this pressant safeguard tawineglassful of this pleasant safeguard ta-ken at regular intervals imparts an amount of stamina and power of resistance to dis-ease afforded by no other protective and remidal agent. The nervous, the weak and the dyspeptic, derive incalculable bea-efit from its use, and pronounce it the best preparation of its class.

RATES OF ADVERTISING Advertisements must be confined to the opsiness of the advertiser.

TO BUSINESS MEN. A good advertisement in a widely circulated newspaper is the best of all possible

salesmen. It is a salesman who never sleeps and is never weary; who goes after business early and late; who accosts the merchant in his store, the scholar in his study, the lawver in his office, the lady in her home, the traveler in the car or heat;
a salesman who no purchaser can avoid, who can be in a thousand places at once and speak to thousands of people daily, saying to each one the best thing in the best manner. A good advertisement insures a business connection on the most permanent and independent basis and is in a certain sense, a guarantee to the customer of fair and moderate pri ces. Experience has shown that the dealer, whose wares have obtained public celebrity, is not only enabled to sell, but is forced to sell at reasonable raies, and to furnish a good article. A dealer can make no better investment than in the advertising columns of a
