TO OUR FRIENDS!

ROOMS OF CENTRAL EXECUTIVE, }
COMMITTEE, Aug 31, 1868. }

The Chairman of the Executive Committee of the Democratic and Conservative Party, in each County in the State, is requested to forward, without delay, to the Secretary of the Central Executive Committee, (Jno. C. Syme, Esq., Raleigh,) a statement of the number of Seymour and Blair Clubs in his County, together with the number of members in each Club.

It is also requested to see that a Club is established in each election precinct, and forward reports every two weeks until the election.

NEW ADVERTISEMENTS. The residence of the Hon. Simon H. Rogers. East of the Executive Mansion, is for rent for the balance of the year. Apply to W. H Jones & Co.

The next session of the State Institution for the Deaf, Dumb and the Blind will commence on Tuesday, 6th prox. We learn that the capacity of the Institution will only justify the admission of 110 pupils.—Early application should be made to the Principal.

We direct attention to the announcement of Geo. W. Charlotte, Esq., Commission Merchant, Beaufort. He is in a situation to supply Dealers with all kinds of Fish, promptly, and put up in the best style of preservation.

Sale of valuable Lands in Randolph, on Wednesday, Sept. 16th. Julius A. Gray, Admr. of Alfred G. Foster, deceased.

Crockery, Glass-Ware, Lamps, Oil, &c., J. Brown, with Hart & Lewis.

Prime White Corn—1,000 bushels: Doug Ivey & Bell.

Read the announcement of Messrs Nichols & Gorman, Book and Job Printers. The works which these enterprising gentlemen have in press will be of incalculable value to the profession and the public.

Twenty dollars reward for a stolen mule: J. Fisher, Raleigh.

HANDSOME Seymour and Blair Badges, of various patterns and styles, may be obtained at the store of D. C. Murray, Esq., Fayetteville Street.

WE SURRENDER the most of our available pace, to day, to the favors of our friends. We yet have a number of communications—some of them of much value—on hand, which will appear as we may be able to find room for them.

MORE PROSCRIPTION.—We learn that Holden's President of the North Carolina Railroad has removed Mr. W. T. Womble, for many years the efficient and capable Ticket Agent in this City, to make room for Calvin J. Rogers, one of the Radical County Commissioners. Mr. Womble's only offence is that he is a Conservative. These Radicals talk about intimidation of voters and discharging black Leaguers, at the same time that *they* discharge white men, with families dependent on them for support, for no other reason than that they will not bow the knee to their political Baal! This conduct of Smith's is in keeping with his entire partizan administration of the affairs of the Road. Fairness, competency, integrity, the interests of the Road, and everything else, are sacrificed for the sake of *party*.

FEMALE COLLEGE.—We learn that there are about 100 students at Kittrell's Springs Female College, and the number is increasing. The Louisburg Female College, as usual, opens well. St. Mary's, in this city, has a goodly number of students.

TRINITY COLLEGE.—We learn that the Fall session of this Institution opens well. About 100 students have already entered. Two hundred are expected.

WAKE FOREST COLLEGE.—This Institution has a promising beginning, we learn, for the present session. We have not heard the numbers of students.

THANKS to our excellent and energetic friend, Jas. L. Nicholson, of Iredell, for a Club of thirteen subscribers to the *Sentinel*.

SEYMOUR AND BLAIR CHARAT.—Messrs. W. H & R. S. Tucker & Co. send us a Seymour and Blair Charat, having a likeness of each of the National candidates on either tip. They have more of the same sort, and they are tasteful and handsome.

WE ARE gratified to learn that Thos. D. Snead, Esq., of Johnston, one of the most influential citizens of the county, who has heretofore co-operated with the Radicals, is out for Seymour and Blair. Mr. Snead will do able and efficient service in the cause of Peace and Union.

"BERTIE."—Our correspondent is a representative man, and resides in a portion of the State which has borne its full burden of taxation, and enjoyed few favors from the State. He has a right to be heard. If his figures are correct, his exposition of the onerous debt of the State is crushing.—Those who are engaged in the waste and extravagance, and increasing the public liabilities, are only "treasuring up to themselves wrath against the day of wrath."

STATE NEWS.

"Many citizens" of Carteret, throug' the Newbern *Journal of Commerce*, recommend Henry R. Bryan, Esq., of Craven, as the Democratic and Conservative candidate for Congress, in that District. Mr. Bryan would make an admirable canvass.

Peyton A. Dunn, Esq., of Forestville, in this county, has formed a copartnership with Mr. Bernard Field, of Petersburg, and Jno. S. Reese, of Baltimore, and will open a General Commission House in the latter City. We wish our friend, Mr. Dunn, and the Firm, great success.

We have heretofore given some specimen official doings of Holden's Windmill Squires. Here is another. One W. P. Dudley, an overseer of the road in Wayne, made application to "Squire" Sasser for a warrant against Willie Grant, colrd., for refusing to work the road. After about an hour's hard labor the negro Squire produced the following:

There was a glorious rally of the Democratic and Conservative people of Chowan, at Edenton, last week. A Seymour and Blair pole was raised, and the National Democratic banner was unfurled to the breeze amid the deafening shouts of a large and enthusiastic assemblage and the soul-stirring strains of music. The people were addressed by Messrs. Thos. Skinner and Thos. H Gilliam and Hon. W. N. H Smith, all of whom made capital speeches. A private letter speaks of Mr. Smith's effort as the ablest and most powerful effort of his life. At night, the proceedings were continued, and thrilling and eloquent speeches were made by Messrs. Bagley, A. M. Moore and T. C. Badham. A number of colored men joined the Club. A correspondent of the Norfolk *Journal*, speaking of this occasion, says that "the whole Eastern part of the State is wild with enthusiasm."

Why is it (asks the Wilmington *Star*) that, although the order of President Johnson for the release of Tatum and his companions was issued on Thursday the 20th of August, they are still in confinement? The commandant at Fort Macon says that he must await official orders from Gen. Meade. Gen. M. certainly must have obtained the order of the President long ago, and we know of nothing except severely culpable negligence, or dilatoriness, which could have delayed their release so long.

The subjoined subscription list for the relief of these unfortunate victims of military tyranny is in circulation, and we hope that it will be generally responded to throughout the State. They come out of prison entirely destitute, and their case is one which appeals to the sympathies of all humane men. We will take pleasure in forwarding any amounts that may be contributed:

"The long confinement (over 12 months) of these unfortunate men, and the loss of time and many expenses incident thereto, find them (upon their return home) *without money* with which to support their needy families.

We call upon all good citizens to contribute *a dime* to aid these unfortunate men, who have suffered so long and unjustly.—We hope the surviving members of Company H. First N. C. (Bethel) Regiment, and of the 51st. N. C. T., in the counties of Duplin, Sampson, New Hanover, Robeson, Columbus, and particularly the members of Company I. of said Regiment from Cumberland, have not forgotten their worthy Sergeant, Thos. J. Powers, who suffered, as such, during the war, wounds, sickness and imprisonment.

To the members of the N. C. Regiment, of which W. J. Tolar was the model Captain, as also to the comrades of David Watkins, and to *good men everywhere*, we appeal."

On Saturday, the 22d., Virgil Ramseur, a freedman living in Lincolnton, in the exercise of Constitutional right, saw proper to join the Conservative Club, and the loyal league niggers at once proceeded, when night came, to clone his house, endanger the life of his children and insult his wife. This is what the colored Leaguers are counselled to do by their infamous white *masters*.

Gov. Vance and Col. A. C. Cowles, of Yadkin, addressed a large meeting of the Democratic and Conservative people of Iredell, at Statesville, on Wednesday last.

VERMONT.—This State voted on yesterday. The vote for the past four years has been as follows:

Years.	*Total vote.*	*Rep. maj.*
1864	55,740	20,098
1865	36,436	18,729
1866	45,412	23,827
1867	43,326	20,184

The New York *Sun* (Radical) states that a month ago betting on the Presidential election was two to one in favor of Grant. Since then Seymour stock has advanced to par, and within the past week it is a large premium.

STATE DEBT.

MESSRS. EDITORS:—I hear that the unclean birds, which lately roosted in the Capitol, at Raleigh, amid other filth produced by them, created an additional debt for our State of about ten millions of dollars.

Before they met, the debt of North Carolina, not counting our war debt, was about eighteen millions. Add the present ten, and we have twenty-eight millions. The share of North Carolina of the national debt is about seventy millions. This supposes the national debt to be two and a half billions, whereas, when finally adjusted, it will be double that sum. Add, and you have *ninety-eight millions*. The counties owe at least two millions, besides their war obligations. Here we have a smooth hundred millions honestly due by North Carolina.

Now, people of the State, do not deceive yourselves by false reasoning about the above debt. You owe your part of the national debt and you are just beginning to be forced into the payment of a part of the interest on it. One hundred millions is the cost dollar, and no squirming or twisting can evade the fact. Even John Pool can't do it. So much for our debt.

Now for our assets. The real estate of North Carolina, before the war, was appraised up to about one hundred millions. I submit it to every honest man, whether it is now equal to forty millions. Could it be sold, even on a credit, for more? But say fifty millions for our land. The personal estate cannot possibly be over forty millions, counting horses, mules, sheep, chickens, ducks, turkeys, &c. No one will dispute this. Add and we have ninety millions.

With the foregoing *data*, even the women, children and negroes can figure the result:

Indebtedness one hundred millions. Let the auctioneer begin at the lower end of Currituck and sell everything to the furthest edge of Cherokee, on the most liberal credit, and when he gets through, the account of sales will look to millions at least of paying *what we are*. Yes, what every man owes! *What has the whole estate been assigned to pay?*

File a petition in the Bankrupt Court for the State, and let her make that unheard of thing, now a days, an honest surrender, and let the Bankrupt officers, instead of gathering up the whole assets as usual, work for nothing and the poor old State, or its honest creditors in the State, would pick up crumbs in the dollar of *being worth anything!*

And, by the way, in North Carolina, (oh please, and she be owes not a cent of private debt, and has an estate of one thousand millions. He is broke to the extent—at least one hundred millions, and he says we've got to Bankruptcy at once. The result, long wanted and aimed at, is reached. Spite, malignity and meanness, aimed by Holden and his Albion set, have produced the Galloway result, to wit: That the richest state in North Carolina is he who has no thing but lives!!

A Judge Pomeroy seems to be the newspaper head centre of the no negro'ic. I would like to see him talk around this ten million outlay. Do not say, fellow-men, that the work of the people will generate the wealth to pay the debt. Delude not yourself in that way, for the interest on the debt of one hundred millions, with the cost of keeping it floated, will be no less than ten millions a year, and the working people of the State cannot support themselves and pay that. Each year that passes will make the debt larger.

The best possible thing for men, who are fancying that they own something, is to sell out, touch bottom, and then be perfectly certain never to own any thing else. No wonder that certain men sold themselves to the negroes for office. The income of an office is good to get a breakfast with. The landholder is mistaken in supposing himself an honest, independent fellow. He is a swindler—every monthful that he eats of the produce of his farm and labor.

Ten millions—one fourth of our real estate—gone at a dash. One fourth of every man's land in the State voted away! This by a body of men who *knew* that the intelligent men of the State and the property holders of the State were not allowed to vote in the election! And here I perform a sad duty. These ten millions of state bonds, when issued, will carry on their face the great seal of the State, which, in the wrong language of Mr. Moore, of Raleigh, covers in contract the private seal of every man in the State. It is, therefore, an instance of rank forgery, for the present bogus concern to make the bonds appear to be what they are known not to be, for not less than fifteen thousand people, the most intelligent, the wealthiest and best men of the State, were not allowed to vote in the election.

And, now, finally, Messrs. Editors, for one, I will not sit still and let men buy these new bonds, which are an outrage and a swindle upon the public. They are not binding on our people. The State is not able to pay them. I proclaim it to the capitalists, everywhere, that they will lose every dollar that they put into these bogus bonds. To the holders of the old bonds, I will say that this creation of new bogus bonds is destructive to you. I own not a dollar of bonds of any kind. But if these ten millions go in and get mixed with your bonds, I tell you now *that your bonds are not worth a cent*. To the United States government, I will say, that the bogus concern at Raleigh have struck a heavy blow at the debt which North Carolina, as a partner with the other States, owes. To the other States, I say, your partner, North Carolina, has disabled herself from performing her contract. And to the whole country I regret to say, that, if this ten million debt is to be added to what our poor people already owe, and the interest of which it nearly starves them to pay, then the great seal of North Carolina, as is already the case with everything else sacred in the State, will be trampled and trod upon by ancient birds and beasts.

TO LAND OWNERS.

HAVING BEEN APPOINTED, BY THE AMERICAN AGRICULTURAL AND MINERAL LAND COMPANY, Agent for all that part of North Carolina lying east of and including Catawba County, I am authorized to say, to any person or persons having 2,000 acres in one body, partially cleared and near a Rail Road that if they will agree to subdivide their lands at the expense of the Company the Company will purchase alternate lots at their assessed value for taxation or so ascertained by two disinterested parties, paying for the same in the Company's stock—the Company obligating itself to place a white settler on every 200 acres, so acquired, within three years, or, failing to do so, such land unsettled to revert to the original owner; the owner to retain possession until the land is settled.

The object of this system is to bring into the State an industrious and thrifty population and to enhance the value of our lands. It has been adopted in other states and is said to be working finely.

The Business of this Company is exclusively confined to the Insurance of First Class, healthy lives.

The Distinctive Feature

Of the STOCK system of Life Insurance, as opposed to the Mutual, is a low rate of premium, for stated sums insured, which is invariable, under the contract, in lieu of a high rate of premium and promised dividend, which is distant, contingent and uncertain; this so-called dividend being merely a return of a portion of the excessive and unnecessary premium charged in the first instance.

☞ The premiums charged by the "UNIVERSAL" are nearly *one-third* lower than those charged by the Mutual Companies.

The UNIVERSAL desires to call the particular attention of Agents and others to the new "Return Premium Table" which has been prepared by the Actuary of the Company. It will be noticed that these Rates average less than the ordinary rates charged by Mutuals. The inducements offered by this table are equal to a reversionary dividend of one hundred per cent. of all premiums paid.

DESCRIPTION OF POLICIES.

First.—Whole Life Policies.

Second.—Endowment Policies, for terms of ten, fifteen, twenty, twenty-five, thirty, and thirty-five years.

AGES.

Insurance will be granted at all ages from fifteen to sixty years.

PREMIUMS.

Premiums are payable annually during the continuance of the insurance, or annually during a period of five, ten, fifteen, or twenty years within the insurance term; or by single payment.

DIVIDENDS.

All Whole Life and Endowment Policies, issued at the published rates, will participate in the surplus from the date of issue.

The dividends will be declared and paid annually upon the contribution plan, and may be applied as the assured shall elect, either to reduce future premiums, or to increase the Cash Value of the Policy.

If no election be made, the dividends will always be added to the Cash Values.

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a percentage of said sum, and *paid in cash*, and upon surrender of said Policy the sum insured thereby, will be paid in *full*, without regard to the time fixed therein for its payment.

This system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death—unless he shall have previously received full payment of the Policy.

Dividends on paid-up Policies—that is, Policies which require no further payment of premium to continue them in force for the original amount of insurance—will be paid in cash upon demand.

NON FORFEITURE RULES.

No Whole Life or Endowment Policy, on which two or more annual cash premiums have been paid, shall be forfeited by failure to make further payments, as stipulated therein, but will continue in force for the full amount which the Cash Value and dividends then accumulated, will purchase, taken as a single net premium upon the "Actuaries" rate of mortality and four per cent. interest; and the amount continued in force will generally exceed the aggregate of the payments actually made, extra charges excepted.

No Whole Life or Endowment Policy shall be forfeited by an exposure of the assured life in violation of the conditions expressed therein, unless death shall occur under or in consequence of such exposure, when the full Cash Value of the Policy, together with all accumulations from dividends, will be paid upon its surrender.

INCREASE OF INSURANCE.

Applications to increase the sum insured on any life will always be considered as applications for new insurance and, therefore, no increase of insurance will be granted unless the unimpaired condition of the assured life shall have been proved by medical re-examination.
