BUFFALO SPRINGS, VA., August 12, 1874. TO COLONEL GOODE:

An attack of meningitis in October last of me with paralysis on the bladder, rendering necessary the use of the catheter in the discharge of the urine. The treatment to restore the sensibility of the blacker re-sulted in such extreme sensitiveness as to occasion spasm of the bladder and urethra whenever there was a passage of the uring. These symptoms resisted all remedies for the space of six months. I then came to Buffalo Springs, and after using the Lithia Water for some days the disposition to spasm was entirely removed, followed by a free flow of urine. From the great ame-lioration of my distressing symptoms in so short a time, whefi I had despaired of relief from any quarter. I am inclined to believe that I shall be permanently res-tored to health under the use of this remarkable water. I confidently recommend it to all persons suffering from any affec-

tion of the bladdder or kidneys, Respectfully, dalid and PAUL C. VENABLE, M. D.

SPASMODIC STRICTURE.

Case of Wm A. Mason of Danville, Va. BUFFALO SPRINGS, VA., July 15, 1874. COLONEL GOODE:

About a year ago I began to suffer from stricture of the ureths, said by physicians to be spas nodic in its character. I consult-ed some of the most enumerat inclical men of the country in vain. When I ar-arived at the Springs I could not uridate without the use of a cougle. I was totally without appetite, and my general system was reduced to a state of great debility. I have now been using the Buffalo Water Nos. I and 2 (for the most part the latter.) for ten days, and the effect has appeared to me almost miraculous. My usine is now passed without difficulty. My appetite is ravenous, and I feel that I am restored to my usual health.

I remained at Buildie all weeks, using the water of pring 30, 2e After be-ing there some two weeks, improvement in my general health became very preceptille, and continued, until it now seems entirely restored; and with this improvenicht, my rheumatic and gouty troubles have, in a great degree, disappeared, /I am now walking without a cane, and with more ease and comfort than I have done for two years. It is true I have not been entirely free from the attacks referred since I began to use the water, but the at-
