THE SENTINEL. Saturday Evening, Jan. 19, 1967. LOCAL DEPARTMENT. THE MESSRS. MCKIMMON announce that they

will sell all goods in their large variety at cost prices, and no mistake. Give them a call. MUNICIPAL.-In summing up, on yesterday,

the list of candidates for the office of Commissioner in the various Wards, we inadvertently omitted the name of R. M. Andrews in the Western.

THE MESSNS. TUCKER, it will be seen, are offering, in good faith, their large and valuable stock at cost, with a view to disposing of it before occupying their splendid new Store. They expect to have it ready for their reception by the first of April, when they wish to have "all things new."

CITY SCHOOLS .- We have no public or charity school in operation in the City for our poor white children. Northern charity opens schools for colored children, and it would go further and allow white children to go to these schools, where the colored children are taught, but we believe that none of our whites are so poor that they are willing to consent to that arrangement.

We ought to have four charity schools, locacated property, in the city, for our poor white children We hope the Legislature will author ize the towns, cities, and counties to establish the schools, and tax them for their support, where the people are willing to incur the expense

In this city, if a proper tax was laid, we believe we are able to support four schools, which would accommodate all the white children who would go. These could be taught by well qualified female teachers. The whole expense could be paid by taxing every gallon of spirituous liquors, wine, ale, lager beer &c., 5 cts per galgailon, sold in the city ; also every pound of tobaco 5 cts., and every pound of candy 5 cts., &c.,

ENLARGEMENT .- Our purpose was to enlarge the Sentinel, on Tuesday next, but the recent severe weather, or some other cause, has delayed the arrival of the material necessary for it. The enlargement will be made in a few days, however.

de.

SOUTHERN EXPRESS - We regret to learn that the Southern (or Adams) Express is doing no. business on the North Carolina Rail Road .-The charges of the Road, we learn, are so high that the Express cannot run over it. We presume the Road undertakes to do the business itself.

If the Southern Express Company has shown a disposition to monopolize everything, and put a heavy burden upon the public by extortion, the Rail Roads, for the relief of the peo ple, might with propriety come in to protect the public ; but if the Express Company is disnosed to do a legitimate business and to make only reasonable charges, we doubt the propriety of interfering with its business. The Rail Roads can only promote their own interests by securing the accommodation of the public.

The Express Company, by its promptness and reliability, has made itself a necessity to the public. Its large capital, and the readiness with which it pays all losses, have secured the publie confidence. For this reason, the public cannot sanction aby attempt, on the part of the Rail Roads, to interfere with the legitimate business of the Express Company. If, however, the Express Company is oppressive in its charges, the Rail Reads will be fully sustained in adopting legitimate measures to protect the public against extortion.

Iorace Greeley in Washington---The Speeches in the House To-day--Flutter Among the Radicals---Mr. Randall's Horace Banking Measure-Return of Senator Wilson-The Bills for Admitting Nebraska and Colorado-The Control of the Government Patronage.

[Correspondence of the Baltimore Sun.] WASHINGTON, Jan. 16 .- Hon. Horace Greeley, with his wife and daughter, arrived in town hast night, and will lecture to-morrow night before by St the Young Men's Christian Association. Mr. Go Greeley was at the capitol to-day, and spent some time in conversation with Senators members on the floor. John M. Botts and General Sickles were on the floor of the House today, and Mr. Greeley had quite a long conver sation with the former. Mr. Greeley also had an interview with the perat the P

President to-day, of an hour's duration, in which he urged upon Mr. Jonnson the adoption reins of his (Mr. Greeley's) peculiar political views, especially the amnesty and suffrage proposition.

The severe attack of Mr. Paine, of Wisconsin, upon Mr. Stevens in the House to day, in which Mr. Stevens was charged as being equally guil-The n ty with Mr. Johnson in his treatment of the re- uncha construction problem, has created a flutter among the Radicals, and is the subject of general conversation to night, and Mr. Bingham's quota onslaught upon the Stevens and Ashley terri 151 torial bills has created a sensation. It is ad mitted that Mr. Bingh.m demolished the theories of Messrs, Stevens and Ashley. The House committee on banking and cur

rency to-day further considered Mr. Randall's bill creating a sinking fund, and providing for the gradual withdrawal of the national bank circulation, but came to no conclusion. The letter committee is perfecting this important measure the co with a great deal of care, and it will give on the rise to a very marked contest if it ever reach the House.

Senator Wilson has returned from attending to det the burial of his son, and appeared in his seat

The bills for the admission of Nebraska and Colorado have now been finally acted upon by both Houses, and will go to the President for his approval or objections. The amendments which have been adopted inposing negro suffrage are acknowledged to be of no effect by many who voted for them. The question of Court suffrage is left for the Legislatures to decide, a preser plainly unconstitutional infraction on the peculiar province of the people. It is not likely, inabili however, that any just objection will be made on this score by the friends of the State movement, the matter practically being of no conse the su quence, as there are but a very trailing number can of negroes in both Territories.

Those not voting are divided pretty equally in their views, so that, on the presence or absence of one or two members of either house. The bills were signed by the presiding officers of both houses this atternoon, and will be presented to the President to morrow. The proposition to consolidate in the Senate of the United States cutire control over the appoint ment and removal of the office holders, and reduce the President to a mere clerk of that body to make out lists, which, under the title of "a bill to regulate the tenure of office," has occupied so much of the time of that august body. was Confederate Brigadier General, was admitted to up again to day and discussed until the adjourn-
