THE SENTINEL.

LOCAL DEPARTMENT.

SATURDAY, SEPTEMBER 14, 1867.

THE MILITARY COMMISSION.—The argument for the Defence was continued, on yesterday, by R. H. Battle, Jr., Esq. Mr. B. spoke nearly two hours, and his argument was clear, able and forcible.

Col. E. G. Haywood then commenced the concluding argument for the Prosecution.—He spoke for some time and will resume this morning, it is said.

NEW ADVERTISEMENTS.—Cotton Gin Horse Powers: Tappey, Lumsden & Co., Petersburg, Va.

Drug Store and Fixtures for sale: J. D. Williams & Co., Washington, N. C.

Agents wanted, with a fine chance for making money: W. T. Walker & Co., Cass well.

Builders' Materials, Agricultural Implements, &c: Mitchell, Allen & Co., Newbern.

Handsome Cottage Residence for rent: Mrs. A. H. Saunders, Raleigh.

THERE IS NOT a ripple on the surface today, from which to gather a local sensation!

The Mayor's Court appears to be out of business.

General quiet prevails, though many of our colored people have turned politicians, and the white people are mainly looking after bread.

Our market is now very fully supplied with good beef, mutton, fowls and sweet potatoes—though money is too scarce for the prices demanded.

It is rumored that the proprietors of the Rail Road eating House are urging Blair, of the Yarborough, to take it in connection with his Hotel. If Mr. Blair consents, the matter will be done up handsomely, and travellers will find it convenient to get a hot breakfast or supper, just before leaving on the trains.

REV. DR. WADSWORTH.—We were pleased to meet, on yesterday, our old friend Rev. Dr. Wadsworth, formerly of this State, but now of Alabama. The many friends of the eminent minister, in this city, will be glad to see him. He will be here on Sabbath, and will doubtless aid Rev. Mr. Henderson, the Presiding Elder, in the exercises of the Quarterly Meeting.

STATE ITEMS.

CHARLOTTE—EXCELSIOR, CITY IMPROVEMENTS, &c.—Charlotte is without doubt the busiest business town in the State.

We note below some of the improvements now going on in the city. When fully completed we will notice the buildings separately and especially.

It has been remarked with truth, that "Charlotte is a market for everything:" and from its location, with the improvements now going on, and the advantage therefrom accruing, its importance as a mart will be apparent, and extraordinary facilities for trade will successfully invite the patronage of all regions round about.

STENHOUSE & MACAULAY have nearly completed a large two story brick building on the Corner of Trade and Church Streets.

R. M. OATES & Co., have in course of erection a large brick building containing two stories, opposite that of Stenhouse & Macaulay's.

HAMMOND & M'LAUGHLIN will build a large House next door to that of Messrs. Oates & Co., in which they will carry on the general grocery business as heretofore.

JAS. H. CARSON, Esq., has a brick storehouse, nearly arrived at completion on Tryon St., nearly opposite the National Bank. Rumor has it that the

FIRST NATIONAL BANK will soon erect a palatial edifice on Tryon St., on the vacant lot opposite the Mansion House.

H. M. ASHER, Esq., will probably refit and repair the wooden store next to that of Messrs. Oates & Co., and open a Dry Goods Store.—*Charlotte News.*

CITY HALL.—Some of our monied men should build such a monument to themselves. Our indefatigable friends, the Tuckers, of Raleigh, have done so, and while adding greatly to the appearance of the principal street in that city, have also greatly enlarged their sphere of usefulness and extended their well earned reputation for energy and public spirit.—*Charlotte News.*

THE FRUIT TRADE.—Our streets are now filled with wagons loaded with dried fruit. This is the most active season in the fruit trade, and thousands of dollars worth are sold every day in our town and Salem.—*Winston Sentinel.*

SINGULAR ACCIDENT.—A curious accident occurred near Warsaw, a few days ago, to a machine which was threshing wheat. It appears that some straw had wound around the cylinder, in such a manner that its rapid motion caused it to ignite, thereby setting fire to the loose straw, which was scattered around. All efforts to put out the fire were abortive, and the barn was entirely consumed, together with about 300 bushels of corn, 200 bushels of oats, 6 tons of hay, $150 worth of farming implements, and the threshing machine, which cost about $400.—*Neubern Journal of Commerce.*

Correspondence of the Sentinel.

OXFORD, N. C. Sept. 11th. 1867.

MESSRS. EDITORS:—Leaving the "City of Oaks," not without a sigh of regret, as familiar scenes and faces were left behind, I found myself comfortably seated in a car of the R. & G. R. R., with a ticket for Henderson in my pocket, looking out at the window, and indulging in the pleasant occupation of day-dreaming, until a voice, *not* "sweet as the music of angels," called me from dream-land to the things around me by the magic words, "ticket, sir," leaving a very undefined impression on my mind of the aptness of Holmes' line,

"Bless me this is pleasant riding on a rail,"

and that I had been riding on the back of an enormous bald eagle, singing "Hail Columbia," while fields, forests, rivers and fields of waving corn passed swiftly below me, and every now and then inhaling from "the plains below" a scent of the irrepressible negro. Verily I had been dreaming!

The corn on the route of the Railroad to Henderson, considering the season, looked very well, being unusually free from grass. Stopped in Henderson but a short time; but from the looks of the place, I should judge that a right brisk trade was going on there.

The country between Henderson and Oxford is hilly and broken, and, where not properly drained, washing into gullies. The soil is adapted to the raising of tobacco, Indian corn, wheat, oats and Irish potatoes. Apples and peaches might be cultivated to advantage, though there are few good orchards in this section.

Oxford, the principal town, and the Court House of Granville County, was founded about the year 1792, from the earliest records in the Clerk's office. It was first incorporated in 1812. The first church was Methodist, and was built in 1800. The Presbyterian was the next and was built in 1830. The Episcopal Church was built about 1832. The Baptist Church was built about 1848.

The population, before the war, was, for twenty years, about one thousand; it will probably reach fifteen hundred now. There is a stream, about two miles from town, and though it already has three grist mills in operation on it, it might be made available as a motive power for more improved machinery.

There are one or two new buildings going up, but just now business is dull and the people are despondent.

All will register who can. There seems to be an impression that the registrars are excluding many from registering, whose exclusion is not warranted by a fair construction of the reconstruction acts.

Some of the new cropped tobacco has been cured and is out to market. Mr. Dennis Tilly, of the South side of Tar River, having sent a part of his crop to Richmond. No return has as yet been made.

Now your correspondent is in a quandary, what to use as a *nom de plume*, whether to take the mysterious and romantic name of "The Flying Dutchman," or the short and classical cognomen of Rambler," therefore I will eschew both and say adieu for the present. R. P. H.

REDUCTION OF FREIGHT ON HAY.—We learn from Col. S. L. Fremont, Superintendent of the Wilmington & Weldon Railroad, that the price of freight on hay from New York to Rocky Mount and Tarboro, has been reduced from one dollar to sixty eight cents per hundred weight, by placing it in the fourth class of articles enumerated in the tariff. This will doubtless prove welcome intelligence to farmers and residents of the two places named.—*Wil. Journal.*

HOMICIDE IN DAVIE COUNTY.—We regret to learn that Mr. Samuel Bailey, of Davie county, on Sunday last, shot a negro, inflicting upon him a serious, if not fatal wound. Report says that the negro behaved towards him in such a way as, in a great measure, to justify the act, but we know nothing certain of the particulars.—*Old North State.*

Wouldn't it be well for the colored folks to consider the fact that the wonderful changes in sentiment in Kentucky, Connecticut, California, to say nothing of other Northern States, is simply opposition to negro or mixed suffrage. We advise them to think about it well before they throw themselves into the troublesome sea of political strife. The end is not yet, and the whites will rule this continent.—*Valley Virginian.*

"MARCHING ON." One of Uncle Bob's" soldiers in this place, formerly of Petersburg, marched 17,633½ miles during the war. He thinks he can "make the trip" on foot to Brazil, or any other country, and not make much of a march after all.—*Valley Virginian.*

The English Parliament House clock is of such magnitude that the time required to wind it up is two hours. The dials are twenty two feet in diameter, and the hour bell weighs fifteen tons.

Some one full of grim humor says:

"Tennessee has a new sulphur spring near Memphis, which can be smelled a mile off. The one at Nashville, in the Gubernatorial mansion, can be smelled all over the State."

The two ladies of Norfolk who were injured by the falling of a seat at Robinson's circus lately, have compromised their cases—Miss Jones receiving $600, and Mrs. Nichols $250.

A Richmond correspondent of the New York *Tribune* asserts that Jefferson Davis will be tried at the November term of the United States Circuit Court in that city.

GREELEY ON BUTLER.—When any villain suggests some slimy mode of cheating the national creditors, let us say, "Get thee behind me, Satan!" and press steadily on.

The Macon *Telegraph* mentions a report that of the 183,000 registered voters in Georgia, the whites have a little over 18,000 majority.

The "Republican" i. e., Shark party of N. C., pledged itself to the "speedy construction of the "Central road West to Duck town."

A cotemporary asks "where is Ducktown?" The Convention was a mud puddle, filled with political quacks, and should be able to answer.—*Norfolk Virginian.*

DIED:

In the vicinity of Greensboro', on the 10th instant, Mrs. C. COLE, wife of Dr. John L. Cole.

Recently, in Caldwell County, N. C., ELLSWICK SHERWOOD FIELD. The deceased was extensively known as the Superintendent of Tate's factory.

Fayetteville Street.

I AM NOW RECEIVING MY FALL AND WINter Stock of

Staple and Fancy Dry Goods,

And I can say, with safety, that I have one among the largest and most complete stocks that has ever been brought to this City, either before or since the war,—embracing almost any and everything suitable for Ladies' and Gentlemen's wear.

CALICOES, 10, 12½, 15, and 18 cents per yard.

FRENCH MERINOS, 75 cts. to $1,25 per yard.

DELAINES, POPLINS, and a great variety of other Dress Goods, embracing all the new novelties of the season, and will be sold cheap enough to insure sales.

BROWN DOMESTICS, 12½, 15 and 20 cts. per yard.

BLEACHED DOMESTICS, 12½, 15, 20 and 25 cts. per yard, and all other goods in proportion.

Also, the largest and most varied stock of

CLOTHS,
CASSIMERES,
SATINETS,
TWEEDS,
AND KENTUCKY JEANS

I ever offered to the trade in this City, both as to price and quality.

Also a very fine assortment of White and Colored FLANNELS,

LADIES' CLOAKS,
BREAKFAST SHAWLS,
SQUARE AND LONG SHAWLS,

which will be sold at prices to suit my customers.

Ladies', Misses' and Children's TRIMMED AND UNTRIMMED HATS, new styles, from 50 cents to $4,00 each.

Boots and Shoes, Boots and Shoes.

The largest and best stock I ever brought to the City, consisting, in part, of J. Miles & Sons' make, and others of equally high standing.

Ladies' Pegged Balmorals, from $1 to $2.
Ladies Sewed Balmorals, from $1,50 to $3,50.

CREECH'S is the place to come to buy your Boots and Shoes.

Hats, Hats, Hats,

From 75 cts. to $4,00. Don't stop until you come to CREECH'S to buy your Hats. In fact, I think I can meet the expectations of all my customers and the public generally, both as to price and quality of ALL Goods.

Now a few words to my customers and friends: You see a great many different styles of advertisements. Some say they are in "luck again;" some say they have "hit the nail on the head;" some "selling out at cost;" some to "make room for a new stock;" some one thing and some another. But allow me to say, whether I am in luck, or whether I hit the nail on the head, or whether I missed the nail entirely, or failed to advertise "selling out at cost," *I have sold out my old stock*, (while *they* are still hammering away over their old stock,) and have been North and bought a new stock. My goods are now in Store, and opened for inspection.

COME AND LOOK AT THEM.

I told my customers, six months ago, that I would sell goods as cheap as Yankee, Jew or Gentile, and I think I have made my word good.

I told the people to come to Creech's to buy their goods, that I would serve them right. Hundreds have come, and they are still coming from this and adjoining Counties. And I here take the privilege to say I think they have shown their good judgment.

Don't forget to come to

A. CREECH'S,

RAILROADS.

ATLANTIC & N. C. RAILROAD

AND

NORTH CAROLINA

GRAND TRUNK RAILROAD,

From Charlotte and all Points on the N. Carolina and its Connecting Railroads, to the Seaboard at Newbern and Morehead City.

THE STATE OWNS THREE-FOURTHS OF the North Carolina Railroad and three-fourths of the ATLANTIC & N. C. RAILROAD. This is the

STATE LINE,

To its OWN SEAPORTS and on its OWN ROADS. All other lines are in opposition.

A six per cent dividend on this line will save the people from taxation $295,000 per annum.

Under a resolution of the Stockholders of the N. C. Railroad, all Freights are to go *via* Goldsboro', unless otherwise specially directed by shippers.

When at Goldsboro', you are only sixty miles from the shipping point, instead of one hundred and sixty *via* Weldon, and eighty *via* Wilmington. Our Steamers are equal to any other line, both for Freight and Travel. Time as short as by any other, and as cheap.

THIS is the Line

To ENCOURAGE. You get dispatch, safety, but one handling, and less Railroad transportation than by any other line.

Three-fourths of the PROFITS made on this line go directly into the STATE TREASURY, and if encouraged, you will soon be relieved from heavy taxation at least two hundred and ninety-five thousand dollars.

The Railroads composing the N. C. GRAND TRUNK RAILWAY LINE have recently agreed to unite in a

GREAT THROUGH LINE

Route to all the Northern Markets, on equal terms and charges, *via* our own ports to and from the North.

Cars run through to all points without breaking bulk.

For information about shipping, apply to Messrs,

WHEDBEE & DICKINSON, Baltimore.

Notice to Shippers of Freight.

THE SEABOARD INLAND AIR LINE

Via Portsmouth, Va.,

IS THE ONLY DIRECT LINE BETWEEN Boston, New York, Philadelphia, Baltimore and the Carolinas.

It is express in point of speed and safety of Freights, being from

FORTY TO SEVENTY HOURS

in advance of all other lines, and at as low rates.

It offers daily communication with Baltimore, daily communication with Philadelphia.

Five Steamers each week to and from New York

Two Steamers each week to and from Boston.

It is the only line having these advantages, and by which there is but one handling of freight.

Cars are loaded at the wharves in Portsmouth and are run through to destination.

Be careful to direct your Consignors to ship only

From Baltimore, by the Norfolk or Bay Line Steamers, foot of Union Dock.

From Philadelphia, by the Annamessic Line, Philadelphia, Wilmington and Baltimore Depot, or by Clyde's Line, 14 South Delaware Avenue.

From New York, by the Old Dominion Steamship Line, Pier 37 North River.

From Boston, by the Norfolk Steamship Line, end of Central Wharf.

All losses, damages, or overcharges promptly adjusted on application to

JAS. McCARRICK,
Trace Agent, Portsmouth, Va.

Have your freight marked **Via Portsmouth, Va.**, and in shipping to Philadelphia, marked **Via Clyde's Line, or Via Annamessic.**

MISCELLANEOUS.

A Cheap Cotton Press.

FARMERS, BEFORE YOU BUY A PRESS OR build a Screw, enquire into the merits of the

GODWIN COTTON PRESS.

Hear what the following reliable gentlemen say:

I have seen Mr. J. H. Godwin's Cotton Press work at Mr. P. E. Smith's plantation, and it does all that he says it does in his advertisement, and more. I think it superior to any other mode of packing Cotton, and saves both time and labor.

W. R. SMITH.

I have used the above mentioned Press, and consider it the best I ever saw for packing Cotton.

THOS. J. VAUGHAN.

I have packed about 100 bales of Cotton with Mr. J. H. Godwin's Cotton Press, and take pleasure in recommending it to the farmers as a great labor-saving machine. It does not cost more than half as much as a Screw, and is worth twice as much.

It is so convenient, and takes fewer hands to do as much work as a Screw. I would pay the price of a Press, rather than allow a man to put up a screw on my place for nothing.

D. EDMONDSON.

I have used the above mentioned Cotton Press, and it does better than a Screw. Takes less hands, does not waste Cotton, and is much cheaper

J. H. CURRY,
Sup't W. H. Smith's Plantation.

I have packed about 70 bales with Godwin's Cotton Press, and am certain it is the best, cheapest, most compact and durable Press in existence, costing only half, at first, and lasting twice as long as a Screw.

PETER E. SMITH.

I have never seen the Cotton Press of Mr. Jno. H. Godwin at work, but have no doubt, from the certificates of the gentlemen above, that it performs all they say of it. I know them to be gentlemen of character and veracity, and that their statements are entitled to credit.

RICHARD H. SMITH.

The last name is one of our most honorable and respectable citizens, well known as a former member of the Legislature. I offer this PRESS as combining more advantages for packing than any now in use; it is adapted to large or small farms, and is so simple and cheap, that any good mechanic can build it. It is well adapted to

WATER-POWER.

It is 10 or 11 feet wide, 3 feet and 3 inches thick; top of frame above ground, 16 feet; highest point of Lever, 18 or 19 feet. The platform on which the bale is turned out, is 10 feet above ground.

Length of box, 10 feet in the clear.

Length of bale 5 feet, by 2 feet 4 inches. Weight 500 or 600 lbs. It is put up flat against the Lint Room, thereby preventing the scattering of the Cotton and need of baskets.

The Press is chiefly built of scantlings.

The Inventor has spared no pains in his experiments to make it practicable, convenient and cheap. I charge

$25 for a Single Right,

The total cost, including cover and everything, is about $150. Much of that, farmers are not in the habit of including as cost.

I think I can sell County rights at about $10 by the hundred.
