Office hours from 7 A. M., to 5.30 P. M., and from 7 to 8 P. M., during the week, and from 8 to 9 A. M., and 6.45 to 7.30 P. M., on Sundays.

RAILROAD COLLISION AND LOSS OF LIFE.—We are pained to learn, that a collision between the mail and a gravel train took place on the North Carolina Railroad, last evening, between Charlotte and Salisbury.

The mail train, due here at 8 o'clock this morning, did not arrive until after noon.

We learn that three persons,—all train hands,—were killed by the collision, and several others, whether passengers or not we have not heard, severely injured.

THE FREEDMEN.—Our readers are aware that a call has been made to the colored people of the State, to send delegates to the colored educational State Convention to meet in this city in October next. We presume it was not expected, by those who published the call, that the election of delegates to this Convention would lead to a regular canvass before the colored people *en masse* of candidates as delegates. We supposed that branch Associations were formed or would be in every County, composed of those who were disposed, as all ought to be, to contribute to the formation of some systematic plan of education for the colored people, and that these branch associations would elect delegates to the State Convention. This is certainly the only safe and proper method.

We learn, however, that the colored people of Greene County understood the matter differently, and that they have had a regular canvass in that County and the election came off last Saturday, we believe, at Snow Hill. The two candidates, we learn, were Dennis Best, and Monroe Edwards. They have had several public meetings and discussions. We learn that general politics, and possibly every conceivable idea within the compass of two colored candidates, were discussed—that the canvass has been a very heated one, and that the two candidates, if not their friends, have several times been on the eve of a fisticuff, if not a pitched battle. The contest resulted in the election of Dennis Best. We regard this movement as all wrong, and we take the liberty of suggesting to our colored people, when they meet in Convention, to apply the remedy. The educational system should be regularly organized. One or more branch associations should be formed in every County—only those who subscribe to certain rules should be members of the Association, and only these should elect delegates to the State Conventions in the meetings of the Associations. If they would succeed in promoting the cause of education among them, we admonish them to avoid politics as they would a viper.

DISTINCTION.—While in Greene, a few days since, a gentleman informed us that he had seen a private circular, signed "W. W. Holden," urging the "unmistakable" Union men to hold, if possible, county meetings, and send delegates to the Convention—and where it was impossible to hold such meeting, the recipient of said circular, together with his friends, is urged to "come anyhow," and, "let us have a good old fashioned time." We regret exceedingly our inability to procure a copy of this precious document; nothing would give us more pleasure than to lay it entire before our readers, in order, that if any "unmistakables" should not happen to get a copy by mail under seal, they could be informed of the pressing information, and consider themselves "asked." This is an old trick of the unterrified, and argues a want of confidence in their cause, and a foreshadowing of a complete overthrow of their opposition. Gentlemen, you are doomed to a speedy political death—"put your house in order."—*Goldsboro News.*

An event which has been expected for several days occurred, on yesterday, in the death of Major Pollock B. Lee, a well known member of the bar of this city, a most excellent gentleman, and a true and devoted friend. A ajor Lee was a native of North Carolina, and was, at the time of his death, about thirty-five years of age.—He was, we believe, a graduate of Henry and Emory College, in Virginia. He moved to Memphis a few years before the war, and attracted to himself many and enduring friends. When the war opened he was appointed Adjutant General upon the staff of General Pollicoffer, and served with that gallant soldier until he fell. He afterwards occupied the same position with Major General Crittenden. He subsequently served as Inspector General of the army of Tennessee, on the staff respectively of Generals Bragg, Johnson and Hood, and enjoyed the confidence of all of those leaders of that great army of men. He did his whole duty, from the beginning to the close of the struggle, and survived a soldier's death to fall by the slow but certain consumption of an insidious and wasting disease.—*Memphis Avalanche.*

The War Department provides transportation for disabled soldiers to and from the place where they obtain artificial limbs.

General News.

A grand mass meeting of the friends of President Johnson and Governor Swann is to be held in Baltimore, at Monument Square, this evening. It is called by the executive committee of the National Union Convention representing Maryland, and is intended to ratify the proceedings of the Philadelphia Convention. Not only the several wards of the city, but the different counties of the State, have been invited to participate in the proceedings.

MARYLAND SOUTHERN RELIEF ASSOCIATION.—The ladies of the Maryland Southern Association, much as they have done, are determined to relax nought in their praise worthy work of alleviating suffering humanity, and are even now projecting an undertaking which cannot fail to succeed in affording additional relief. They certainly have the best wishes for success of all not dead to the feelings of humanity, in their praiseworthy labor of love. A dollar subscription is the project now in hand, and who would not give that sum.—*Sun.*

A somewhat singular case of conscience has transpired at the Treasury Department. A few days since there came to Secretary McCulloch by mail a package postmarked Urbana, Ohio. Upon opening it it was found to contain sixteen $1,000 7-30 bonds and $775 in legal tender currency. It was unaccompanied by any letter or writing to indicate from whom it came or for what purpose sent. The numbers had been carefully cut from each of the bonds, probably to prevent any possibility of their being traced to the person sending them. It is doubtless a case of conscience, and a restitution of ill-gotten gains on the part of some repentant embezzler from the Government.

Rev. Henry Ward Beecher has written another letter, this time to a member of his congregation and explanatory of his previous letter upon the Cleaveland Convention, and announcing himself as opposed to the details of the President's policy of restoration. He does not modify his former epistle or disown it, but, on the contrary, he justifies and defends it. His new communication was read to the officers of the church, and was received with loud and continued cheers.

CONFEDERATE DEAD.—Gen. Lucius J. Polk is raising funds for the purpose of erecting head and foot stones over the remains of the Confederate officers at Ashwood, in Maury county. During a brief stay in this city the General received sixty-five dollars from our citizens in aid of his noble purpose.—*Nashville Banner.*

"NOTHING TO WEAR."—A lady in New York has presented a claim to an insurance company for damages in the destruction of her wardrobe which was insured. The schedule of articles comprises a column and a half of the *Herald*, and foots up $21,000 in value.

The New York *Commercial Advertiser*, Republican, says of the address of the Southern Division Convention that it is in its style intolerable. "Stilted, venomous and undignified—it would disgrace a schoolboy."

The Governor's proclamation ordering an election in Louisiana on the 3d of September for members to the convention in the unrepresented parishes has been totally disregarded. No election has been held.

General Butler, in a late speech, said that "he preferred a white-hearted black-faced man to a black-hearted white-faced man." If he is not greatly belied he prefers Southern silver spoons to either.—*Cincinnati Enquirer.*

In Portland, on Wednesday last, sixty-two days after the great fire there, bricks dug out of the ruins were so hot that they were uncomfortable to handle. On the same day pieces of iron were taken from the Fox Block lot that blistered the men's hands to touch them.

At a Hebrew temple in Cincinnati pews were sold for $1,000, and premiums were bid as high as $3,500. Two hundred thousand dollars was realized—the most liberal renting in the history of edifices for Divine worship in this or any other country.

Great preparations have been made for the reception of the President and *suite* at Pittsburg next Thursday. It is expected that delegations from all the Western counties of Pennsylvania will attend.

A hotel keeper near Boston charged ten cents for a glass of water, with which to revive a lady who had fainted in a carriage.

Applications for divorce, says a Philadelphia exchange, have greatly increased in that city.

In 1859 Napoleon intimated to Count Cavour that Bismark was one of the master minds of Europe.

"So it seems," as the young lady observed to the sewing machine when she puts the work before it.—[*Punch.*

The New York *Evening Post*, one of the ablest journals in the world, has hoisted the colors of Andrew Johnson. The *Tribune, et alii*, is wrathful thereat.

Rich people in cities are reviving the old fashion of bereavement—walking to funerals.

The National Express Company is now in full operation from the Potomac to New Orleans.

A propos to beggars. A few days ago I was with one of my friends talking, while I smoked in front of Fertoni's. A Beggar annoyed us for several minutes, and out of patience at last, my friend said to him: "I have no money."

"Well, sir," replied the beggar boldly, "give me your note."

Butler and Schenck came into the Philadelphia "Convention" arm in arm. The Boston Post says they represented the Army and Navy.

It is not denied that Forney engaged four brass bands to serenade Mr. in Philadelphia. He supplies the brass, they the music.

The performances of the needle-gun throw sewing machines into the shade, when we consider how many Austrians are mere dead by means of it.

Mr. Jackson, representative in the State Legislature for Jackson County, Tenn., has brought a suit for $100,000 against the Radical members of the House for false imprisonment.

A distinguished Frenchman don't like American ladyhood—because the dear creatures eat with their hats on. Not new—a lamp-mat is no hat.

Twenty thousand people lay sick in New York last week, but then there were nine hundred and eighty thousand more who were stirring.

A New and Grand Epoch in Medicine!

DR. MAGGIEL is the founder of a new Medical System! The quantitarians, whose vast internal doses enfeeble the stomach and paralyze the bowels, must give precedence to the man who restores health and appetite, with from one to two of his extraordinary Pills, and cures the most virulent sores with a box or so of his wonderful and all healing Salve. These two great specifics of the Doctor are fast superseding all the stereotyped nostrums of the day. Extraordinary cures by Maggiel's Pills and Salve have opened the eyes of the public to the inefficiency of the (so-called) remedies of others, and upon which people have so long blindly depended. Maggil's Pills are not of the class that are swallowed by the dozen, and of which every box full taken creates an absolute necessity for another. One or two of Maggiel's Pills suffices to place the bowels in perfect order, tone the stomach, create an appetite, and render the spirits light and buoyant! There is no griping, and no reaction in the form of constipation. If the liver is affected, its functions are restored; and if the nervous system is feeble, it is invigorated. This last quality makes the medicines very desirable for the wants of delicate females. Ulcerous and eruptive diseases are literally extinguished by the disinfectant power of Maggiel's Salve. In fact, it is announced that Maggiel's Bilious, Dyspeptic and Diarrhoea Pills cure where all others fail. While for Burns, Scalds, Chilblains, Cuts and all abrasions of the skin, Maggiel's Salve is infallible. Sold by J. MAGGIEL, 11 Pine St., New York, and all Druggists, at 25 cts. per box.

AYER'S AGUE CURE,

FOR THE SPEEDY CURE OF

Intermittent Fever, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache or Bilious Headache, and Bilious Fevers, Indeed for the whole class of diseases originating in biliary derangement, caused by the Malaria of miasmatic countries.

FEVER and Ague is not the only consequence of the miasmatic poison. A great variety of disorders arise from its irritation, in malignant cases, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic, Paralysis, and Derangement of the Stomach, all of which, when originating in this cause put on the *intermittent type*, or become periodical. This "Cure" expels the poison from the blood, and thus cures them all alike. It is not only the most effectual remedy ever discovered for this class of complaints, but it is the cheapest, and moreover is perfectly safe. No harm can arise from its use, and the patient when cured is left as healthy as if he had never had the disease. Can this be said of any other cure for Chills and Fever? It is true of this, and of importance to those afflicted with the complaint cannot be over estimated. Be sure it is to cure the Fever and Ague, that it may be unfailing and its use a perfect safeguard. Our Doctor encourages them to use it as a good medicine to call, because our health curves where all others fail.

Prepared by J. C. AYER & CO., Lowell, Mass., and sold by

Williams & Haywood, P. P. Pescud, Raleigh, N. C., and Dealers generally.

Know all men by these presents, That on this, the Twentieth day of June, in the year of our Lord, One Thousand Eight Hundred and Sixty-six, personally came Joseph Haydock to me, known as such, and being duly sworn, deposed as follows: That he is the sole general agent for the United States, and dependencies thereof, for preparations or medicines known as MAGGIEL'S PILLS and SALVE, and that the following certificates are verbatim copies to the best of his knowledge and belief.

JAMES SHEFFIELD,
Notary Public,
Wall Street, New York.

June 1, 1866.

DR. MAGGIEL:—I take my pen to write you of my great relief and that the awful pain in my side has left me at last—thanks to your medicine. Oh, doctor, how thankful I am that I can get some sleep. I can never write it enough. I thank you again and again and am sure that you are really the friend of sufferers. I could not help writing to you, and hope you will not take it amiss.

JAMES MEEHAN,
116 Avenue D.

This is to certify that I was discharged from the army with Chronic Diarrhœa, and have been cured by Dr. Maggiel's Pills.

WILSON HARVEY,
New York, April 7, 1865. 37 Pitt street.

The following is an interesting case of a man employed in an Iron Foundry, who, in pouring melted iron into a flask that was damp and wet, caused an explosion. The melted iron was thrown around and on him in a perfect shower, and he was burnt dreadfully. The following certificate was given to me by him about eight weeks after the accident:

New York, Jan. 11, 1866.

My name is Jacob Hardy; I am an Iron Founder; I was badly burnt by hot iron in September last; my burns healed, but I had a running sore on my leg that would not heal; I tried Maggiel's salve, and it cured me in a few weeks. This is all true, and any body can now see me at Jackson's Iron Works, 2nd Avenue.

J. HARDY,
119 Greenwich street.
