Taking advertisements in trees in the capital square should not be allowed.

Probabilities for today: A warmer weather and areas of rain, with generally a southerly wind and falling barometer.

At the Metropolitan Festival, held at Metropolitan Hall Thursday and Friday last, a lady was so unfortunate as to lose her pocket-book containing about \$50.

Poor folks can have some meat now. Shad and other fish are quite abundant and cheap in our market.

There is now no bar under the Central Hotel, and mine host Capt. Thomas throws open as inviting a retreat to transient travel as we see regular boarders as can be had in the city.

Mr. J. D. Whitaker is selling good oak wood at \$3.50. Pine \$3.00 a \$3.25 per cord delivered, providing the cash attends the order. Call on him in rear of Citizens National Bank.

Prime lot seed oats just received for sale cheap. Twenty car loads of wool, ten car loads of hay for sale cheap for cash, by the car load at J. Osborn's grain and feed store.

A D. Royster & Co. have today the finest display of candies, both plain and fancy, ever seen in this city. You will be convinced of this if you will call at their store on Fayetteville street.

From the large sales of the "Star" Phosphates and Manure Super-Phosphates, these fertilizers are growing more and more popular among our farmers. Messrs. A. C. Sanders & Co., agents, can hardly keep up with the demand.

The way to save money is to buy Paul & Morion's high grade Acid Phosphate, and you can save \$2.00 per ton. Messrs. A. C. Sanders & Co., agents, can hardly keep up with the demand.

Geo. Ziegler has Hughes' Durham smoking tobacco which is N. 1. He also has the B. F. Gravelly chewing tobacco, which is guaranteed genuine. Messrs. A. C. Sanders & Co., agents, can hardly keep up with the demand.

Messrs. Bradley & Leonard, of this city, manufacture every variety of French, fancy and plain candies. No advertisement allowed in their case. Messrs. A. C. Sanders & Co., agents, can hardly keep up with the demand.

New cod fish, mulllets, mackerel, and herrings, light brown sugar 10 cts. per pound, Graham flour, pickle pork, Irish potatoes, tea, &c. per pound, call on J. W. Perry at 210 North Main street, Wilmington street.

"If," says a writer in the New York World, "when you were a boy, you ever carried the family saw to the blacksmith's, it is a pity that you have not done so since. The job was done, you may have some conception of a speech by Congressman Holman, of Indiana."

An extensive line of grades of furniture may be found at the furniture store of Mr. A. W. Fraps, opposite the Court House, Raleigh, N. C. Having been long engaged in the furniture business he is prepared to furnish anything in his line at remarkably low prices, and give entire satisfaction.

Bank robbery: "Pa, what's a safe?" "A safe is a place where you can keep your money, and where you can get it out when you want it." "Pa, what's a safe?" "A safe is a place where you can keep your money, and where you can get it out when you want it."

The wife of Arthur Powell, a lady, is reported to have been seen in the city picking up chips and holding on to the same box. Her name is Jennie, a little woman, and she is reported to have been seen for the first time in the city since she was arrested for the same crime.

A sad sight of yesterday was a boy on the street with a picture of his misery painted on a pasteboard and string around his neck. He was blind, and the picture represented him running with his hands to his eyes and then the scene changes and there he lies stretched on a bed and the doctor leaning over him administering relief. The boy stood on the sidewalk like a statue holding a tin cup in his hand and a small lad sitting by him playing "Mulligan" Guards on an accordion. A crowd of curious lookers-on was around the two. The tin cup was empty.

One of the shops of E. & T. Fairbanks & Co., at St. John's, was destroyed by fire on the 21st of January. The fire seems to have taken in a room used for painting. The loss is estimated at \$75,000, which is covered by insurance. The building was used for painting and painting.

No interruption to business will take place, and the shop will be replaced in the course of a month. In this connection we may mention that Messrs. Fairbanks have just made a contract with the Pennsylvania Railroad Company to furnish eight hundred bushel upper scales, capable of weighing at one time 8,000 bushels of grain. These scales are intended for the mammoth elevator which the railroad company is now erecting at Baltimore. In Chicago over 300 of this form of scale are in use, weighing in the aggregate, at each draught, 100,000 bushels, or 3,000 tons of grain.

All the various makes of Fairbanks' scales kept in stock at their North Carolina agency with Julius Lewis & Co., Hardware manufacturers' agents, Raleigh, N. C.

Movements of Cotton in Raleigh. Receipts for week ending February 26th 1876, 388 bales; receipts for week ending March 4th 1876, 421; receipts for past two weeks 809; receipts for corresponding week last year, 2,253; decrease in receipts for past two weeks 1,444; receipts for the month of February 1876, 807; receipts for corresponding month last year, 2,337; decrease in receipts for month of February 1,530; receipts since last year 2,650; while receipts since same time last year 27,555; increase in receipts to date this year 3,320.

It will be seen that our receipts have very materially decreased during the past month, and this can be accounted for by the low price and dull market, the market closing at 11 1/2 for best grades, while the market at this time last year was active at 15 1/2 to 15 3/4 cents. The great depression in business all over the country must continue to depress cotton and keep prices down.

Case in Raleigh has been reduced to five dollars.
